# Biography of the Company's Founder

Chukiat Utakapan was born to Khun Rat and Khun Rarieb Utakapan on 10 May 1942 in Rueso, Changwat Narathiwat, in a family of six children. Following his Matthayom 8 graduation from Mahavajiravudh Songkhla School, he continued his tertiary education at the Faculty of Arts, Chulalongkorn University. He began his working life at the Tourism Promotion Organization of Thailand before moving on to take up the post of a proofreader at Thai Wattana Panich Company Limited where he was subsequently promoted to take charge of "Wittayasarn", the teachers' journal, as its Managing Editor.

Khun Chukiat eventually turned his attention to public relations and decided to work for the National Housing Authority (NHA). Unawares to him, the job served as a stepping stone for his publishing future. "Baan" was his maiden magazine, a publication designed as an educational tool and a manual to prepare homebuyers who were about to move into the property developed by the NHA at a time the country was struggling with housing insufficiency.

Having discovered that he was not cut out for civil services and with enough acquired knowledge, he resigned from the NHA and put together a team of friends and employees to set up "Warasarn Baan Lae Suan Partnership Limited" to publish a house and garden magazine titled "Baan Lae Suan". In September 1976, the first issue of "Baan Lae Suan" hit the market. Since then, Khun Chukiat had put his experiences and knowledge to good use, turning a modest outfit into a major force in the publishing industry, Amarin Printing and Publishing Public Company Limited".

In "Ma-reng Khuen Samong" book, Khun Chukiat discussed his working principles saying:

"The Amarin business has been growing consistently. People thought I was visionary. That's not true. I believe I have more mindfulness. I had average intelligence. This was indicated since my secondary education when every year the report book was returned with the teacher's remark stating 'average intelligence'. In business, mindfulness is more important than intelligence. If you let intelligence lead, you could get out of control. So, let mindfulness lead! Or at least use your mindfulness to regulate your intelligence. Be conscious of your own limitations; don't get senselessly greedy. Carry out what you have thought out mindfully with perseverance. Don't ever give in and life will be happy, success will follow. Yet, success doesn't have to be absolute; you don't have to be overly successful so there are lessons for you to learn. There are countless failures in my life but people tend to overlook them, preferring to pay attention only to success".

Khun Chukiat Utakapan passed away peacefully on 10 December 2002, aged 60 years old and 7 months. It was over 19 years since that sad day. But Khun Chukiat has left a lasting legacy of mindfulness and intelligence to generations of Amarin staff who continue to live his educational intent in the House called:

"Amarin Corporations Public Company Limited".

# **Company Profile**

In the beginning, it was a modest editorial team of an ensemble of friends and a few employees that Khun Chukiat Utakapan put together to set up Warasarn Baan Lae Suan Partnership Limited in fulfillment of his dream to primarily publish a magazine called "Baan Lae Suan", with the first issue hitting the magazine rack in September 1976. At the time, it had to outsource its publication to external printing houses. Amarin Printing Partnership Limited was only founded later to print its own magazines and subsequently made its printing services to external printing orders.

Albeit a small staff, the genesis was a giant step that made it possible for business expansion. Fund mobilization soon became inevitable and the small printing and publishing outfit was listed as a public company in the Stock Exchange of Thailand in 1993; it was then renamed: "Amarin Printing and Publishing Public Company Limited".

That same year, the Company expanded its business into distribution through the newly established Amarin Book Center Co., Ltd. which handles its entire range of publications. At the same time, "Naiin Bookstore" was set up separately as the Company's own retail outlets. From a few reader groups, its readership has grown both in size and diversity. The Company responded by producing other magazines to meet the readers' varied interests with "Praew" and "Sudsapda" being the magazines for women that emerged to meet market demands. Today, the Company boasts a total of 4 titles in its magazine portfolio and publishes hundreds of book titles a year as it offers printing services and expands the business to other areas.

Today, Amarin Group has become an Omni-Media, Omni-Channel firm with its businesses covering On Print, Online, On Air, On Ground, and On Shop platforms to be consistent with business operations diverse and comprehensive. In May 2023, the name was changed to "Amarin Corporations Public Company Limited".

Operations in each media channel has also pursued constant development, in line with its founder's aspiration, to achieve the goal of delivering precious experiences to every stage of people's lives "for a happy and prosperous society".

# Message from **Chairman**

## Dear Shareholders of Amarin Corporations Public Company Limited

Although Thai economy has rebounded and more of economic activities have resumed in the post-pandemic period, Thailand faced several negative factors in 2023 because of the world's volatile economy. Geopolitical conflicts pushed up energy prices, which in turn significantly raised production costs and inflation rate. The business sector thus postponed or curbed expenses, especially those related to media buying. The Company's digital TV business, as a result, was affected. Both its revenue and profit dropped. Amarin Group, however, has made solid efforts to deal with volatility and negative factors. In 2023, the Company expanded its events business. The number of fair days organized by the Company thus soared to the highest since its establishment. The Company's events business also expanded to concerts for the first time in 2023. With business expansion, restructuring, and expenditure control, the Company achieved greater agility and efficiency.

#### 2023 Operating Results

The Company's had the total revenue Baht 1,657.07 million in 2023, up by 18.81 percent from 2022. Its net profit totaled Baht 112.07 million or went up by 12.88 percent from the previous year. The earning per share in 2023 was 0.11 Baht.

The consolidated financial statement recorded the total revenue of Baht 4,288.83 million, marking a slight increase of 0.34 percent from 2022. Meanwhile, net

profit of Baht 290.49 million in 2023, reduced by 38.76 percent from the previous year. The earning per share in 2023 was 0.29 Baht.

#### 2023 Business Operations

During the past year, the Company's key business operations were as follows:

Printing and Packaging Business upgraded its production standards to the highest level. Therefore, it received warm response from customers. Its offset printing for food packaging has already obtained certifications based on Good Hygiene Practices and Hazard Analysis and Critical Control Point System (GHPs & HACCP).

Publishing Business developed its content in response to readers' needs so as to continuously create good reading experience for its customers. It has published books and e-books more than 800 book titles of each year, released more than 100 chapter books annually and expanded audiobooks. Amarin's publishing houses earned higher revenue.

Media and Event Business underwent a restructuring to ensure its workforce's greater agility and higher efficiency and also to upgrade its business operations further. It continued to publish magazines and upload their content onto websites and various social-media platforms. Regarding fairs and events, operations expanded to cover music events as well as concerts

by leveraging the Company's existing strong brands namely Baan Lae Suan and Sudsapda. The events business achieved the biggest growth rate ever in 2023.

Digital TV Business faced much challenge from dwindling advertising spending. However, the Company has placed a strong emphasis on content development based on "Real Life Entertainment" concept and pursued the goal of ensuring that viewers will receive something that can apply to their daily life. News programs are Digital TV Business' key content. Equipped with a virtual system, its news presentations have a touch of novelty and are different from competitors'. The Real Next Gen show, which was in the form of contests seeking new news announcers/Master of Ceremonies, was also produced to recruit new members as Digital TV Business sought to answer the needs of all viewer groups.

**Distribution Business** conducted book-retailing business via its "Naiin shops". Currently, there are 109 Naiin outlets. The Company has proactively responded to consumers' changing behaviors and adjusted its business strategy by increasing revenue generation of its www.naiin.com and Naiin Application, which sells

e-books and supports e-book reading. Moreover, it has developed a new online platform www.mareads. com for chapter books. Therefore, the portfolio has become more diversified and covered all target groups.

The Company's pride lies not with just its business progress but also its "five-star rating" from the Institute of Directors' (IOD) Corporate Governance Report of Thai Listed Company 2023. The Company has won such impressive rating for two consecutive years already, reflecting its commitment to stakeholders, transparency, and the principle of good governance.

On behalf of Amarin Corporations Public Company Limited's Board of Directors, I would like to thank shareholders, suppliers, business partners, government agencies and all relevant parties for their constant support. I also would like to express my appreciation for all executives and employees for working to the fullest of their abilities and enabling the Company to deliver good operating results. I would like to assure you that the Company shall continue to operate its businesses with good governance as well as responsibility for social, environment and stakeholders, to lead the company in pursuit of its sustainable growth.

(Dr. Sumet Tantivejkul)

Chairman

## Message from

# **Chairman of the Executive Committee**

# Dear Shareholders of Amarin Corporations Public Company Limited

Amarin Group found 2023 a challenging year. In the face of volatile global economy, geopolitical challenges, and rising energy and financial costs, the business sector postponed or curbed its expenses especially in regard to advertising spending with direct impacts on the group's Digital TV Business. However, Amarin Group improved its cost management efficiency to mitigate impacts, strengthened its brands, and expanded businesses from its core operations. A variety of products were developed in response to customers' needs as the group became a multimedia conglomerate. During the past year, Amarin Group also added many more events to its portfolio with the introduction of musical events or concerts under "Sudsapda Entertainment" and "Baan Lae Suan Concert Series" in pursuit of the goal of efficiently and professionally organizing fairs/events that fulfill customers' needs.

On 2023 operating results, Amarin Group had the total revenue of Baht 4,288.83 million – up by 0.34 percent from the previous year. Its net profit was 290.49 million baht, down by 38.76 percent from a year earlier, with earnings per share at 0.29 baht mainly because of a drop in advertising revenue on the parts of Digital TV and online media as well as the hike in corporate income tax. Amarin Group had already used up all its tax loss carry forward in 2022.

Not only that Amarin Group has improved its operations and expanded its businesses, but it has

also attached importance to social responsibility. Such emphasis is reflected through many initiatives including "Praew Charity". Launched in 2003, Praew Charity has raised funds from readers to deliver help to the poor, women, children, and animals in need, as well as the environment. To date, Praew Charity also serves as a medium for delivering assistance to various public charity organizations and has already given more than Baht 49 million in donations to 58 charity organizations. In 2023, Praew Magazine celebrated its 44<sup>th</sup> anniversary by donating money to the People Eye Care Foundation and the Mettapracharak Hospital Foundation to help impoverished people with eye problems.

Guided by its commitment to building a sustainable society, Amarin Group has implemented "Amarin Volunteer" project with the aim to support and help society in various aspects in line with sustainable development concept. The implementation resonates with the group's "Working for Public Happiness and Prosperity" mission. The "One Heart towards New Life" project was implemented through the group's collaboration with business partners to raise funds for infants suffering from critical congenital heart disease. The fund-raising activities were in the form of a musical campaign. A total of Baht 50 million from the campaign went to the Children's Hospital Foundation by the Queen Sirikit National Institute of Child Health for infants' surgery and treatment for their full recovery.

Also, Amarin Group has always paid serious attention to the improvement of employees' quality of life and environment in its neighboring communities. It has dedicatedly pursued resource efficiency so as to ease global warming by opting for eco-friendly materials and complying with, as evidenced by certifications, international standards.

On behalf of the Executive Committee, I would like to thank the Board of Directors, the Management, and all employees for their commitment and devotion to their duties. My thanks also go to shareholders, customers, suppliers, business partners, the government and all parties concerned for their constant and solid support. I do hope that you all will continue to support Amarin Group so that it can solidly grow further and continue to generate long-term returns for shareholders.

Sam Siones

(Mr. Thapana Sirivadhanabhakdi)

Chairman of the Executive Committee

# Report of the **Audit Committee**

## Dear Shareholders of Amarin Corporations Public Company Limited

The Audit Committee of Amarin Corporations Public Company Limited ("Company") comprises three independent directors, all of whom being appointed at the Company's general shareholder meeting and/or the Board of Directors' meeting. All Audit Committee members have a three-year tenure. They also have all qualifications required by the Audit Committee Charter, which complies with guidelines issued by the Securities and Exchange Commission and the Stock Exchange of Thailand.

In 2023, the Audit Committee convened five meetings. Following each meeting, the Audit Committee reported meeting results to the Board of Executive Directors. Meeting attendance of each Audit Committee member was as follows:

#### Associate Professor Dr. Somchai Phagaphasvivat

 Chairman of the Audit Committee, attended all of the five meetings;

#### Professor Dr. Nantawat Boramanand

 Member of the Audit Committee, attended all of the five meetings.

#### Mr. Suwit Chindasanguan

 Member of the Audit Committee, attended all of the five meetings; and

For each meeting, the Audit Committee invited executive directors, high-level executives, and relevant figures to provide information related to meeting agendas so as to increase the efficiency and effectiveness of its audits and reviews. The Audit Commitee also convened one meeting with the Auditor, without the presence of the Management, for independent discussions on key topics related to the preparations of financial statements, opinions, and also the work scope, plans, and annual audit guidelines for the Auditor. In addition, the Audit Committee had meetings with the Management, without the presence of internal-audit units, for the goal of reviewing the operation and quality of these units. The Audit Committee's work can be summarized as follows:

## Reviewing the accuracy of the Company's financial statements and the adequacy of its data disclosure

The Audit Committee reviewed key information of quarterly and annual financial statements 2023 of the Company and its subsidiaries, key issues related to accounting policies, unusual and important transactions, opinions of the Auditor and the Internal Auditor, and the disclosure of information in the Notes to the Company and its subsidiaries' financial statements that are audited and certified by the Auditor. The review process included meetings with executives who were in charge of finance and accounting, the Internal Auditor, and the Auditor so that the Audit Committee could listen to their explanations prior to giving any approval. The reviewed items were

presented to the Board of Directors for further approval on a quarterly basis, or the financial statements for the year ending on 31 December 2023 submitted to the Board of Directors for approval before their presentation to an ordinary shareholders' meeting for endorsement.

The Audit Committee agreed with the Auditor's opinion that internal-control systems were good enough to provide assurances that the Company and its subsidiaries' financial statements had been prepared in accordance with generally-accepted accounting principles and had contained adequate, timely, and significant information on the Company's financial position and operating results that were useful to shareholders, investors, and financial-statement users.

#### ☑ Reviewing Internal-control System

The Audit Committee reviewed the adequacy of internal-control system based on the Internal Audit Department's reports under approved work plan, which were in line with the Report of the Auditor. According to the Auditor, there is neither material weak point/flaw nor special remark on the Company's financial statements or internal control.

In 2023, the Audit Committee had the opinion that the Company's internal control system was adequately appropriate and efficient for its current business operations. The committee did not find any issue that might materially affect the Company's operations.

#### ☑ Reviewing the Company's Internal Audit

The Audit Committee assessed the Internal Audit Unit's effectiveness by reviewing its mission, scope of work, job responsibilities, independence, workforce, and budget. Also, the committee reviewed the Internal Audit Charter to ensure it was appropriate, up-to-date, and in accordance with the Stock Exchange of Thailand's Internal Audit Guidelines. In addition, the Audit Committee supervised internal audits to ensure their effectiveness by approving the annual audit plan and following up with implementation on a quarterly basis.

It supported internal-audit quality improvement too by encouraging internal-audit staff to attend training courses that would enrich their work-related knowledge and skills for greater work efficiency.

The Audit Committee had the opinion that the Company's internal audits in 2023 were adequate, appropriate and effective; that the Company had continuously raised audit quality in terms of both personnel and compliance with international standards; and that the Internal Audit Department had fulfilled its objectives.

# ☑ Reviewing the Company's Compliance with Applicable Laws, Regulations and Policies

The Audit Committee conducted audits and supervision to ensure the Company's and its subsidiaries' compliance with regulations, policies, laws on securities and stock market, requirements of the Securities and Exchange Commission as well as the Stock Exchange of Thailand, and also other applicable laws.

The Audit Committee did not detect any indicator suggestive of non-compliance with and/or violations against laws, regulations, policies or requirements set by relevant authorities, which include personal data protection law and the Company's Corporate Governance Policy as well as Business Code of Conduct.

#### ☑ Reviewing Corporate Governance

The Audit Committee reviewed the Company's corporate governance so as to ensure that the Company and its subsidiaries had in place the process to uphold good, appropriate, and effective corporate governance. The committee's scope of duty and responsibility is in line with CG Code. Also, the Company and its subsidiaries have prepared channels to accept complaints from employees, customers, and stakeholders about corruption, misbehaviors, and unethical practices. The Company has also clearly specified which units shall handle such complaints for transparent and proper handling, with appropriate protection measures in place for whistleblowers.

The Audit Committee had the opinion that the Company and its subsidiaries had improved their corporate governance on the continued basis as it pursued greater work efficiency and strived to boost the confidence of all groups of stakeholders.

#### Acknowledging Risk Management

The Sustainability and Risk Management Committee presented the report on risk management policy, work plans, and guidelines to manage risks that may affect the Company's operations namely legal and regulatory risks, financial risks, corporate risks, strategic risks, operational and human resource risks, market risks, ESG risks, and emerging risks for the Audit Committee to acknowledge at the Audit Committee's meeting No. 5/2023.

## Auditing and Issuing Opinions on Connected Transactions, Transactions with Potential Conflict of Interest, Material Transactions, and Data Disclosure

The Audit Committee reviewed the appropriateness of methods used in conducting connected transactions and material transactions in year. These transactions were included as agendas at the Audit Committee's meetings. Also, the Audit Committee through reviews ensured the disclosure of complete and accurate data that complied with the Office of Securities and Exchange Commission and the Stock Exchange of Thailand.

The Audit Committee had the opinions that transactions done in 2023 were reasonable and in the best interest of the Company's operations, and that data was disclosed completely and accurately.

## Selecting, Nominating, and Proposing Remuneration for the Auditor by Making the Recommendation to the Board of Directors Prior to Seeking Approval from the Company's Ordinary Shareholders Meeting

The Audit Committee selected the Auditor in 2023 based on independence, audit profile, skills, abilities, experiences as well as the reasonableness of audit fee.

# ☑ Reviewing and Revising the Audit Committee Charter

The Audit Committee has reviewed and revised the Audit Committee Charter every year so as to ensure it is still in line with announcements and guidelines issued by not just the Securities Exchange Commission, but also the Stock Exchange of Thailand. The Audit Committee has fully carried out its duty based on the charter, which was approved by the Board of Directors, and constantly used knowledge, abilities, and independence in forming opinions and recommendations to facilitate the works of the Management and directors.

In summary, the Audit Committee fully and independently fulfilled its duty in accordance with the Audit Charter as assigned by the Board of Directors in 2023. The Audit Committee had the opinion that the Company's corporate governance, internal-control system and internal audit were appropriate, efficient, adequate; that the Company's operations were done in the best interest of shareholders fairly and equally, free from any conflict of interest; and that executives had honestly carried out their duty.

27 1.5

(Associate Professor Dr. Somchai Phagaphasvivat)

Chairman of the Audit Committee

## Report of the

# **Sustainability and Risk Management Committee**

### Dear Shareholders of Amarin Corporations Public Company Limited

In 2023, the Sustainability and Risk Management Committee that comprised four of the Company's directors convened two meetings. Attendance of each committee member was shown below:

#### Professor Dr. Nantawat Boramanand

 Chairman of the Sustainability and Risk Management Committee, attended all two meetings.

#### Associate Professor Dr. Somchai Phagaphasvivat

 Member of the Sustainability and Risk Management Committee, attended all two meetings.

#### Mr. Khumpol Poonsonee

 Member of the Sustainability and Risk Management Committee, attended all two meetings.

#### Mrs. Rarin Utakapan Punjarungroj\*

 Member of the Sustainability and Risk Management Committee, attended one of the two meetings.

Note \* Resigning from the posts of a member and the secretary of the Sustainability and Risk Management Committee on 17 October 2023

The Sustainability and Risk Management Committee has the duty to formulate organization-wide strategies, policies, and goals of risk management, and also to provide the guidelines of risk management that are efficient and in the same direction. The work of

the committee in the past year can be summarized as follows:

- Considering sustainability policies and work plans that resonate with business operations and cover environmental, social, and governance aspects;
- Monitoring and pushing for the implementation of sustainability work plan, supporting and monitoring AMARIN Group's sustainability performance; and recommending sustainability guidelines to the Company to ensure compliance with best practices and international standards;
- Considering organization-wide risk-management policies, strategies, and goals so as to provide the guidelines of risk management that are efficient and in the same direction;
- Reviewing risk management plan to ensure its appropriateness and assessing risks that might affect the Company's operations to pave the way for acceptable risk appetite and prevent future risks; and
- Monitoring and making recommendations on the management of risks that directly affected the Company's business operations namely compliance risks, financial risks, enterprise risks, strategic risks, management risks and environmental, social and governance risks

(ESG risks); cooperating with the Management in planning the reduction of risks that might cause damage; and drawing up response plans for emergencies.

- Reviewing the Charter of the Sustainability and Risk Management Committee to ensure clarity and implementing work based on the charter; and
- Formulating development policies and work plans.

The Sustainability and Risk Management Committee had the opinion that in 2023, the Company and its subsidiaries had adequate and appropriate risk management system, and they had managed and monitored risks that could emerge, thus paving way for efficient and sustainable operations.

4.1.4.1

(Professor Dr. Nantawat Boramanand)

Chairman of the Sustainability
and Risk Management Committee

### Report of the

# **Corporate Governance Committee**

#### Dear Shareholders of

#### Amarin Corporations Public Company Limited

In 2023, the Corporate Governance Committee convened three meetings and reported its meeting results to the Board of Directors after every of these meetings. Members of the committee, which included independent directors, were listed below and so was their meeting attendance. Summary of the Corporate Governance Committee's performance in the past fiscal year was as follows:

#### Mr. Suwit Chindasanguan

 Chairman of the Corporate Governance Committee, attended all of the three meetings.

#### Mr. Pramoad Phornprapha

 Member of the Corporate Governance Committee, attended all of the three meetings.

#### Mr. Nararat Limnararat

 Member of the Corporate Governance Committee, attended all of the three meetings.

#### Mrs. Metta Utakapan\*

 Member of the Corporate Governance Committee, attended all of the three meetings.

**Note\*** Resigning from the posts of a member of the Corporate Governance on 17 October 2023

In addition to convening its meetings, the Corporate Governance Committee also arranged for a meeting of independent directors and non-executive directors without the presence of any executive director or executive of Amarin Corporations Public Company Limited and its subsidiaries - in accordance with the Stock Exchange of Thailand's good governance principles. This meeting was held for participants to exchange information on the Management's performance, acknowledge problems / obstacles, and approve their independence. Results of the meeting were summarized and presented, along with recommendations, to the Board of Directors.

The Corporate Governance Committee is committed to supervising the Company's business operations on the bases of transparency, good corporate governance, and responsibility to stakeholders, society, and the environment. In 2023, the Company strictly complied with all applicable laws related to its business operations. It also reviewed and revised its Corporate Governance Policy, Code of Conduct, and charters of its Board of Directors and all subcommittees in line with corporate governance principles on a regular basis. As the Company has continuously carried out its operations with determination and dedication under the guidance of the Corporate Governance Committee, its development or self-improvement has been publicly recognized. "The Corporate Governance Report for Thai Listed Companies (CGR) 2023" by the Thai Institute of Directors (IOD) shows the Company has won "Excellent Rating" for two consecutive years. It has also received full marks for annual general meeting of shareholders' quality for six years in a row. In 2023, the Corporate Governance Committee's key performance was as follows:

- Monitoring laws, regulations, notifications, and rules issued or amended in 2023, including personal data protection law, and made recommendations for the management and relevant departments to ensure their compliance. For example, the committee monitored proposed changes to the Office of Securities and Exchange Commission's (SEC) and the Stock Exchange of Thailand's (SET) egulations on material transactions and related party transactions / connected transactions.
- Reviewing and revising the Corporate Governance
   Policy based on the Corporate Governance Code
   for Listed companies 2017 ("CG Code"). In addition,
   the committee recommended that the Company's
   56-1 One Report disclose alternative measures
   used by the Company's Group in its business
   context where full compliance with CG Code was
   not possible.
- Monitoring to ensure that directors, executives, and employees complied with the Company's Corporate Governance Policy and Code of Conduct. For example, the Corporate Governance Committee required them to update their shareholding percentage and status of interest/conflict of interest every year. Moreover, the Corporate Governance Committee followed up to ensure key guidelines related to Corporate Governance Policy, Code of Conduct, and Anti-Corruption Policy be communicated to executives and employees on a regular basis for full understanding and strict compliance; Including, issue the policy for the Human Resources Department to integrate this topic into the orientation of the Company's new employees. The department was required to report implementation results to the Corporate Governance Committee's meetings too.
- Via supervision, ensured that corporate governance performance was disclosed in the 56-1 One Report based on the new criteria of the IOD's "CGR Project", which became effective in 2023, so as to underline the Company's commitment to good corporate governance.

- Evaluating the performance of the Board of Directors and all subcommittees on both as-a-whole and individual basis in 2023 and reported results to the Board of Directors. The evaluation results were also shown in 56-1 One Report. Not only that these results were used as a framework for the audit of the Board's and subcommittees' performance in support of efforts to improve the Board's performance, but they also set standards for the Board's performance.
- Supporting minor shareholders' rights. It also ensured their equal treatment by enabling them to nominate candidates to the posts of directors, propose agendas for general meetings of shareholders, and submit questions to be raised at the Annual General Meeting of Shareholders 2024. Through supervision, the committee ensured material information was disclosed to shareholders in accordance with regulators' requirements via the SET news platform as well as the Company's website, which offered equal access to all shareholders.
- Reviewing and improving the Charter of the Corporate Governance Committee as well as the charters of all subcommittees that will take effect in 2023 as assurances that all charters comply with the Office of SEC Corporate Governance Code and IOD recommendations.

Amarin Corporations Public Company Limited attached importance to enterprise-wide systematic business operations, tangible corporate governance, and business sustainability with a strong emphasis on integrity, transparency, and accountability. Thanks to cooperation from directors, executives and employees, such focus was achieved in the best interest of the Company and its shareholders and with considerations for stakeholders, society, and the environment.

Mos ammo-.

(Mr. Suwit Chindasanguan)
Chairman of the Corporate Governance Committee

### Report of the

# **Nomination and Remuneration Committee**

#### Dear Shareholders of

#### Amarin Corporations Public Company Limited,

In 2023, the Nomination and Remuneration Committee convened three meetings to screen candidates for director nomination and review remuneration of the Company's directors and senior executives. Meeting attendance by each of the committee's members is as follows:

#### Mr. Pramoad Phornprapha

 Chairman of the Nomination and Remuneration Committee, attended all of the three meetings.

#### Mr. Suwit Chindasanguan

 Member of the Nomination and Remuneration Committee,
 attended all of the three meetings.

#### Mr. Nararat Limnararat

 Member of the Nomination and Remuneration Committee, attended all of the three meetings.

#### Mrs. Rarin Utakapan Punjarungroj\*

 Member of the Nomination and Remuneration Committee,
 attended one of the three meetings.

Note\* Resigning from the posts in member and the secretary of the Nomination and Remuneration and member of all subcommittees as well as on 17 October 2023.

The Nomination and Remuneration Committee carried out its duty as assigned by the Board of Directors in accordance with corporate governance principles

for the best interests of the Company and all groups of its stakeholders. The key work of the Nomination and Remuneration Committee in 2023 can be summarized as follows:

- Peviewing candidates to be nominated to the posts of directors at the Annual General Meeting of Shareholders 2023 and offered shareholders an opportunity to nominate candidates too. However, no shareholder suggested any candidate to the Company within the deadline. The Nomination and Remuneration Committee, as a result, proposed that directors who just completed their tenure be given another term because they were qualified for the posts in line with applicable laws and regulations, had proper competence, skills, knowledge, abilities and experience, as well as already demonstrated their performance as directors. The Board of Directors and the general meeting of shareholders approved the proposal.
- Considering the remuneration of directors and committee members in 2023 and decided to set remuneration budget at 7,000,000 baht, which was equivalent to the 2022 budget. Taken into account were their job responsibilities, the Company's operating results, relevant factors and the remuneration given by listed companies having the same size in the same industry.

- Considering ominating qualified, knowledgeable, and capable persons to the posts of directors vacated by resignations. During 2023, three candidates were nominated and appointed. Two more nominated candidates started their term as directors on 1 January 2024. Of these five new directors, three are independent directors. Their presence in the Board of Directors means 7 out of the Company's 12 directors are now independent directors. In other words, more than half of the Company's directors are independent directors.
- Considering and nominating the candidate for the post of the President that was vacated through a resignation.
- Considering and proposed the appointments of subcommittee members to fill posts vacated through resignations. Some subcommittees have also been restructured to accommodate the Company's business operations in the future. The restructuring has applied to the Audit Committee, the Sustainability and Risk Management Committee, the Corporate Governance Committee, and the Executive Committee.
- Reviewing charters to ensure that they were appropriate, resonated with current context, and complied with corporate governance principles.

(Mr. Pramoad Phornprapha)

Chairman of the Nomination and Remuneration Committee

# Report on Board of Directors'

# **Responsibility for Financial Statements**

### Dear Shareholders of Amarin Corporations Public Company Limited

The Board of Directors is aware of its duty and responsibility as the board of directors of a listed company in the Stock Exchange of Thailand (SET). The Board of Directors is responsible for the financial statements of the Company and its subsidiaries, as well as all financial data and information shown in 56-1 One Report. The separate and consolidated financial statements of Amarin Corporations Public Company Limited and subsidiaries were prepared in accordance with financial reporting standards. The preparations took into account appropriate accounting policies and consistently complied with them. Judgements were exercised carefully. Estimations were reasonable. The disclosure of key data in Notes to Financial Statements was adequate, transparent, and useful to both shareholders and general investors.

The Board of Directors sought to ensure that good corporate governance was in place and to maintain risk-management and internal control system as assurances that accounting records were accurate and complete, and displayed material factual data with timeliness and adequacy needed to protect assets and prevent corruption or material irregularities.

The Board of Directors set up the Audit Committee, which comprises independent directors, and assigned it to review the reliability and accuracy of financial statements, check the efficiency and effectiveness of internal control process, and ensure the efficiency of internal audits. The Audit Committee already expressed its opinion on the issues in the report of the Audit Committee, which was included in this report.

In the opinion of the Board of Directors, the Company's internal control and internal audit systems provided assurances that the consolidated and separate financial statements of Amarin Corporations Public Company Limited and its subsidiaries during the fiscal year ending on 31 December 2023 presented their financial situation, operating results and cash flow with reasonable accuracy in all material aspects based on financial reporting standards. The Auditor (KPMG Phoomchai Audit Ltd.) audited the financial statements and already expressed its opinion on them, which appeared in this annual report as well.

# Businesses and Operating Results

### and Operations of AMARIN Group

#### 1.1 Policies and Business Overview

#### 1.1.1 Vision and Mission

To be a pride of Thais and to win acceptance across International for delivering experience and quality of life that breathe happiness and prosperity into society via a comprehensive range of creative knowledge and entertainment.

We work for the happiness and prosperity of society.

#### 1.1.2 Milestones in the Past Three Years

The Company has received five-star (excellent rating) from the Corporate Governance Report of Thai Listed Companies (CGR) evaluation for a period of 2 consecutive years 2022 - 2023, which 91 points and 96 points, respectively. Also, it has earned full marks from the Thai Investors Association's Annual General Meeting (AGM) of Shareholders Checklist evaluation for six years in a row.

On 31 December 2022, Amarin Book Center Co., Ltd. (ABOOK) – a subsidiary of the Company expanded Amarin Group's businesses by acquiring 25.10 percent of Dek-D Interactive Co., Ltd.'s (DDI) shares. It also plans to raise its shareholding percentage to 51 percent in 2024. DDI has operated an educational business, a content-service business that covers various platforms, and an advertising business that relies mainly on www.dek-d.com. It has extensive knowledge, experience and expertise in its fields on top of having a clear base of customers.

#### Media and Event Business

The Company has updated its magazines' content to keep pace with readers' needs while developing related online businesses to compensate for the shrinking popularity of traditional magazines in the face of consumers' changing behaviors. As consumers have now followed AMARIN Group's websites and social media for information, the Company focuses on Total Online Media Solution concept. Furthermore, the fair business has regularly organized fairs and new events and even offered event - organizing services to interested customers.

#### **Publishing Business**

Amarin's publishing houses published about 400 book titles each year. These books spanned across various categories in response to the diverse needs of readers of all genders and age groups. Three major categories were Entertainment, Lifelong Learning and Kids in total 17 publishing houses, now.

The Publishing Business seeks to ensure that its books cover all groups of readers. Therefore, it has continued to launch new publishing houses with some releasing books and some releasing just E-Books to accommodate new market segments which has been continue growing significantly. The Company has thus attached importance to the development and expansion of its E-Books, chapter books and audiobooks.

#### **Printing and Packaging Business**

The Company had operated a business to provide quality printing services, a packaging business, a full-scale creative business (The Creatia) and digital print business for the delivery of comprehensive content services. The focus had been on Print on Demand option. The Company's packaging business has already received certifications based on ISO 9001:2015, GMP (Good Manufacturing Practice) and HACCP (Hazard Analysis and Critical Control Point System) standards.

Additional, the Company was certified based on the Forest Stewardship Council (FSC) and planned to meet Brand Reputation through Compliance Global Standard (BRCGS), too.

#### **Publications & Digital Content Distribution Business**

Amarin Book Center Co., Ltd. (ABook) has comprehensively distributed various forms of publications with book retailing done via "Naiin" bookstores with more than 100 outlets.

ABook renovated Naiin outlets in accordance with social and environmental responsibility. The renovation thus mainly used eco-friendly paper and materials for

decorations. Moreover, it launched the Offline to Online (O2O) management system, Naiin Application was introduced as a channel to distribute E-Books and Text to Speech books. And a new website, www.mareads. com, also sprang into operation to serve chapter novels more than 100 titles to readers.

#### **Digital TV**

Amarin Television Co., Ltd. (AMTV), is Digital TV business and known as "Amarin TV 34HD", has constantly updated and improved its content. Its daily coverage of news and important events has been presented via news programs such as Arun Amarin News, Khao Thiang Amarin, and Tub Toh Kao. Its variety shows, meanwhile, reflect ways of life and offer something that viewers can apply to their lives. In this program category are those related to houses, food, tourism, community ways of life, weekend series that reflect society and give idea about current family life and sports programs. Amarin TV 34HD have also enjoyed higher viewership throughout the past three years, ranking in the top seven throughout the period. In addition, the channel developed and presented economic updates, business and investment reports, and international news via "SPOTLIGHT" program over its online platform so as to serve a variety of content to viewers.

Moreover, In addition, AMTV also presents its programs through the company's platforms, namely its website www.amarintv.com and 34HD application, and world-class platforms like YouTube, Facebook, and TikTok. Over a period of three years, there has been a rapid growth in followers and views' platforms. As the end of year 2023, AMTV has total number of followers on all online platforms of 45.7 million. AMTV put various programs on the various online platform in regularly to promote station programs and increase income-generating channels as well.

AMARIN Group has the policy to conduct its businesses with environmental community and social care. It has regularly carried out many projects for public benefits. For example, it has collaborated with network partners

in "Sending Knowledge, Creating Happiness" project to deliver books to schools across Thailand. The Praew Charity Project, and the Sudsapda Khon Lo Kho Tham Di to raise funds to help underprivileged groups in society, including the Amarin TV project, it is also a medium for supporting various products of communities across the country and is a medium for publicizing assistance in social activities under the Amarin TV channel.

In 2022, Amarin TV Channel 34HD has continuously added new programs such as "Khu Sa Pla Pai" program, "Ruam Duay Chuay Su" program, "Kin Thuai Mu Baan Ngan" program, etc., these new programs have received high goodwill from viewers.

# 1.1.3 Usage of fund from the offerings of equity and debt instruments

In Fiscal Year 2023, the Company did not offer to sell any equity or debt instrument.

# 1.1.4 Obligations pledged by the Company in the Securities Offering Form and / or under conditions for the Securities and Exchange Commission's approval (SEC) and / or under SEC conditions on securities acquisition

- None -

10,325	9,650	691

Research and development (R&D) Expenses

In addition, AMTV focused on studying and developing technology for news programs and has invested in a virtual reality system of Baht 37.56 million.

#### 1.2.3 Nature of Business

#### Media and Event Business

After COVID-19 outbreak eased, Thai economy has rebounded. In 2023, the number of fair days by the Company was the highest ever. The Company started organizing fairs in 2000. In that year, its Baan Lae Suan fair lasted four days. But in 2023, the fair days by the Company numbered 56. Events organized by the Company covered not just the "Baan Lae Suan Fair" but also "Amarin EXPO", "Amarin Baby & Kids Fair", "Baan Lae Suan Pets Fest", "SX Sustainable Marketplace", concerts, seminars, and various other events. Indeed, AMARIN Group's event business achieved the biggest growth in 2023.

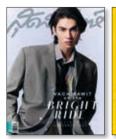

The Company restructured its Media and Event Business in the year. Before that, the business had two lines, with Baan Lae Suan Magazine in charge of "Living" and Praew Magazine in charge of "Lifestyles". The two lines were merged into one team - Amarin Media & Event or "AME" - for agility and efficiency. The restructuring aims to ensure the creation of trendy content and the development of related multiformat events. The latest type of events organized by AME is concert. AME has hosted "Sudsapda Entertainment" and "Baan Lae Suan Concert Series" music events.

As technology for content presentations has evolved, consumers have changed the way they receive information. AME therefore has continued to publish just four magazine titles: "Baan Lae Suan Magazine", "National Geographic Thailand Magazine", "Praew Magazine" and "Cheewajit Magazine". They are published as both hard copies and online content on Baanlaesuan.com and all related social-media platforms.

Baan Lae Suan Magazine has also produced "Baan Lae Suan TV" program for a weekly broadcast on Amarin 34HD channel. Apart from producing monthly magazines and the weekly TV program, AME also publishes "Bookazine" or special-edition book under "Baan Lae Suan", "room BOOKS" and "Sudsapda" brands.

In addition, AME has created Online Only content for online channels, which are developed in connection with key magazine titles. Among these channels are "Baan Lae Suan Pets" "Baan Lae Suan Explorers Club" "Baan Lae Suan Garden & Farm" "Living ASEAN" "Goodlifeupdate" and "Amarin Baby & Kids". Although some of them do not have a hard-copy version, they have reached a wide audience. Together, these online channels have had about 40 million followers,

Today, AME is not just a publisher-turned online-content creator. Neither is it just an organizer of Baan Lae Suan Fair. Backed by personnel who are creative, passionate about reading, and keen to translate useful content into events for its fans' delight, AME is well ready to complement its partners' businesses and contribute to Thai society's prosperity.

#### **Publishing Business**

Amarin Group's publishing houses started publishing books since 1992 under the "Reading lays down important foundation" concept. Over time, its publishing houses have constantly developed content in response to the needs of customers to serve them with great reading experience. Their content is delivered in various forms namely books, E-books, chapter books and audiobooks. These publishing houses have released more than

800 book titles each year under different categories to comprehensively respond to the interests of readers of all genders and age groups. Three main categories are Lifelong Learning, Kids, and Entertainment. At present, there are 17 publishing houses under Amarin Group: Praew Publishing House, which publishes Thai literature and translated books;

- Praew Publishing House, Thai lierature and translated literature from around the world;
- Piccolo Publishing House, which publishes heartwarming novels from across the world to serve various literary tastes;
- Prism Publishing House, which publishes detective and horror stories from across Asia. Readers will hold their breath from first to last pages;
- Words Publishing House, which publishes translations of literary pieces across various genres for readers to indulge deeper in the grandeur of words;
- Springbooks Publishing House, which publishes composition and psychology books for you to reach new height;
- Amarin HOW TO Publishing House, which publishes psychology books for personal development;
- Shortcut Publishing House, which publishes self-improvement books with clear path towards desirable goals. These items are penned by Thai authors or celebrities:
- Sophia Publishing House, which exudes love in knowledge via interesting educational and academic books;
- Amarin Health Publishing House, which offers books for healthy mind and body out of conviction that good health is both a gift and a power;
- Amarin Kids Publishing House, which publishes children's literature and parenting guidebooks to build a world of learning and imagination;
- Arun Publishing House, which publishes Chinese and Thai romance novels. The more you read, the warmer your heart becomes;
- Rose Publishing House, which publishes Thai boys' love stories and translations of Asian BL stories.
   Its publications are well-selected and spicy. Readers will enjoy content to the max;

- Levon Publishing House, which releases fantastic Korean fantasy novels. Spurring readers' imagination, they offer much fun and excitement;
- Peony Publishing House, which releases Korean novels episode by episode. Chosen novels tell of fantasy and beautiful love stories;
- Lilac Publishing House, which publishes Chinese and Korean BL novels episode by episode for Boy's Loves fans.
- Camellia Publishing House, which fast releases the Thai translations of Chinese romances episode by episode for readers craving to be the first to read with joy; and
- Pinebook Publishing House, which releases Thai translations of martial-art, investigative, thriller, adventure and fantasy novels episode by episode for people who love action and challenges.

#### Outstanding Work in 2023

- Karnlakrang Nueng Thueng Ter (Once...to you)
- Parpwat Prissana Kub Karn Tamha Katakorn (Cryptic Drawing and Hunt for Murderer)
- Manifest: 7 Kantorn Su Tuk Sing Ti Prathana (Manifest: 7 Steps to Living Your Best Life)
- Katakorn Manus Kob Kub Sob Prissana (Frogman Murderer and Mysterious Corpse)
- Tukkon Mee Jangwa Cheewit Pen Khong Tua Eng (Everyone has One's Own Pace)
- Ter Ja Mai Lhong Bon Thanon Ti Sang Eng (You Won't Get Lost on the Road You've Built)

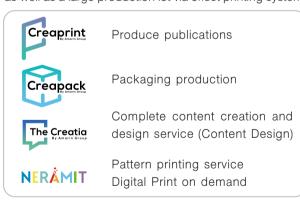

- Kae Sanit Kab Tua-Eng Hai Pen (Know How to be Close to Yourself)
- Ran Kafae Chan Tem Duang Nai Kuen Ti Chan Mai Tem Duang (Full Moon Café on Non-Full Moon Nights)
- Sinlapa Yu Ruamkub Khon Heng Suai (Asshole Survival Guide)
- Nangsue Lem Nha Karnwayla Phu Khon (Thick Book, Time and People)

Amarin Group's publishing houses are ready to keep pace with changes and ride on any trend in pursuit of continued growth. Between 2023 and 2024, the Company has launched several new publishing houses in response to the increasingly diverse needs of a growing reader base. The Company's commitment to and expertise in quality content selection, meticulous preparation process, attention-to-detail printing process, marketing, and PR activities are key factors behind the Publishing Business' significant growth in 2023. Although Prism and Words publishing houses are less than one year old, they have won great response from readers. Many of their books are on bestseller lists at leading bookstores as well as online platforms. Their e-books and chapter books are also warmly welcomed by readers, appearing as bestsellers on all leading online platforms.

In addition to implementing a great product strategy, the Publishing Business has also paid serious attention to integrated marketing communication strategy. Covering both online and offline activities, the strategy focuses on customers, readers, as well as partners namely bookstores and co-creators such as authors, illustrators, influencers in the book industry, and business allies from various fields. In 2023, offline marketing activities also intensified for the first time since COVID-19 crisis. These activities included meetings with authors, book-talk events, and fairs for specific customer groups. The Publishing Business therefore had a greater chance of impressing customers and delivering more engaging reading experiences to customers in accordance with our "Always with You" philosophy.

#### **Printing and Packaging Business**

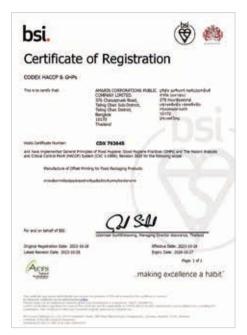

The Printing and Packaging Division has provided quality printing services in Thailand for well over 45 years already. Ranking among the industry's leaders, it has won recognition and trust for quality that is on par with international standards and integrated content creation that covers everything from conceptualization to content preparation and aesthetic designs. Leveraging printing technology, the division has answered customers' needs via its Creaprint's quality print production services, Creapack's quality packaging, and The Creatia's integrated content and design services that can cater to both a small production lot via Digital Print or Print on Demand as well as a large production lot via offset printing system.

AmGreen: Eco Symbol

In the past year, the Printing and Packaging Division created an innovation to upgrade its print production standard in support of environmental care and sustainable growth. This innovation is in the form of AmGreen symbol, which guarantees production

process is green and perfectly serves sustainability purposes. Generating an added and differentiated value in the printing industry, AmGreen involves four following elements:

#### 1. Design

The key Eco Design and Universal Design to lower environmental impacts during design, production, product utilization and disposal. They embrace universal design to ensure everyone can use their product.

#### 2. Paper

Chosen are eco-friendly paper such as paper certified based on international standards as being made of materials from commercial manmade forests, being recycled paper, or being eco-friendly paper.

#### 3. Coating and Surface

Made of vegetable oil and mineral oil based on ISO 2846-1 standard, ink used meets ISO 12647-2 standard. There is also no drying catalyst. It is cobalt-free and environmentally friendly. A coating is water-based, use water as a solvent, therefore there is no residue and can be recycled.

#### 4. Forming and Assembly

Simple forming process helps reduce the use of resources and production-waste generation. Pages are bound together with non-toxic glue or other eco-friendly alternatives.

#### **General Printing Business:**

In the past year, the premium publication market placed a significant emphasis on environmental friendliness and sustainability. Amarin Printing House therefore made adjustment in pursuit of sustainable growth. Its selection of raw materials such as paper and printing techniques became friendly to the environment. For example: paper that has met the Forest Stewardship Council's (FSC) standards, printing Ink and printing techniques. Its machinery and printing technology have been improved for energy saving and higher efficiency.

The printing and packaging business has successfully retained its environmental friendliness standards, as guaranteed by internationally recognized ISO 9001:2015, FSC and Good Hygiene Practice (GHP) standards. In addition, it has studied, developed, and sought out eco-friendly raw materials such as biodegradable coating and natural-ingredient ink.

#### **Integrated Content Creation:**

The Creatia has provided integrated content creation and design services. In the past year, it generated significant business value because content proved crucial to businesses in every industry. Customers wanted to communicate their corporate story and products to consumers in an effective and efficient manner through a variety of channels including prints, online platforms / channels, AMARIN's digital TV, and other media that matched customer's target groups. The Creatia's business looks set to grow further.

#### **Special Publications**

For well over three consecutive decades, the Company has published and distributed royal literary works. It has also produced books for special occasions out of gratitude to the Royal Family's boundless benevolence. Among them are Grace of the Queen's Attire, Compilation of Royal Works during January to December 2022, Compilation of His Majesty the King's Royal Speeches and Advice in 2022, and Stories with Illustrations by HRH Princess Maha Chakri Sirindhorn such as Short Ghost Stories, Mixed Ghost Tales and Palette.

#### **Industry Overview and Competition Trend**

Currently, the printing and packaging industry has much significance with its solutions supporting various manufacturing operations of high-value service sectors. It therefore ranks among industries with constant growth. According to the private sector, the packaging and printing industry rebounded in 2023. Its market size was thus well over Baht 300,000 million. In other words, it accounted for 1.8% of Thailand's gross domestic product, which was to the tune of Baht 16.5 trillion. In the Baht 350,000 million packaging and printing industry were the packaging sector and the printing sector, which accounted for 60% and 40% of the industry's size respectively. This industry is expected to grow by over 10% in 2024.

Although the printing and packaging industry has been growing continuously, operators in the field need to adjust to address the evolving global-warming or climate-change context and join efforts to improve the world's environment. They must improve production and design process, by selection of eco-friendly raw materials, and avoid non-biodegradable choices. Packaging should be reusable or recyclable in accordance with BCG concept, which is now a global mega trend. Such direction will resonate with the European Union's Carbon Border Adjustment Mechanism (CBAM), which requires Thai manufacturers to curb carbon emissions to stay competitive in the global market.

"Print media and packaging must be environmentally conscious because overseas markets have paid serious attention to the emissions of carbon dioxide, which causes global warming. Packaging therefore must come with carbon footprint information or show the total emissions of carbon dioxide or other greenhouse gases caused by products/services (in accordance with ISO 14040) throughout their cycle. Plastic packaging must be biodegradable. The Thai government has also attached importance to such

issues. Thailand has comprehensive industries from upstream to downstream operations especially in regard to petrochemicals, the Thai printing and packaging industry really has solid potential," Federation of Thai Industries (FTI) Chairman Mr. Kriengkrai Thiennukul said at the Pack Print International and Corrutec Asia 2023.

#### **Environmentally Friendly Initiatives**

The printing business has implemented a project to monitor its machinery efficiency as well as energy consumption. It has also reviewed efficiency data in collaboration with partners so as to plan efficient energy usage. In the past year, it installed solar cells to produce clean energy for its production process and maximize efficiency.

#### **Publications & Digital Content Distribution Business**

Established in 1993, Amarin Book Center has distributed various types of publications that are published by Amarin Corporations Public Company Limited and more than 500 leading publishers. Today, Amarin Book Center is the leader in Thailand's publication-distribution industry with a complete range of products for the market. The firm has retailed books via its "Naiin shops", which numbered 109 as of 31 December 2023, and distributed various publications via leading bookstores across Thailand. Distribution has also been done online with direct sales to schools, government agencies, and leading organizations. Its products cover books, magazines, e-books, and e-magazines.

The firm has also set up www.naiin.com for the online distribution of books and other products. Naiin Application has been created too to support E-Book distribution and reading. These online channels have been used more than 650,000 times a month.

Moreover, the firm has developed www.mareads.com as a new business. On this website are e-novels that are released chapter by chapter. Entries are from publishers or authors. Currently, this website has already featured more than 10,000 novels. Its comprehensive content covers readers of all genders and age groups.

Amarin Book Center, in addition, has invested in Dek-D Interactive Company Limited to expand its customer base to youth, school students, and university students through a more comprehensive range of products and collaborations on a continuous basis. Amarin Book Center has supported the distribution of Dek-D Interactive's university-admission tutorial books via Naiin as well as fairs.

#### **Digital TV Business**

### Nature of Products/Services and Business Innovation Development

Amarin Television Co., Ltd. (AMTV) has held a license to use frequency and operate a TV business as a national-level service operation in the HD category from the Office of the National Broadcasting and Telecommunications Commission. Its broadcasting services started on 25 May 2014. Viewers can watch its content by tuning to Channel 34 or "Amarin TV 34HD" on TV. Viewers can also access the channel's content on other platforms such as the company's website, YouTube, and Facebook. AMTV has also been developing other platforms for its broadcast in response to the audience's needs.

Throughout the past nine years, Amarin TV 34HD has served entertainment to its audience out of its determination to stand by viewers from the minute they wake up till the time they go to bed. The channel presents news, documentaries, sports programs, and drama series in line with its Real Life Entertainment concept.

In 2023, Amarin TV 34HD broadcast its programs round the clock. Its content covered news programs, informative and entertainment programs, documentaries, as well as general-knowledge programs. Content was produced by the company or its collaborations with business partners, which have continuously created new content and programs for the channel.

In addition to broadcasting its programs on Amarin TV 34HD and 34HD App, AMTV has also uploaded its self-produced content on its website and the world's leading platforms namely YouTube, Facebook and TikTok so as to allow viewers to watch the content after its first broadcast or check out online-only content anytime. AMTV has successfully raised the number of its followers. Its online audience has continued to grow, paving the way for the company to charge more for online advertising. The number of its followers on each platform is as follows:

Platform	No. of followers as of 31 Dec 2020	No. of followers as of 31 Dec 2021	No. of followers as of 31 Dec 2022	No. of followers as of 31 Dec 2023	Growth rate 2023
YouTube	11.9 million	14.2 million	16.5 million	18.6 million	13%
Facebook	14.9 million	19.4 million	21.7 million	22.6 million	4%
TikTok	1.7 million	3.1 million	4.1 million	4.5 million	10%

#### 2. Marketing and Competition

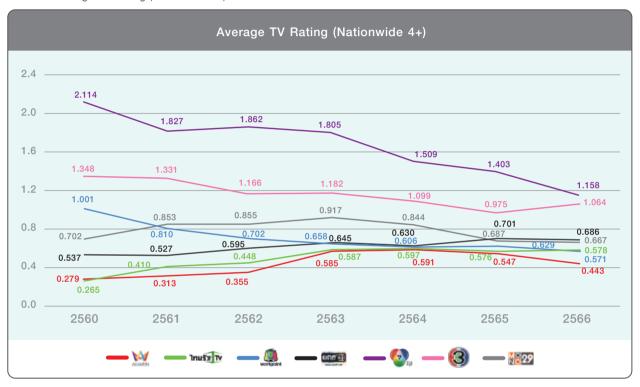

### 2.1 Competition

Regarding Rating Nationwide 4+ (viewers aged 4 years old up) between 2019 and 2023, The country's seven most popular digital TV had rating viewers aged 4 years old up across Thailand (Rating Nationwide 4+) achieved higher ratings in 2020, but there is a rate growth has continued to decline since 2021. Amarin TV 34HD, meanwhile, recorded higher Rating

Nationwide 4+ in both 2020 and 2021. So far, its rating fell to 0.547 and 0.443 in 2022 and 2023 in line with the TV industry's shrinking audience. The total Rating Nationwide 4+ of the country's seven most popular digital TV channels dropped from 5.876 in 2021 and 5.518 in 2022 to just 5.167 in 2023.

Details	2019	2020	2021	2022	2023
Average ratings of the country's Top 7 digital TV channels	5.983	6.379	5.876	5.518	5.167
Average ratings of the country's Amarin TV 34HD channel	0.355	0.585	0.591	0.547	0.443

#### 2.2 Industry Overview and Competition Trend

In 2023, the advertising industry was worth Baht 116,413 million, up by 3% from previous a year. About 3% by money most advertising TV is still spent on TV media or value Bath 60,689 million or 52% of all advertising value. Yet, TV industry was the amount marked the negative growth rate of 3% for year 2023. The top two media types, in terms of growth rate, were out-of-home or mobile media, growth rates were 16, and internet growth rates were 13, accounted for 40% of the advertising industry's revenue. Now, these are much-watched. However, the TV segment is still expected to receive the biggest piece of cake in the industry.

#### Thailand Media Spending in 2023 Baht 116,413 Million

#### 3. Procurement Product and Service

Amarin TV 34HD and Amarin TV Online have their own production teams, which are in charge of producing content for broadcast. In 2023, Amarin TV 34HD reinvigorated its status as "news channel" by expanding its online news team for faster news coverage and presentation. The channel also added a news program to its evening slot on air between 3.50 pm and 5 p.m. from Monday to Friday.

While the channel has continued its popular programs, it has also produced new programs for a diverse range of content and a growing audience. Its food-themed programs, for example, include Cheeppajorn Long Pung and Tam Amphoe Chan.

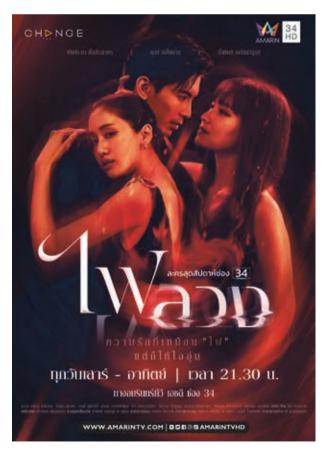

Its documentaries for sustainable communities include Chuen Chai Thailand, Reungded Edtaro, Smiling Farmers, and Kinpaitua Muabanngann.

Its entertainment programs, meanwhile, included Fad Hua Kao and Don Tay Say Ma Ti Pat. New programs like Sport Lifestyle 34 and Barborkorkeela followed trendy sports, etc.

During 2023, Amarin TV 34HD successfully presented its weekend series for 9.45 - 10.45 p.m. on Saturdays and Sundays slot. Broadcast were four series in this year. In February, "Fai Luang" (Fake Fire) was launched. This series was based on a novel by Sopee Pannarai. In May, "Wongsa Kanayat" (Relatives) started going on air. It was based on a novel by Wor. Vinijchaikul. Then, another series based on the same author "Songkram Ngern" (War of Money) went on air from August and proved the most popular among urban women aged 35 years up. Its rating among this group of viewers

was 3.937. Its Rating Nationwide 4+ or rating among viewers aged four years up was 0.860. The last series launched in the year was "Langka Bai Bua" (Lotus-Leaf Room). Produced based on a novel by Kanchala or Krisna Asoksin, it started going on air from October.

In September, Amarin TV 34HD collaborated with variety/series partners namely Me Miti Company Limited and Change 2561 Company Limited in producing The Real Next Gen Amarin Next Gen presented by est Cola. The program held contests of candidates who wanted to be a news announcer, TV host, and actor/actress and claimed the cash prize of one million baht. Coloring up and exciting the reality-show industry, this program attracted as many as 1,000 contestants. Only 340 sailed through preliminary selection. Then, just 34 made it to the final round. In the end, there were just three winners. They will get their dream job as news announcers at Amarin TV 34HD, TV hosts at Me Mity Company Limited and actors/actresses at Change 2561 Company Limited.

# 1.4 Amount of registered capital and paid-up capital

As of 31 December 2023, the Company's registered capital totaled 998,281,590 baht and its paid-up capital totaled 998,281,590 baht. It had 998,281,590 ordinary shares, each with the par value of 1 baht. The Company issued just one type of shares. It did not issue preferred shares or any other type of securities.

#### 1.5 Issuance of other securities

As of 31 December 2023, the Company has not issued any preferred shares, debt instruments or convertible securities that may affect shareholders' rights.

#### 1.6 Policy on Dividend Payment

#### 1.6.1 Policy on Dividend Payment by Amarin Corp

The Company has the policy to propose to shareholders' meetings that dividend to be paid is no less than 60 percent of its net profit after corparate income taxes and all reserve funds in each year. The dividend payment, however, is also subject to investment plans, needs, and other reasonable causes when taking the future into account. After the Board of Directors approves a dividend payment, it will still have to submit the dividend payment proposal before the shareholders' meeting for an approval except in events of interim dividend payments. The Board of Directors has the power to authorize interim dividend payments first and inform shareholders of the issue later at their next meeting.

#### 1.6.2 Regarding Policies on the Dividend Payments by Subsidiaries

Regarding policies on the dividend payments by subsidiaries, the board of directors of each subsidiary shall consider dividend payments based on accumulated profits, cash flow, and investment budget. If subsidiaries have remaining cash flow after legally-required reserve funds, their board of directors may consider paying out dividends in an appropriate amount on a case-by-case basis. After the amount is determined, the dividend payment proposal must be submitted before the meetings of their shareholders to consider and approve.

#### 1.6.3 Dividend Payments by Amarin Corporations in the Past Five Years

<sup>&</sup>lt;sup>1</sup> The payment of dividends from Fiscal Year 2023 shall be subject to approval from the annual ordinary shareholders' meeting 2023, which will be held on 26 April 2024.

# Management

#### 2.1 Risk Management Policy and Plan

The Company recognizes the importance of risk management in the face of internal and external changes, which may affect its business operations. Therefore, it has integrated risk management into holistic monitoring system of Governance, Risk and Compliance (GRC) and formulated Risk Management Policy for organization-wide implementations. The Risk Management Work Panel has also been established and tasked with the missions of identifying, assessing and monitoring risk management to handle risks that may affect business operations, as well as formulating adequate and appropriate risk-management and internal-control measures to ensure proper risk appetite. In addition, the panel has prepared and submitted risk assessment reports to the Sustainability and Risk Management Committee for presentation to the Audit Committee and the Board of Directors for acknowledgement. Moreover, it has promoted risk-management culture among staff. In support of effective risk management, the Company releases its Risk Management Policy on its website, www.amarin. co.th.

#### 2.2 Risks to Business Operations

The Company has analyzed internal and external environments; economic, social, technology and industry trends; competitors; as well as all other relevant factors to identify corporate risks. Details are as follows:

# 2.2.1 Risks to the Company's or AMARIN Group's Business Operations

(1) Risks to Print and Distribution Businesses

- Product and Raw Material Shortage Risk: Paper is a key raw material for the production of magazines and books, as well as the provision of printing services. Paper price, however, is volatile. It always fluctuates in response to changing demand and economic trends. The Company manages this risk by placing purchase orders well in advance based on forecasts on the types and quantity of paper needed for its operations. In this connection, the Company has procured paper from the biggest paper manufacturer in terms of production capacity and from at least three major paper importers to reduce the risk of paper shortage. The Company has also sourced other types of raw materials from several suppliers to limit dependence on any single supplier.
- Advertising Revenue Risk: dvertising industry is directly affected by economic situation. When the economy turns bad, consumers postpone their purchases. As manufacturers/service providers feel the impacts on their revenue, they curb their advertising/PR budget by choosing just media that exactly matched their target groups. The Company has tried to maintain its market share in the magazine-ad segment because many of its magazines remain popular. At the same time, the Company has offered digital media and advertising spaces on websites/social media to maximize its customers' advertising efficiency.
- Copyright Risk: Many quality writers have entrusted their literary works to Amarin for publication and distribution, thanks to the Company's successful record of feeding the public with magazines and

pocketbooks which are all subject to competition in terms of content, modern and quality presentation. The content diversity of its publications represents the consequence of its internal originality and external sources, based in Thailand and beyond, whose respective copyright is secured either directly from their rightful owners or through writers' agents. In this regard, copyright contracts are duly endorsed with signature under clear, fair, and transparent terms and details.

- Risks to Printing Business: The Company has its own printing house. It has also invested in this facility continuously so as to improve its printing technology. Therefore, its printing house can support the production of the Company's printed materials namely magazines, books, and prints related to printing services. With its own printing house, the Company can reduce the risk of printing costs. Also, it can efficiently manage production costs and printing schedules, allowing the on-time releases of its new books.
- Technological-Disruption Risk: As e-books are available on internet and readable from various portable devices, they have shrunk books publishing industry. They have also affected retailing, with retailers competing to provide new alternatives for consumers. The Company is aware of and pays due attention to this trend. Therefore, it has developed optional platforms and distributional channels that can respond to customers' behaviors and needs round-the-clock, making it easier for consumers to access the Company's books and publications.

#### (2) Risks to Digital TV Business

 License-related Risk: Amarin Television Company Limited, a subsidiary of the Company, has received a license to use frequency and operate a TV business as a national-level service operation in the HD category. This 15-year license will expire in April 2029, though. The Company therefore has developed other platforms in preparation for licensing uncertainties that may arise after the expiration of the current license. The new platforms will support the presentation of content created by the Company.

#### (3) Financial Risks

- Risks Related to Customers' Defaults: The Company manages these risks through customer selection.
   Not only that the Company chooses customers based on their good financial position, but it also prescribes clear and proper credit line and credit term to each of them. Payment collection is closely implemented with customer relationships solidly in place.
- Exchange Rate Risks: The Company may face risks when paying for machinery, raw materials and copyrights in foreign currencies. However, the Company has mitigated such risks through the use of forward foreign currency contracts in transaction

#### (4) Social and Environmental Risks

- Climate-Change Risk: Global warming may affect the environment, society, communities, farmers, animals, forestry, as well as forestation projects for the production of paper, a key raw material of the Company. In other words, paper shortage may materialize in the future. The Company handled the risk by formulating a policy to procure paper from many vendors across various regions for risk reduction and empowerment of vendors whose manmade forests embraced environmental focus.
- Demographic-Change Risk: Presently, many sectors have already been aware of Thailand's growing elderly population and falling birth rate. Such demographic trend suggests that in the long run, labor demand and supply will come into conflict. Businesses related to youth & children products

will be affected. The Company managed this risk by adjusting its business plans in response to the demographic shift. It conducted researches and surveys on a regular basis to learn about consumers' needs and prepare labor plans. Under these plans, the Company has recruited elderly job applicants when their potential and experience matched job description so as to support and create jobs for the elderly, who then enjoyed stable income.

(5) Geopolitical Risk: Because changing geopolitical landscape may cause the shortage of energy/raw materials as well as fluctuating currencies that are related to imported materials, the Company's operations may be affected. Therefore, the Company introduced measures to monitor and analyze the geopolitical situation on a continued basis. Moreover, it procured raw materials from various regions in the world, followed up with innovations, and prepared a financial plan to deal with currency fluctuations.

#### (6) External Risks

# Risk of Non-Compliance with Applicable Policies, Laws, Requirements and Regulations

The Company accorded importance to compliance with legal requirements, laws, and regulations related to its business operations. However, additions or amendments may be made to these requirements, laws, and regulations, posing a risk factor. Noncompliance or failure of full compliance may affect the Company and its reputation, causes the loss of business opportunities or even lead to penalties and fines. In managing this risk, the Company constantly monitored applicable government policies, requirements, laws and regulations. If any change happened, it reported the changes to the Corporate Governance Committee.

Risk of Cyber Threats and Business Dependence
 on Technologies: In the face of fast-evolving

technologies, the Company has become increasingly dependent on technologies and digital systems in pursuit of fast, highly accessible, and convenient operations. The dependence comes with the risk of cyber threats and data theft. If data leaks from the Company, its operations may be disrupted and its reputation may be harmed. To manage this risk, the Company issued measures to govern IT and computer usage practices, as well as Access Control Policy. Moreover, the Company monitored cyber threats and assessed the implementation of its IT system's data backup and provided IT training to staff.

# 2.2.2 Risks That May Affect Rights or Investments of Holders of the Company's Securities

#### Major Shareholder Risk

As of 31 December 2023, Adelfos Group held 740,814,452 of the Company's shares. This number of shares accounted for 74.21 (more than 50 percent) of the Company's sold shares. As a result, this major shareholder almost had complete control on how shareholders' meetings would vote on each agenda be it about the appointment of directors and or any other issue requiring the majority vote from shareholders' meetings. Exceptions exist only where some meeting agendas, under laws or regulations, require the votes of support from at least three fourths of votes available at shareholders' meetings. In other words, other shareholders may not be able to amass enough votes to counterbalance and keep agendas supported by the major shareholder under check.

Under its organizational structure, the Company has the Board of Directors as well as several subcommittees. Each of them is assigned a clear scope of power and duties. Work systems at the Company therefore meet good standards. They are transparent and accountable. The Board of Directors, moreover, included six independent directors in 2023. In other words, half of

the Board's 12 members were independent directors including its Chairman. In early 2024, the Board of Directors nominated and appointed new directors in place of those who resigned. Following the new appointments, the number of independent directors rose from six to seven of the Board's 12 members. Today, independent directors therefore account for more than half of the Board's members each of whom being knowledgeable, capable, and able to audit the Company's operations in a way that upholds its transparency. Moreover, the Company has a rule on connected transactions involving its directors, major shareholders, persons with authority to control its

operations, and persons who may have conflict of interest. According to the rule, such persons are not allowed to have power over connected transactions. The Company, in addition, must disclose connected-transaction data in line with laws or regulations imposed by regulators. Such guidelines promise to curb any impact from such risk.

# 2.2.3 Risk from Investments in Overseas Securities (In events that issuers are foreign companies)

- None -

# **Driving Business**

# towards Sustainability

The Company is committed to driving its businesses towards sustainability under corporate governance framework. Therefore, it has improved its data disclosure in line with the guidelines of the Stock Exchange of Thailand (SET) and the Office of Securities and Exchange Commission (SEC). Moreover, the Company shall strive to bring its practices to par with international standards too.

### 3.1 Sustainability Management Policy

The Company has formulated its sustainability development policy based on its "We Work for Public Happiness and Prosperity" mission. The goal is to promote balanced economic, social, community and environmental growth in accordance with corporate governance principles as assurances to stakeholders that every business process is transparent and

accountable. Integrated into the Company's sustainability policy and goal are also the United Nations' Sustainable Development Goals (SDGs), which address the environment, society, and the economy. The board of directors stipulates for the "Sustainability Management Policy" of the Company's group to be reviewed regularly every year. In year 2023, the board of directors revised the policy to ensure greater conformity and suitability with the current economic and social condition. This policy will serve as a guideline for managing business for secure and sustainable growth, and all directors, executives and employees have the duty to support and practice according to this policy. The policy and practice guideline is disclosed in the topic "Sustainable Development" on the Company's website at https://amarin.co.th/sustainability.

Goal and Policy AMARIN Group's Sustainable Development

"We work for public happiness and prosperity."

The mission of AMARIN Group reflects executives' aspiration to create happiness, growth and wellbeing in society. Its sustainable development therefore spans over three dimensions of environment, society and economy under corporate governance framework.

Good Environment	Good Society	Economy / Good Governance
Efficient procurement and utilization of resources, with green focus	Products / services deliver value to all relevant parties from those engaged in production process to end-consumers	Fair, transparent and ethical business operations

The Company has reviewed its sustainability policy/goals every year, with results reported to the Sustainability and Risk Management Committee and the Board of Directors.

## 3.2 Management of Impacts

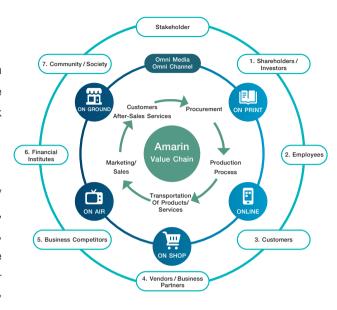

#### on Value-Chain Stakeholders

#### 3.2.1 Sustainable Value Chain

The Company accords importance to value-chain management in pursuit of sustainable growth and the generation of value for society in line with its "We work for public happiness and prosperity" concept.

#### 3.2.2 Analysis of Value-Chain Stakeholders

The Company has analyzed and identified key stakeholders who are affected, positively or negatively, by its business operations. Their opinions, expectations, and recommendations are taken into account in the formulation of a proper guideline on stakeholder treatment. The Company has reviewed stakeholders' importance level and material topics at least once a year. Summary is as follows:

Stakeholders	Expectations	Response	Communications Channels / Methods
Shareholders / Investors	<ul> <li>Continued operational growth</li> <li>Financial remunerations (dividends and stock value) and regular dividend payments</li> <li>Sustainable ESG management</li> <li>Timely and transparent disclosure of adequate and accurate data</li> </ul>	<ul> <li>Analyses, monitoring, and planning to ensure budget suits prescribed goals</li> <li>Treat shareholders equally and safeguard the rights of shareholders through the responsibilities of the board of directors</li> <li>Revising business plans to reflect social and environmental responsibility, as well as corporate governance for the goal of creating sustainable returns</li> <li>Extensive risk management with regular improvement to risk management</li> </ul>	<ul> <li>Annual general meeting of shareholders</li> <li>56-1 One Report</li> <li>Business visits</li> <li>Disclosing channels to contact the Company's secretary and the investor relations agency</li> <li>www.amarin.co.th</li> <li>Whistleblowing and complaint handling</li> </ul>

Stakeholders	Expectations	Response	Communications Channels / Methods
Shareholders / Investors		Disclosing key information in accordance with SET/SEC rules	
Employees	<ul> <li>Receive the fair benefits and compensation</li> <li>Progress in career path and knowledge development</li> <li>Quality of life and safety at workplaces</li> <li>Participation in planning development according to work positions and duties and responsibilities</li> <li>Handling complaints, respecting human rights and treating employees equitably</li> </ul>	<ul> <li>Providing remuneration, welfare and benefits at industry level</li> <li>Preparing necessary and proper training plans to develop employees' skills and knowledge in each line of work</li> <li>Respecting labor laws and human rights</li> <li>Preparing occupational safety and health guideline and monitoring implementation to ensure strict compliance</li> <li>Establishment of a business welfare committee for a term of 2 years to represent employees.</li> <li>Communicating Business Code of Conduct to employees</li> </ul>	<ul> <li>Conducting performance evaluations based on KPIs every 6 months, and conducting employee engagement and satisfaction survey</li> <li>Internal meetings</li> <li>Organizing relations activities between executives and employees</li> <li>Providing information, announcements and PR content via the Company's channels such as Intranet/email system and website</li> </ul>
Customers	<ul> <li>Quality products / services with delivery that matches customers' needs</li> <li>Fair and reasonable product / service prices</li> </ul>	<ul> <li>Developing a variety of quality products/services in response to customers' needs</li> <li>Following international standards such as ISO9001, BRCGS Packaging ISSUE6, and FSC</li> </ul>	<ul> <li>Meetings / visits to customers on a regular basis in line with work plans</li> <li>Using telephone, email and website as channels to receive customers' feedback, recommendations and complaints</li> </ul>

Stakeholders	Expectations	Response	Communications Channels / Methods
Customers	<ul> <li>After-sales services and quick &amp; attentive response to feedback or complaints</li> <li>Efficiently communicating with customers and readiness to listen to customers' feedback and complaints</li> <li>Personal data protection</li> </ul>	<ul> <li>Complying with Business         Code of Conduct by taking         into account customers'         interests, fair and equitable         treatment of customers         and the confidentiality of         customer data</li> <li>Creating channels to get         customers' feedback,         recommendations, and         complaints and using         information for operational         improvement</li> <li>Protect personal         information and cyber         security</li> </ul>	<ul> <li>Customer satisfaction survey</li> <li>Customer relations activities</li> <li>Factory visits</li> </ul>
Vendors / Business Partners	<ul> <li>Fair and transparent vendor selection, without monopoly and trade barriers</li> <li>Fair business returns</li> <li>Honoring payment conditions specified in contracts</li> <li>Fostering long-term growth and security</li> </ul>	<ul> <li>Fair, equitable, and transparent treatments of vendors, without any trade barrier, in line with Code of Vendors</li> <li>Proceeding in line with Procurement Policy and contracts to build trust in the Company's its debt serviceability, and developing sustainable relations with vendors</li> <li>Internal audits and reviews and control of actions according to the anticorruption policy and related policies</li> </ul>	<ul> <li>Meetings with vendors / business partners to increase work efficiency and jointly improve product / service quality</li> <li>Vendors Code of Conduct</li> <li>Procument Policy promote to Green Procurement</li> <li>Using meetings, telephone, email and website and more as channels to receive vendors' feedback, recommendations and complaints</li> <li>Vendor relations activities</li> </ul>
Business Competitor	Complying with fair competition framework	<ul> <li>Not defaming business competitors</li> <li>Not seeking business competitors' secrets via dishonest means</li> <li>Ethically conducting businesses in line with Business Code of Conduct</li> </ul>	• Business actions

Stakeholders	Expectations	Response	Communications Channels / Methods
Financial Institutes	<ul> <li>Complying with contracts</li> <li>Transparent and accountable management that is in line with corporate governance</li> </ul>	<ul> <li>Strict compliance with contracts</li> <li>Disclosure of accurate data</li> </ul>	<ul> <li>Meetings with executives and financial department</li> <li>Communicating via telephone, email, meetings, letters and more</li> </ul>
Society / Community & Environment	<ul> <li>Ensuring that business operations do not adversely affect quality of life of community, society and environment</li> <li>Supporting activities of communities, society and environment</li> </ul>	<ul> <li>Strict compliance with applicable laws and regulations</li> <li>Conducting CSR projects/activities to promote community economy, generate income for local communities, and provide better quality of life to locals</li> <li>Formulating guidelines to minimize social and environmental impacts</li> </ul>	<ul> <li>Meetings and community relations activities</li> <li>Using website, telephone, email and letters for communications and channels to receive feedback and/or complaints</li> <li>Public announcements and dissemination of news and information to develop understanding.</li> </ul>
Government Agencies / Regulatory Agencies	<ul> <li>Strict compliance to related laws and regulations and cooperation in sending accurate information.</li> <li>Transparent tax management.</li> <li>Responsibility for society, community and environment.</li> <li>Cooperation or support for activities or projects of government agencies.</li> </ul>	<ul> <li>Supervise to ensure strict compliance to related laws and regulations.</li> <li>Monitor changes in related laws and regulations and review the Company's policies and regulations for consistency, completeness and correctness regularly according to laws and specifications.</li> <li>Safety, occupational health and environmental management.</li> </ul>	<ul> <li>Business performance and work performance reports according to the specifications of regulatory agencies.</li> <li>Attending meetings, lectures, seminars and exchanges of opinions with the government and regulatory agencies.</li> <li>Activities and visits according to different opportunities and occasions to strengthen ties.</li> <li>Communicating information via telephone, email, meetings, letters and others.</li> <li>Reporting information, whistleblowing or complaints.</li> </ul>

### 3.2.3 Identification of Sustainability Topics

In 2023, the Company considered material sustainability topics related to AMARIN Group's business operations together with internal and external stakeholders within Global Reporting Initiative (GRI) framework. Information from meetings or activities done with stakeholders was analyzed and ranked in order of importance for its sustainability management based on the following.

#### **Process to Assess Material Sustainability Topics**

#### Prioritization of Sustainability Topics in 2023

#### Identification

The work panel shares opinions for the identification of sustainability topics that may affect business operations based on members' experiences, incidents reported, customer satisfaction survey, complaints, employee satisfaction survey, and the Company's risk assessment.

#### Prioritization

The work panel analyzes and ranks sustainability topics with Materiality Matrix. It then presents the results and proposed projects to executives for approval. Relevant departments will take charge of these projects.

#### Validation

The Company reviews material sustainability topics to ensure that the identification of material sustainability topics is comprehensive and these topics are valid. Then, the information is presented in annual report.

#### • Constant Improvement

The Company reviews and improves stakeholder engagement process every year for the goals of properly identifying sustainability topics and understanding stakeholders' needs and expectations. The stakeholder engagement process prepares various channels to communicate with each group of stakeholders. Awareness of actual material topics leads to better management efficiency.

#### Topics important to the Company

- 1. Corporate governance of the Company and vendors
- 2. Risk management
- 3. Compliance with laws and international
- 4. Responsibility for consumers
- 5. Promotion of business innovations
- 6. Environmental-impact reduction
- 7. Sustainable energy management
- 8. Safety, occupational health, and work environment
- 9. Respect for human rights
- 10. Fair labor practices
- 11. Human resources development
- 12. Participation in community development

#### Governance/Ecomony

- Environment
- Society

# **Summary of Efforts to Address Sustainability Topics in 2023**

#### **Economy/Corporat Governance:**

- 1. Good corporate governance
- 2. Risk management
- 3. Compliance with laws and international standards
- 4. Responsibility for consumers
- 5. Business innovation development and promotion

#### **Environment:**

- 1. Efforts to curb environmental impacts
- 2. Sustainable energy management

#### Society:

- 1. Fair labor practices
- 2. Respect for human rights
- 3. Human resources development
- 4. Occupational safety and health
- 5. Contribution to social development

# **Key Sustainability Performance in 2023**

## **E:** Environment and Energy

#### **Energy Management**

Item	2021	2022	2023
Fuel cost for vehicles and transportation (Baht)	1,761,210	2,906,141	2,982,328
Electricity consumption (Kilowatts)	6,883,470	7,882,072	7,400,197
Value of electricity consumption (Baht)	25,442,048	32,970,751	35,033,083
Tap water consumption (Cubic Meters)	26,953	33,600	45,672
Value of tap water consumption (Baht)	437,706	543,631	738,338

Annual General Meeting of Shareholders Checklist (100 Points)	100	100	100

# 3.3 Environmental Sustainability Management

# 3.3.1 Policy / Guideline on Environment and Energy

The Company is aware of its responsibility for the environment, public safety, employees' quality of life, and waste reduction that contributes to anti-global warming efforts. It therefore focuses on the promotion of energy and resource efficiency. The Company issues the policy on environmental and energy management for executives and staff to follow. Details are as follows:

#### 1. Guideline on Environment

- The Company shall strictly comply with environmental laws, requirements, and standards.
- The Company shall operate its businesses in an environmentally and socially responsible

manner, with an emphasis on using products, services, processes, and work approaches that promote maximum resource efficiency, environmental friendliness, energy saving, and waste reduction based on 3Rs namely Reduce, Reuse and Recycle for the goal of curbing business operations' impacts on stakeholders and the public.

- The Company shall support the implementation of strategies, work plans and goals related to the environment so as to minimize environmental impacts.
- The Company shall prepare emergency response plans, environmental-impact mitigation plans, and environmental rehabilitation plans and drills to ensure relevant parties' preparedness to follow the plans without causing adverse environmental impacts. Communications and training shall be

provided to promote employees' knowledge, understanding and awareness of their roles and responsibilities in the Company's environmental management in support of its goals.

 The Company shall communicate this policy and guideline to all parties involved in its business operations so as to ensure they understand and follow the Company's compliance with environmental laws, standards, and practices.

#### 2. Guideline on Energy

- The Company shall strictly comply with energy laws, requirements, and standards.
- The Company shall encourage the exploration of efficient energy, environmental, climate-change management guidelines and methods that suit its business operations by integrating proper technologies, innovations, and new work systems.
- The Company shall promote resource efficiency in regard to water, chemicals, and materials used in production process, as well as chemicals and parts for machinery and infrastructure maintenance.
- The Company shall distribute information of energy usage, energy conservation knowledge or its participation in government or private projects that pursues energy efficiency among stakeholders and all parties involved in its business operations so as to encourage contributions to efforts to address climate change/global warming and nurture biodiversity. The Company reviews its policy and

guideline on environment and energy every year. The management policy on environmental energy and social is disclosed under the topic of "Sustainable Development" on the Company's website, https://amarin.co.th/sustainability.

#### 3.3.2 Environmental and Energy Performance

#### (1) Energy Management

#### 2023 Goals

Maintain or reduce the level of use of fuel in vehicles and transportation and electricity consumption.

#### Results

The Company maintained the level of fuel cost for vehicles and transportation to 0.07% of total sales and an electricity consumption value of 0.08% of total sales. Accordingly, the Company's electricity consumption decreased by 481,875 kilowatts due to projects and activities to support energy management as follows:

# "Clean Energy Office Building and Parking Lot Project" by Using Clean Solar Energy and Reducing Electricity Cost

In 2023, the Company installed solar panels in 4 zones in the parking lot office building and printing press with a total area of 8,340 square meters and an electricity generation capacity of 451.90 kilowatts or the capacity to generate up to 310,054 units of electricity per year, which can reduce up to 1,472,757 Baht in expenses.

Item	Area Size (m²)	Electricity Generation Capacity (kilowatts-hours)	Electricity Generation Capacity in Units (Kilowatts)	Expense Reduction (Baht / year)	Greenhouse Gas Emission Reduction (kgCO <sub>2</sub> eq)
Zone A+B+C+D	6,440	10.30	18,540	88,065	9,268.15
Office Building	1,900	441.00	291,514	1,384,692	145,727.85
Total	8,340	451.90	310,054	1,472,757	154,995.99

#### Note

<sup>1.</sup> A total of 14,116,870 Baht of investment was made into the solar rooftop project in the office building and the printing press, and an investment of 81,125 Baht was made to install solar cell lamps in the parking lot in 4 zones, representing a total sum of 14,197,995 Baht.

<sup>2.</sup> Installation completed in June 2023.

Furthermore, we expanded energy management to the Company's group. That is, Amarin Book Center Co., Ltd. made investment in a solar rooftop project valuing 9,342,037 Baht, and the project has already been completed and began to be operational by around October 2023 with the capacity to generate up to 78,334 kilowatts of electricity or 372,087 Baht of expenses or 38.24% of the value of electricity consumption from October to December 2023 with a greenhouse gas emissions reduction of 39,159.17 kgCO2eq.

### (2) Water Management

The Company is committed to achieving efficient "internal water resources manasement" because water is the important resources to life.

2023 Goal Reducing the use of tap water per unit of sale by 10 percent and zero complaint about wastewater discharges' impacts on the environment and local communities

Results In 2023, the Company's water consumption was 0.02% or an increase of 0.01% when compared to year 2022. This happened due to the Company expanding operations from the previous year. In any case, the Company recognizes the importance of using water in a worthwhile manner and has discontinued the use of plates in the reproduction processes from September. As a result, we were able to reduce the plate washing process and the average monthly water consumption toward the latter half of the year by 9%,

although overall results are not visible yet. Additionally, the Company has projects and activities to support water management as follows:

# Projects for Water Consumption Reduction/Water Efficiency

Implementation Guideline The Company campaigned for water saving among employees be it about general water consumption or water usage for production processes. Campaigns focused not just on water saving but also wastewater treatment. Moreover, the Company assigned the Maintenance Division to check equipment that is related to possible water leaks on a regular basis.

On wastewater discharge management, the Company has not only installed wastewater treatment system but it has also checked the quality of its wastewater discharges. An external organization has been hired to test wastewater quality prior to discharges into public waterways in line with the Enhancement and Conservation of National Environmental Quality Act B.E. 2535 for the purpose of preventing adverse impacts on communities in its neighborhoods.

In 2023, tests showed the quality of wastewater discharges fully complied with laws. After treatment, all wastewater was discharged to public waterways. There was no complaint about wastewater quality or its adverse impact on the environment, local communities and other stakeholders.

### (3) Waste Management

#### Chemical / Toxic Waste Management Project

The Company has set up a clear waste management system in its office and factory zone for the ultimate goal of reducing waste as well as environmental impacts.

**Short-Term Goal:** To promote employees' waste separation habit for tidiness and orderly transfer of waste to proper disposal processes

Long-Term Goal: To ensure employees can properly separate waste in support of long-term reduction of greenhouse gas emissions

Implementation Guideline The Company has managed waste both indoors and outdoors, with color-coded garbage bins that suit each zone. Bins are made available at canteen, car parks and stairways hall on every floor to reduce waste and waste-disposal budget. Moreover, the Company has constantly communicated about waste separation so as to familiarize employees with the practice and encourage them to separate waste at home too.

Results Amount of hazardous waste in 2023 has been sent go to an external waste disposal company, whose practices had been certified based on environmental standards and complied with disposal / recycling laws.

	20	22	2023		
ltem	Tons	%	Tons	%	
Amount of Non-Hazardous Waste and Trash (tons)	1,480.09	83.36	1,484.87	98.39	
Amount of Hazardous Waste and Trash (tons)	295.41	16.64	24.32	1.61	
Total Amount of Waste and Trash (tons)	1,775.50	100.00	1,509.19	100.00	

**Note:** Amount of hazardous waste and trash in 2022 resulted from improvements in the waste water treatment reservoir of the printing factory.

# "Food Waste Disposer Machine for Fertilizer" Project to Reduce Chemical Use

The Company installed a food waste disposer machine priced 66,500 Baht in July 2023 with the capacity to eliminate up to 193 kilograms of food waste and convert food waste into organic fertilizer by 88 kilograms. As a result, this was able to reduce food waste disposal expenses by 15,840 Baht (July - December 2023). Moreover, fertilizer from food waste can be used to nourish trees instead of chemical fertilizer.

#### (4) Greenhouse Gas Emissions Reduction

The Company gives importance to and is committed to solving the problem of greenhouse gas emissions. In 2023, the Company established a working committee to prepare carbon footprint reports. In doing so, Advance Energy Plus Co., Ltd. has been employed with a service fee of 220,000 Baht to review the amount of emissions greenhouse gases and do a study and set guidelines carrying out the preparation of a carbon footprint as follows:

- Promote awareness and understanding of climate change among staff and key stakeholders via training, exchange of knowledge, campaigns, and preparations on response to natural disasters with aim to ensure survival, business continuity, and minimization of adverse impacts.
- 2. Promote and support energy efficiency, and cautious use of natural resources.
- 3. Promote and support alternative energy, renewable energy, and clean energy.
- 4. Reduce waste and increase work-process efficiency.
- 5. Pay attention to garbage and waste management.
- 6. Increase greenhouse gas sinks.
- 7. Assessment of the Company's Carbon Footprint.

#### Monk Robes from Recycled Plastic Project

The Company organized the "Amarin Makes Merit for Happiness" for the 2<sup>nd</sup> consecutive year to make merit by donating plastic water bottles to manufacture into monk robes to donate to Chak Daeng Temple in Phra Pradaeng District, Samut Prakan Province, through the upcycling process, which converted plastic bottle waste into textile dyed according to Buddhist discipline that was stitched by professionals into recycled monk robs. A single monk robe required fifteen 1.5-liter plastic water bottles. These bottles were entered into a modern processing technology to output high-quality textile. Employees also cooperated and changed their waste disposal behavior by discarding plastic bottles according to their designated bins. In 2022 and 2023, the Company gathered plastic bottles of 90 kilograms and 180 kilograms, total 270 kilograms according to the project's duration. As a result of plastic bottle processing, up to 594 monk robes were manufactured, which indirectly contributed to greenhouse gas emissions reduction.

Accordingly, the Company participated in the LESS project to receive certification for greenhouse gas emissions reduction for the 2nd year with the Ministry of Natural Resources and Environment through the Thai Greenhouse Gas Management Organization (Public Organization). In 2022 and 2023, the Company was able to reduce greenhouse gas emissions by 92 and 185 kilograms of carbon dioxide equivalents, respectively.

Activity to donate plastic water bottles to make rabes and PPE Kits

#### (5) Environmental Knowledge Training

#### 2023 Goals

7. Water pollution treatment system controller	1 person	External training
8. Water pollution treatment system operator	1 person	External training
9. Sustainable carbon management for the business sector	1 person	External training
10. Assessment for registration of pollution treatment system controller	1 person	External training

#### 3.4 Social Sustainability Management

The Company recognizes the importance of conducting businesses in a socially responsible manner when handling both internal and external issues. Therefore, it strives to ensure fair labor practices, promote equality and stay clear of discrimination. Its employment, remuneration payment, promotion, training and development of employees are not discriminatory on the bases of gender, age, educational institute, race, and religion. Moreover, the Company takes care of the wellbeing, safety and occupational health of employees, vendors, communities and society. Also, the Company respects human rights. Its production and service delivery are done with responsibility towards customers. The Company has played a role in social and community development. Integrated into its guidelines are the UN Guiding Principles on Business and Human Rights and human rights principle in country such as Thai Labor Standards, Thai Businesses' Social Responsibility (Mor. Ror. Tor.8001-2010) of the Labor Ministry. These guidelines strictly apply to stakeholders across the Company's value chain. The Company has formulated policies on environmental, energy, social and human rights with aim to promote good practices across its value chain for sustainable business operations. Reviewed at least once a year, these policies are released on the Company's website, https://amarin.co.th/sustainability.

#### 3.4.1 Policy and Guideline on Society

- The Company formulates human rights policy/ guideline, and complies with applicable laws, rules and regulations related to human rights.
- 2. The Company reviews policy plan and monitors performance of human rights.
- 3. The Company properly supports all employees' self-development to raise their quality of life.
- 4. The Company ensures that welfare for its employees complies with laws and human rights principles.
- 5. The Company accords importance to ensuring safe and good work environment.

- 6. The Company prepares whistleblowing channels for employees or persons who feel their rights are violated or subject to unfair treatment.
- 7. The Company arranges for the election of the workplace welfare committee in line with the Labor Protection Act B.E. 2541.

#### 3.4.2 Social Performance Results

#### (1) Respect for Human Rights

Amarin Group announced its human rights policy through the intranet and the Company's website to inform related parties via the URL https://amarin.co.th/sustainability: Human Rights Policy.

Amarin Group is convinced that sustainable business growth can only be achieved once the business gains the acceptance, trust and confidence of stakeholders. As such, the Company supervises and oversees the business operations of the Company's group in accordance with the law, regulations and specifications of regulatory agencies in accordance with related international human rights principles.

Goal in 2023: No complaints about human rights violations.

#### Implementation guideline

- The Company has set human rights policy and practice guidelines and has taken actions according to laws, specifications and regulations related to human rights.
- 2. We review our policies and management plan and monitor human rights performance outcomes.
- 3. We support all workers to receive the opportunity for appropriate self-improvement in order to improve the quality of life of workers.
- 4. We provide employee welfare according to the law and human rights principles.
- 5. We give importance to work environment and safety.
- We provide communication channels for employees and persons who believe they are subjected to violations or unfair treatment by being able to submit complaints to the Company according to designated channels.

#### Results

Legal Compliance	2021	2022	2023
Employment of Migrant/Transnational Workers (people)	0	0	0
Employment of Child Labor (people)	0	0	0
Number of Human Rights Violations Complaints in the Organization (cases)	0	0	0

#### (2) Fair Labor Treatment

The Company recognizes well that employees are enormously valuable resources who serve as important driving forces in achieving set business objectives. Thus, we have a policy and practices in place to treat employees equitably without discrimination based on sex, age, ethnicity or religion, in addition to having specified remunerations and training for employees along with development in skills, health, occupational health and work safety as summarized below:

#### **Employment**

#### 2023 Goals

Fair employment, regardless of gender, age, race, and religion.

#### Results

In 2023, Amarin Group had ratio of the male and female employees as following:

Item	20	21	2022		2023	
	People	%	People	%	People	%
Male	1,287	59.58	1,243	57.31	1,332	59.07
Female	873	40.42	926	42.69	923	40.93
Total	2,160	100.00	2,169	100.00	2,255	100.00

Note: All employees are Thai nationals.

# Ratio of Employees by Employee Age

	20:	21	2022		2022 2023		23	
Item	Total	%	Total	%	Male	Femal	Total	%
Age below 20 years	24	1.11	26	1.20	6	12	18	0.80
Age between 20 - 30 years	538	24.91	549	25.31	206	389	595	26.38
Age between 31 - 40 years	892	41.30	894	41.22	356	495	851	37.74
Age between 41 - 50 years	545	25.23	552	25.45	278	343	621	27.54
Age over 50 years	161	7.45	148	6.82	77	93	170	7.54
Total Number of Employees	2,160	100.00	2,169	100.00	923	1,332	2,255	100.00

#### **Employment of Disabled Persons**

#### 2023 Goals

Amarin Group gives importance to improving the quality of life of persons with disability by encouraging disabled persons to have the chance to demonstrate their capabilities in order to earn income and become self-reliant in line with the Empowerment of Persons with Disabilities Act, B.E. 2550.

#### Implementation guideline

Amarin Group gives importance to and complies with the Empowerment of Persons with Disabilities Act by encouraging the employment of workers in the business and paying employment remunerations to persons with disabilities.

#### Results

In 2023, Amarin Group's share of employees who were persons with disability or underprivileged persons was as follows:

Item	2021	2022	2023
Male	9	6	8
Female	11	11	10
Total	20	16	18
Percentage of number employees	0.92	0.73	0.83

#### Fair Remuneration

The Company recognizes that employees are valuable resources and crucial to AMARIN Group's success. Therefore, it has human resource management policies to govern recruitment, human resources development, career path, and fair remuneration under applicable laws and regulations. Moreover, it prepares good welfare, comprehensive and appropriate benefits for employees who have joined AMARIN Family. Moreover, it has promoted ties between its executives and employees. Efforts are also made to retain talents for mutual and sustainable growth.

#### Implementation Guideline

The Company has the policy to pay fair remuneration to employees in line with applicable laws and regulations.

Remuneration for employees covers:

- Salary or wage that employees receive on a regular basis. Its amount is calculated based on job responsibilities, position, experience, and expertise.
- 2. Bonus that is based on performance. The Company reviews employees' remuneration every year using the following Key Performance Indicators (KPIs):
- Organization Indicators: AMARIN Group gives first priority to the identification of organization indicators so as to provide a guideline for all departments and members. These indicators are the amounts of revenue and profit of the Company in each year.
- Department Indicators: They indicate the performance of departments, with their goals resonating with Organization Indicators or corporate policies.
   Department indicators play a role in driving the Company towards success.

 Individual KPI: These indicators matter the most because individuals are mechanisms of AMARIN Group. Not only that they support the performance evaluation of each employee, but employees' performance also contributes to department and organization indicators.

#### Results

In 2023, the Company paid 430,388,899 Baht as remuneration to its employees. The amount is shown in female: male ratio too.

Level	Ratio Remuneration (Female : Male)
High-level executives	1.31 : 1
Executives	2.21 : 1
Employees	1.45 : 1

# Promotion of Welfare and Savings for Employees' Financial Security 2023 Goal

Amarin Group promotes welfare and savings to create financial security for employees and motivates employees to create life security and safety.

#### Implementation Guideline

Amarin Group has specified benefits for employees and created projects to provide welfare support and savings to create financial security for employees as follows:

	details
Provident Fund	AMARIN Group has prepared a provident fund for all employees to join on a volunatary basis after they completed probation period. After three years of service, fund members can claim parts of the Company's contributions to their account. After 10 years of service, fund members can claim all of the Company's contributions to their account.
Amarin Taweesuk Savings Cooperative	AMARIN Group has given employees access to savings cooperative. They may join the cooperative on a voluntary basis after they completed probation period.
Group Health and Life Insurance	AMARIN Group has taken out group life and health insurance for its employees who already completed probation period. If they fall ill, they can use health insurance/life insurance cards to get treatments from medical facilities round the clock.
Group Health and Life Insurance Annual Checkup	AMARIN Group arranges annual checkup for all employees so that they know about their health information. The checkup will also promote their good health.
COVID-19 Tests	AMARIN Group has provided COVID-19 tests prior to their entry to workplaces to separate people with risks and lower infection risks at the Company.

#### Results

In 2023, the Company's group paid overall remunerations to employees who voluntarily participated in the Provident Fund and Savings Cooperative as follows:

Total employee remunerations (Baht)	907,493,902
Amount of financial contributions by the Company into the provident fund (Baht)	27,944,531
Number of employee members of the provident fund (people)	1,651
Ratio of employees who joined the provident fund/total employees (%)	73.22
Total number of employees who are member to the savings cooperative (people)	557
Ratio of employees who joined the savings cooperative/total employees (%)	24.70

#### **Employee Training and Development**

Amarin Group recognizes well that employees enormously valuable resources that serve as an important driving for to achieving set business objectives. We are determined to promote the development of skills, knowledge and abilities of employees continuously in order to create the greatest value for the organization while keeping up with economic, social and environmental changes. Amarin gives importance to educating employees, so they know and understand the digital lifestyle, in addition to promoting skills to match with the online work format and learning to support changes in the New Normal while creating a sustainable culture of learning.

#### 2023 Goals

- Conduct employee performance evaluations by twice annually.
- Provide overall training to 80% of all employees.

#### Implementation Guideline

Use personnel knowledge and capabilities promotion formats through different channels such as online systems, Zoom, training in meeting rooms, e-learning systems in the intranet, in-house training and work studies abroad.

# Safety, Occupational Health and Work Environment Management

The Company accords utmost importance to safety, occupational health and work environment management and related operations and is committed to giving good and safe work environment to all employees as well as other stakeholders including vendors, communities and the environment. The goal is to prevent impacts from dangers that may happen and disrupt business operations. Supervised by its Safety, Occupational Health and Work Environment Committee, its safety, occupational health and work environment management is in line with applicable standards, laws, rules and measures. The Company has issued the following policy/guideline on safety, occupational health and work environment:

- The Company shall strictly comply with regulators' rules, regulations, announcements, orders and standards on safety, occupational health and work environment.
- 2. The Company shall promote the knowledge of safety, occupational health and work environment on a continued basis.
- 3. The Company shall promote safety by providing training to educate employees about safety issues and to promote their sense of safety.
- 4. The Company shall provide adequate and proper personal protective equipment that suits the nature of each task.

- 5. The Company shall improve the environment in its compound and periphery to promote proper hygienic conditions, quality work life and good health.
- 6. The Company shall take all means to prevent and control losses arising out of accidents, fires, injuries and work-related illnesses, breaches of safety system, non-compliance with work procedures, and mistakes. Also, the Company shall maintain safety at workplaces and conduct regular safety drills.

#### Long-term Goal Zero Accident

#### Implementation Guideline

The Company shall support safety-promotion activities, communicate about safety issues to employees, and conduct training for them to equip them with knowledge, the sense of safety, and awareness of risks and causes of accidents at workplaces.

Amarin Group gives importance to risk of fires, which cause damage to life and property and the Company's operation, employee welfare and nearby communities. Thus, to ensure work safety and prepare for fire accidents, the Company's group holds a firefighting and fire evacuation drill regularly every year.

#### Results

Our safety, occupational health and work environment performance is as follows:

Indicators	Goals	2021	2022	2023
1. Work Accidents without Lost Time (number/cases)	0	0	0	2
2. Work Accidents with Lost Time by 1 Day (number/cases)	0	0	0	0
3. Work Accidents with Lost Time by More Than 1 Day (number/cases)	0	2	4	4
4. Work Accidents with Loss of Organ or Disability (number/cases)	0	0	0	0
5. Deaths Caused by Work Accidents (number/cases)	0	0	0	0

 Basic Firefighting Training Course: On 30 May 2023, the Company organized a basic firefighting training course according to the law with reference to ministerial regulations and specifications and standards on how to manage, deal with and operate in safety, occupational health and work environment related to fire prevention and suppression.

Training Course in Chemical Spill Clean Up: On 17 October 2023, the printing press and packaging section organized a chemical spill clean-up training course for 20 participants (6 hours). The Ministerial Regulation On Specifying the Standard for Managing, Dealing with and Operating in Safety, Occupational Health and Work Environment related to Hazardous Chemicals, B.E. 2556 (2023), Chapter 9, Clause 34, requires employers to provide training to their employees who have the duty to control and suppress hazardous situations with review training conducted by at least once per year in orde to provide knowledge about the principles on how to control and prevent hazards from chemicals used in storage and transportation and safe practice guideline. Accordingly, the target group consisted of work supervisors and employees who were required to operate in places where chemicals are stored in the production area.

 Advanced Firefighting Training Course: From 17 - 18 August 2023, the Company organized an advanced firefighting training course for 11 firemen inside the place of business.

• Firefighting and Fire Evacuation Drill Training Course: On 21 November 2023, the Company organized a firefighting and fire evacuation drill training course in accordance with the law with reference to the ministerial regulations, which require employers to provide training to employees by at least once annually and for employers who violate who fail to comply to be sentenced to no more than 1 year of imprisonment or a fine not exceeding 400,000 Baht or both (pursuant to the Safety Act). This year the company has participated and passed. Training courses on Firefighting and Fire Evacuation Drill 973 people escaped the fire, or 100%.

Training Course: On 16 June 2023, the printing press and packaging section organized the electrical work training course and safety training course for 27 participants (3 hours) to comply with the Ministerial Regulation on Specifying the Standards for Managing, Dealing with and Operating in Safety, Occupational Health and Work Environment Related to Electricity, B.E. 2558 (2015). In doing so, employees with work responsibilities related to electricity received safety training in electrical work.

# Report of Measurement Results and Work Condition Analysis Regarding Heating, Lighting and Noise in the Place of Business

#### 1. Work Environment Management Regarding Noise

Actions were taken to measure noise levels in the area of operation by measuring volume. Values were found to be according to the standard specifications as follows:

Site for Measurement of Noise Average over 8 Hours	Measurement Result dB(A)	Standard Value dB(A)	Evaluation Result
Folding Stand F8	80	85	Passed
Printing Stand R7	77	85	Passed
Printing Stand RM3	80	85	Passed
Printing Stand RK4	66	85	Passed
Adhesive Stand B5	71	85	Passed
Die-Cut Stand TL2	80	85	Passed

#### 2. Work Environment Management Regarding Particulate Matter

Particulate matter levels were measured in the workplace. Particulate matter levels were found to be within the standard specifications as follows:

Sample Collection Point	Analysis Index	Analysis Results	Standard Value	Evaluation Result
ST-1 Scrap Disassembler Machine	Total Dust	0.870 mg/m <sup>3</sup>	15 mg/m <sup>3</sup>	Passed

#### 3. Work Environment Management Regarding Chemicals

Chemical levels were measured in the workplace. Chemical levels in the air were found to be within the standard specifications as follows:

Sample Collection Site	Analysis Index	Analysis Results	Standard Value	Evaluation Result
Printing Stand RK4	Isopropyl Alcohol	< 0.03 ppm	400 ppm	Passed
5 1 11 21 1 51/2	Isopropyl Alcohol	< 0.03 ppm	400 ppm	Passed
Printing Stand RY3	2-Butoxyethanol	< 0.02 ppm	50 ppm	Passed
	Toluene	< 0.01 ppm	200 ppm	Passed
Color Proofing Room	Oxygen	20.80%	> 19.5%	Passed
	Toluene	< 0.01 ppm	200 ppm	Passed
Block-Film Storage	Sodium Hydroxide	< 0.001 mg/m <sup>3</sup>	2 mg/m³	Passed
D-Print	Oxygen	20.90%	>19.5%	Passed
Plate Washing Room	1-Methoxy-2-propanol	< 0.02 ppm	100(2) ppm	Passed

#### 4. Work Environment Management Regarding Heat

Heat was measured in the workplace. Heat measurement results were found to be within the standard specifications as follows:

Sample Collection Site	Hea	Heat Index (°C)		Analysis Results (°C)	Standard Value	Evaluation
Sample Collection Site	NWB	DB	GT	WBGT	(°C)	Result
Folding Stand F14	26.8	37.1	37.5	30.0	32	Passed
Printing Stand RY3	26.5	36.8	37.8	29.9	32	Passed
Die-Cutting Stand TL2	27.1	34.5	37.0	30.1	32	Passed

#### Note:

NWB : Temperature readings from a natural wet bulb thermometer.

DB : Temperature readings from a dry bulb thermometer.
 GT : Temperature readings from a globe thermometer.
 WBGT : Wet bulb globe temperature in the workplace.

#### 5. Work Environment Management Regarding Lighting

Lighting was measured in the workplace. Lighting measurement results were found to be within the standard specifications as follows:

Sample Collection Site	Job Description	Standard Value (Lux)	Evaluation Result
	Packing work (1 point)	300 - 400	Passed
	Workpiece input-output (2 points)	200 - 300	Passed
Printing Press Area, 1 <sup>st</sup> Floor (12 points)	Workpiece inspection (7 points)	400 - 500	Passed
(12   10000)	Work prototype-sample creation (1 point)	400 - 500	Passed
	Workpiece assembly (1 point)	200 - 300	Passed
Detection Description	Computer work (15 points)	400 - 500	Passed
Printing Press Area, 2 <sup>nd</sup> Floor (17 points)	Workpiece arrangement (2 points)	200 - 300	Passed
Warehouse	Computer work (1 point)	400 - 500	Passed
(3 points)	Passages (2 points)	50 - 100	Passed
Office Area (10 points)	Computer work (1 point)	400 - 500	Passed

#### (3) Customers

Guided by its responsibility for customers, the Company has put in place product quality control process to ensure its products comply with laws and international standards and also to deliver best products to customers. The Company is committed to producing reliable products / services that are safe to customers' lives and health. Moreover, it has prepared efficient customer-data system and customer relations both before and after sales. Information given to customers are accurate and adequate. The Company, in addition, constantly conducts research and development efforts to maintain product quality. In events that its product is found to have sustained damages or failed to meet standards, the Company shall recall the products to prevent any severe impact on customers. It, in such events, shall prepare replacements to reduce impacts on customers too.

Furthermore, the Company recognizes that customer relations management can deliver various benefits. With aim to raise customer satisfaction, the Company prepares channels to receive complaints about substandard products/services paving way for the use of feedback for product/service improvement. The Company also keeps customer information confidential. The Company issues the guideline on customer treatment in its Business Code of Conduct as follows:

- The Company shall recognize the importance of customers and have the determination to foster customer confidence and achieve maximum customer satisfaction by offering quality products/ services at reasonable prices and maintaining sustainable customer relationship.
- 2) The Company shall provide adequate and accurate product/service information so as to prevent any misunderstanding about product/service quality or conditions. Also, it shall respond fast to customers' needs in efforts to generate maximum customer satisfaction.
- 3) The Company shall prepare channels to receive any complaint customers may have about products/ services or business operations. The Company shall quickly address such complaints and respond best to customers too.

4) The Company shall keep customer data and secrets confidential. It shall not abuse them for its vested interests or those of related parties. Neither shall the Company disclose customer data without their prior consent or approval from its authorized persons except when such disclosure is required for an explanation to a third party or is done in compliance with laws. Moreover, the Company has the policy/guideline on personal data protection that complies with the Personal Data Protection Act of B.E. 2564. Customer data are thus stored in accordance with laws as assurances to customers. The Company releases the policy on personal data protection on its website.

#### Implementation Guideline for Product/Service Quality

 The Company randomly audit standard/based on information from complaints. Some random checks are also conducted in accordance with regulations so as to ensure consistent compliance. The Company's process to receive complaints and recall products, pursuant to work regulations on customers' complaint management and product recall is as follows:

Development of Safe Products and Services The Company is determined to develop safe products / services in accordance with quality standards, requirements, and consumer-protection laws to create customers' confidence in the quality of its products/services. The Company has gotten certifications based on several standards. It has been certified based on ISO9001:2015 standard, which focuses on management systems for the goal of delivering quality products/services. The certification is an assurance that the Company has a proper process of control, examination, remedy, and prevention of errors. Also, the Company is certified based on FSC (Forest Stewardship Council) standard, which earns international recognition. Consumers across the world understand that FSC-labelled products use materials from commercial forests that are grown and taken care of in a responsible manner.

Moreover, the Company announces Quality Policy to affirm its commitment to constructive operations, standard process, and compliance with laws for the ultimate goal of delivering products that are excellent in quality, safe to consumers, and friendly to the environment. Guided by the policy, the Company has constantly pursued further development to respond continuously to customers' needs.

Customer Confidentiality The Company accords importance to customers' privacy and keeps their information confidential. It issues policy and guideline that requires its executives and staff to not disclose customer information to the public. Guided by this policy/guideline, it prescribes access control based on the importance level of data involved so as to prevent the leak of customer information. The Company promotes the use of IT system that can monitor and manage risks in a systematic manner, as well as effectively safeguard cybersecurity. Moreover, it implements IT security measures that not just comprehensively cover IT risk management and operations but also comply with the Personal Data Protection Act B.E. 2562. The Company releases its policy/quideline on personal data protection on its website, www.amarin.co.th./privacv

#### Results

#### **Customer Satisfaction Survey**

**Publishing and Packaging Business:** Target: 95 percent of customers are satisfied.

In 2023, the Company conducted a customer satisfaction survey with aim to use findings for analyses and improvement of products/services by relevant units. On the overall, 96 percent of customers were satisfied.

**Media and Event Business:** Target: 80 percent of visitors were satisfied.

In 2023, the Company conducted a satisfaction survey among visitors to Baan Lae Suan Fairs. Finding show 85 percent of visitors were satisfied.

#### **Customers' Complaints**

In 2023, the Company received complaints from customers. Of them, most were about products and services such as attempts to follow up with product repairs, coordination delays, or products that did not comply with agreements' conditions. After receiving these complaints, the Company resolved all of them. There was no complaint about product/service safety. Neither was there any complaint about a breach of customers' privacy.

#### (4) Vendors

The Company trusts that efficient supply chain management, which is rooted in social and environmental responsibility, leads to business success. Therefore, it is determined to foster positive vendor relationships, improve work process, and manage risks in collaboration with vendors for the goals of winning trust from all groups of stakeholders, developing good relationships, and fostering sustainable business growth. The Company formulates policy on supply chain management, supplier code of conduct and procurement policy that covers all ethical issues in business operations, human rights, the environment, occupational health and safety under the principles of good corporate governance in hopes that vendors shall apply them to their context, paving way for mutual and sustainable business ties.

## Preparation and Release of Policy on Supply Chain Management, Supplier Code of Conduct and Procurement Policy

In 2023, the Company released its policy on supply chain management, supplier code of conduct and procurement policy on its website, www.amarin.co.th, to provide assurances to its vendors for joint business.

#### Vendor Management Framework

The Company accords importance to treating vendors fairly and equally. Therefore, it promotes the procurement of products/services from vendors who not only have potential but also operate their businesses transparently in strict compliance with applicable laws. The Company's procurement proceeds in line with ISO9001, which covers procurement policy. Its procurement process thus specifies the level of procurement authority of persons involved and prescribes vendor selection method that addresses issues related to the environment, society, communities and good corporate governance as follows:

Nomination and selection of vendors	Vendors must meet qualifications prescribed and pass selection process.
Registration of new vendors	New vendors must acknowledge supplier code of conduct and relevant guidelines.
Classification of vendors	Key vendors are analyzed and evaluated as parts of the assessment of risks in supply chain, which aims to address risks and prepare necessary measures.
Performance Evaluation	Evaluation covers not just quality but also compliance with environmental and social regulations based on data from external sources.
Post-Evaluation Work	Compliance with supplier code of conduct moniored with vendors' self assessments.
Reporting to Executives	Vendor performance evaluatoin results are reported to executives in a transparent and accountable manner.

The Company formulates the following procurement policy/guideline:

- 1) The Company shall take into account the quality, prices, quantity, services, and response speed with emphasis on both effectiveness and efficiency.
- 2) The Company shall conduct transparent, fair and accountable procurements in accordance with applicable regulations, rules, and laws including those related to the environment. Also, it shall maintain good risk-management and corporategovernance systems.
- 3) The Company shall honor business ethics by not taking advantage of vendors. Also, it shall provide vendors with complete and accurate information. Treating vendors as equals, it shall listen to vendors' opinions/recommendations.
- 4) The Company shall embrace Green Procurement by considering environmental impacts, Green Procurement, social responsibility, and corporate governance, and respect human rights in labor use because they are parts of sustainable supply chain management.
- 5) The Company shall communicate with relevant parties in its supply chain including vendors and business partners in pursuit of long-term mutual growth.

#### **Vendor Relations Management**

The Company has regularly communicated with vendors for the exchange of opinions and vendors' awareness of relevant policies namely supply-chain management policy, business code of conduct, human-rights policy, procurement policy, personal data protection policy, and anti-corruption policy. In addition, the Company prepares channels to receive complaints about, if any, non-compliance with the Code of Vendors.

#### Long - Term Goal

Zero complaint from vendors about non-compliance with Code of Vendors

#### Results

In 2023, the Company did not receive any complaint from vendors about non-compliance with supplier code of conduct, unfair treatment, or unequal treatment.

#### (5) Business Competitors

The Company adheres to the principle of conducting businesses with honesty, fairness, transparency and accountability, without taking advantage of business competitors. Guided by this principle, the Company does not seek business competitors' secrets. Also, it does not demand, accept or give any benefits in dishonest trade practices in strict compliance with relevant laws and regulations. The Company's policy/guideline on business competitors is shown In Part 2: Corporate governance under No. 6. Corporate Governance 6.1.2 stipulates policy/guideline on shareholders/stakeholders, which also appears on the Company's website, www.amarin.co.th.

In 2023, the Company did not have any dispute with business competitors.

# (6) Contribution to Community and Social Development

Amarin Group accords importance to the promotion of happy coexistence with communities and society by giving educational and occupational opportunities to youth and the underprivileged, and contributing to efforts to care for the public and communities - both of them being crucial to its sustainable business growth. The Company, as a result, is committed to raising people's quality of life, strengthening society and communities, and delivering happiness to them in pursuit of mutual growth.

#### Long-term Goal

- Employees' participation in projects/activities that benefit communities and society
- Zero dispute with communities in the Company's neighborhood

#### Implementation Guideline

The Company operates its businesses based on good governance, business code of conduct and social responsibility. It sponsors activities that deliver public benefits. Also, it supports government agencies or private entities that serve social and environmental causes. Moreover, it encourages executives and employees to volunteer in activities that are held for public interests alongside the public and communities. The ultimate goal is to promote volunteerism and the willingness to do good things across all sectors of society.

#### Results

In 2023, the Company hired people in its community areas as well as in all regions of Thailand in support of their income generation. Details were as follows:

Persons hired from neighboring communities (percentage)	2022	2023
Suan Phak Community	28.25	15.25
Bang Krai Nai Community	18.15	3.07
Taling Chan Community	5.87	-

Hiring workers in the area (percentage)	2022	2023
Bangkok	60.41	47.50
The Central	32.23	31.22
The East	1.17	1.94
The Northeast	<u>-</u>	11.67
The West	2.03	4.30
The South	1.71	1.94
The North	2.45	1.43
Total	100.00	100.00

#### (7) Innovation Development

# Policies and Guidelines for Promoting Business Inventions or Innovations

Amarin Group has a policy to develop and promote the development of inventions to improve work processes and business innovations for the Company to create good products and deliver long-term value for the business and society while benefiting customers and related parties.

# 2. Work Planning Processes in Developing and Promoting Innovations

In 2023, the Company held a contest for 3 innovation development projects related to improvement of work processes, products and / or services. A committee was appointed to consider and judge work results and to publicize results to all business groups of the Company

to submit work results for the contest according to the Company's conditions.

This was divided into 3 large project categories as follows:

- **1. Innovation Projects** Employees proposed 13 projects, of which 9 projects were chosen.
- **2.** Talent Development Projects Employees proposed 8 projects, of which 1 project was chosen.
- **3. Best Practice Projects** Employees proposed 17 projects, of which 10 projects were chosen.

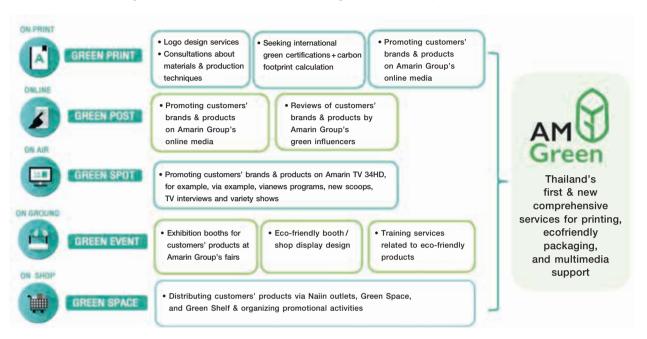

## 1. Innovation Project

- 1.1 Live Production Camera Project: This was an innovation project for reducing cost while maintaining the same quality by improving production equipment by replacing cameras, leading to effective cost reduction while retaining the same quality as competitors in addition to saving space in shipping and transportation, in addition to reducing installation time. When a comparison was made with the government lottery live broadcasting program production by use of standard equipment, the project was able to cut equipment production cost by 85%.
- 1.2 EMBOSSING ON DIE-CUTTING MACHINE PROJECT: This was an innovation project for increasing embossing effectiveness by improving current machinery to be able to increase production capacity instead of use of a manual machine. The project also cuts production cost and reduces set-up time. As a result, embossing production time was increased by up to 600% from 300-500 sheets/hour up to 3,000 sheets/hour.
- 1.3 PRAEW The Master Project: This was an innovation project for creating new projects that had never been done before. The Company organized different training courses for specific customer groups such as in-depth courses into the world of investment and financial management, fintech and investment technology course, investment luck course, course on opening the gates to opportunity and prosperity through personality and attire, etc.
- 1.4 SX2023 Project: This was an innovation project at the Sustainability Expo 2023 (SX2023), the largest sustainability expo in the ASEAN region, which was held for the 4th consecutive time. This year, the event was held under the concept of "Sufficiency for Sustainability for the World" with emphasis on combining the forces of every sector to create a decade of action to sustainability make an inviting world.

- 1.5 Video Return for Live Broadcast Project: This was an innovation project on using media return to view live broadcasting queues, viewing live broadcasting pictures and return pictures with the least delay. Experiment results showed that program queues were able to flow smoothly continuously from setting and moving equipment in a flexible way. This effectively reduces expenses and work in addition to reducing the number of operators.
- 1.6 NAIIN Application Project: This was an innovation project that increased product sales and service channels online and fully opened up the E-Book market.
- 1.7 Viewer Behavior Data Collection Project by Use of IoT (Internet of Things) and Line Beacon: This project was an innovation for enabling us to learn about current information related to fair events such as the number of people at different time periods inside events, the number of people at each booth and where people walk to at each event. Accordingly, the team experimented by using beacon and Line beacon in data collection.
- 1.8 Data Center Environment Monitoring System and Abnormal Temperature and Humidity Surveillance Project: This was an innovation project for monitoring and providing alerts on temperature and humidity irregularities of equipment inside the data center. Because this system that that is available for general use in data centers are large and expensive, employees started to develop the system by using separate standard pieces of equipment and cheaper or free software and applications to assemble together into a system.
- 1.9 EGCO 2023 Diary Project: Soft cover, rounded spine, straight-edged book stitching at the opening of the smooth corner die-cut machine: This was an innovation project for stitching soft-covered books with straight edge that have never been manufactured before at the Company. Accordingly, employees experimented by using the book-stitching machine to manufacture the work result according to customers' needs.

## 2. Talent Development Projects

**2.1** Am Green Brand Communication Plan: Employees proposed a way to publicize and communicate the new business brand of the printing press and packaging business by using materials and production processes certified according to international standards for being environmentally friendly and sustainability.

- 2.2 Heart-Cover(ed) Project to Design Attractive Covers for the Right People: Employees proposed ways to impress customers who buy books as another way to increase income.
- 2.3 WS Commerce Project: Employees proposed a platform project to gather the products and services of Naiin Store to make it easy to serve customers and distributors.
- 2.4 CO-READERS SPACE AIINFINITY: Employees proposed a way to add a co-working space and reader community with the expectation to create a space for generating greater income.
- **2.5** Amarin Star Project: Employees proposed a way to create influencers from the Company's employees.
- 2.6 BSF Project: Employees proposed a method to organize events in separate parts from previously organizing large housing and garden events. Employees proposed separating smaller events

- from large events such as by holding room events separately with the aim of meeting the needs of SMEs and highlighting younger designers and entrepreneurs while promoting a strong designer community to build connections.
- 2.7 Virtual Ads 330 Project: Employees proposed a way to hold virtual news programs at various Amarin events and fairs to deliver technology to outside parties.
- 2.8 Translator Catalog Project: Employees proposed a way to gather data from all language translators into the system by storing and compiling data for ease of use to make it possible to effectively choose translators by relying on up-to-date translator data along with the capabilities of both new and experienced translators while developing the quality of new translators.

# 3. Best Practice Projects

3.1 Side Film Cover Production Work Time Reduction Project: Employees developed a way to change the film cover process from using OPP THERMAL FILM to using OPP THERMAL FILM ANTI-SCRATCH (a new type of film) to prevent scratches and reduce waste from use of the existing film. Their experiment found that up to 77% of waste cost can be reduced as follows:

	Current	Improvement Concept
1	NC 2 items	NC 0 items
2	9,809 volumes of NC waste of customers	0 volumes of NC waste sent to customers
3	FILM OPP THEMAL 780 mm*3000m	OPP THEMAL FILM ANTI-SCRATCH 780mm*3,000m

- 3.2 Folding Stand Enhancement Project: Employees reviewed the factors affecting the speed per hour of the folding stand, including speed and gab. After making speed adjustments, it was found that the machine would function abnormally by vibrating and causing work damage. As a result, gab was adjusted to increase speed at the stand by increasing production capacity by 8.70%.
- 3.2 Electricity Consumption Reduction-Air Conditioner
  Timer and Solar Cell Project: Employees
  developed a way to reduce energy consumption
  by installing an air conditioner system at the data
  center separately from the chiller system to allow
  the chiller system to be turned off after office hours
  and on every holiday, or a time period of 316 hours
  +40 hours at day time on holidays per month.
  Turning off the chiller system at night contributed
  to a 29% savings in electricity cost per month.
- **3.4 Energy Consumption Reduction Project:** Two air conditioner switching devices were installed in the solar cell system control room.

#### Percent of Reduction in Electricity Cost

- Monthly electricity cost before timer installation: (100% use).
- Monthly electricity cost after timer installation: (down to only 25%).

### **Equipment Installation Cost**

- Cost of 2 analog timers: for setting on-off time = 2.000 baht.
- Analog Timer Installation Cost: Engineering department team.
- 3.5 Packaging Department Production Cost Reduction:
  Employees worked together with the procurement department to search for materials to test and reduce production cost. In October 2023, employees tested KT125 paper, which "passed" the test by reducing cost by approximately 12% per sheet.
- 3.6 Packaging Department Operation Efficiency Enhancement Project: Employees developed a way to improve work processes to reduce time and manpower by eliminating the step of storing work on pallets as follows:

	Current	Improvement Concept
1	12 employees required.	9 employees required.
2	3 shrink wrap stands (WR1, WR2, WR3).	3 shrink wrap stands (WR1, WR2, WR3).
The	production process is as follows:	
1	The shrink wraps require 3 people (1 person/stand).	The shrink wraps require 3 people (1 person/stand).
2	QC. + storing work on pallets: 3 people (1 person/stand).	QC. requires 3 people (1 person/stand).
3	Packing requires 6 people.	Packing requires 3 people (1 person/stand).

**3.7 Adhesive Machine Efficiency Enhancement Project:** Employees developed a way to improve the adhesive stand production line by installing additional equipment to increase production capacity as follows:

	Current	Improvement Concept
1	Production capacity: 15,000 s/h	Production capacity: 17,000 s/h
2	Unable to increase at high speed	Able to increase at high speed
3	Employees do not have space to store workpieces.	Employees have more space to store workpieces.

- 3.8 Spot UV Modification Project to Output Small Workpieces: Employees developed a way to improve the Spot UV machine by drilling the part attached to the floor and testing workpieces. The result was that the machine was capable of working on work sizes smaller than 22 inches.
- 3.9 Plastic Film Cover Cost Reduction Project:
  Employees developed a way to improve the film requisitioning process to have sizes cover workpieces without having to cut away oversized film while being able to reduce film distance adjustment time by 15 minutes/1 machine set up.
- 3.10 Automatic Folding Machine and Printing Layer Adjustment (Gluing): Employees analyzed ways to increase machine efficiency. An automatic folding machine can help reduce risk from collecting from the same stack. The use of a folding machine with a precise control system can reduce the manual labor involved in folding stacks, thus reducing cost in hiring outsourced contractors and increasing capabilities in a wide range of production to more quickly meet the needs of customers.

# 3.5 Employee Engagement and Retention Promotion Activities

Amarin Group is committed to promoting the engagement of employees, who are a major driving force in achieving work effectiveness and moving toward business sustainability. Thus, we respect human rights principles and treat employees on the basis of equality and fairness in addition to encouraging employees to develop their skills, knowledge and ability continuously while having the opportunity to grow in their career paths and working together as part of a team. We also listen to the opinion of employees in order to understand the satisfaction and confidence of employees on the Company.

#### **2023 Goals**

Amarin group organized activities to promote engagement in the organization and for employees to continue to have love, confidence and engagement in the organization. In 2023, the Company's group held 35 activities as follows:

Activities	Number (Times)
1. Town Hall Meeting	6 times
2. DNA promotion activity	6 times
3. Amarin Sends Love through DNA activity	1 times
4. Amarin Period Songkran activity	2 times
5. Merit-making activities	2 times
6. Asalha Bucha Day and Buddhist Lent	1 times
7. Amarin Blood Donation activity	2 times
8. Weight loss and proactive health check-up activity	4 times
9. Mo TALK activity	1 times
10. Children's Day activity	1 times
11. Plastic water bottle donation for making monk robes	3 times
12. AMARIN Green We Love Trees to increase green spaces activity	1 times
13. Long work time award activity	1 times
14. New Year's Day activity	4 times

### **Management Guideline**

- Promote and engagement and development of the organization by heeding opinions and recommendations to develop and improve the Company's operation.
- Organize activities to promote employee engagement in every line of work.

#### Results

The Company organized activities to promote employee engagement and retention in 2023 by supporting for employees to participate in social activities through employee volunteers and environmental activities. These activities not only promoted ties between employees and the community but also promoted bonding among colleagues and a sense of pride in employees for having created benefits for society.

1. Town hall meetings: Meetings were organized where high-ranking executives meet with employees to share stories such as information about the direction of work and work news and information in addition to solving problems and asking questions that exist in the organization. These activities provide an opportunity for closing communicating with employees while allowing employees to directly ask questions from high-ranking executives. In 2023, the Company continuously organized town hall activities and meetings inside the organization.

DNA 6 300 Employees

3. Amarin Sends Love through DNA activity: This activity was held to encourage employees to recognize and value their expression to their colleagues by sending thank you cards.

# Amarin Sends Love through DNA activity

4. Amarin Period Songkran activities: Amarin Corporations Public Company Limited and Amarin Book Center Co., Ltd. organized activities to continue and conserve the Thai culture by promoting fun and shared activities to create love and bond in the organization's personnel.

### Amarin Period Songkran activities

5. Merit-making activity: For the auspiciousness and business prosperity of the Company, we organized events on the date of founding of the printing press and packaging business and a merit-making event by Amarin Book Center Co., Ltd.

## Merit-making activity

#### Amarin Make Merit

6. Asalha Bucha Day and Buddhist Lent Activity: The Company and representatives of executives and employees participated with Dipangkorn Wittayapat - Noi Nai Temple School under Royal Patronage by donating lent candles and necessities and offerings to the Buddhis monks of Noi Nai Temple. This activity encouraged employees to continue the beautiful traditions of Thailand.

### Asalha Bucha Day and Buddhist Lent Activity

- 7. Amarin Blood Donation activities: In 2023, the Company organized two blood donation activities for the Thai Red Cross Society as follows:
  - 1<sup>st</sup> Time: The Company organized a blood donation activity on 9 May 2023 to donate 77 units of blood from 92 registered persons.
  - 2<sup>nd</sup> Time: The Company organized a blood donation activity on 29 November 2023 to donate 74 units of blood from 78 registered persons.

#### **Amarin Blood Donation activities**

8. Weight loss and proactive health check-up activities:
The Company organized a health activity for

employees to recognize the importance of good health and to monitor and change behaviors after undergoing health check-ups, especially for diabetes, blood pressure and the silent threat of heart disease.

### Weight loss and proactive health check-up activities

- 9. Doctor Talk activity: The Company's group organized an activity to provide knowledge and self-care to employees with high blood cholesterol levels after undergoing an annual physical check-up. Accordingly, doctors provided health knowledge such as on how to eat nutritious foods and exercising to move the body and improve health.
- 10. Children's Day activity: Amarin Corporations Public Company Limited organized an activity for the Company's employees to participate in returning to society and contributing to a strong society and community by having employees contribute to donating scholarships and giving away books for society. In doing so, the Human Resources Department represented the Company in donating children's books and magazines to Anurajchaprasit School and 5 other locations, namely.
  - Wat Chai Phrueksamala School (Nonthasiriratbamphen)
  - 2. Wat Chaiyapruksamala Youth Center
  - Plai Bang Wat Khon Rat Bamrung Municipal School
  - 4. Anurajprasit School
  - 5. Taling Chan Police Station

#### Children's Day activity

#### **Doctor Talk activity**

11. Plastic water bottle donation for making monk robes and PPE set donation activities: This project was organized for the 2nd consecutive year to contribute to making a stand to save the world by reducing trash from plastic. The team from the human resources Department worked together with employees to accept donations of discarded plastic bottles to clean them and separate lids and labels before pressing them and packing them into bags to donate to Chak Daeng Temple, Samut Prakan Province, for the temple to use the upcycling process to transform the plastic bottles into material for creating dyed textile according to Buddhist discipline before being stitched by professionals into recycled monk robes.

Plastic water bottle donation for making monk robes and PPE set donation activities

12. Long work time award activity: This activity confirmed the engagement of employees with the organization. Mr. Siri Bunphithakket, Chief Executive Officer, and the Executive Committee awarded each employee for having worked with the Company over a long period of time from 15 years to 20 years, 25 years and 30 years.

#### Long work time award activity

13. AMARIN Green We Love Trees activity: The Company's group organized an activity to increase green spaces and create a barrier for filtering dust to promote a good environment for this world. The Company has always received excellent support from the Royal Forest Department for having donated 2,000 tree saplings for the Company, namely, Siamese rosewood, Tabebui rosea, Pterocarpus macrocarpus and Acacia mangium trees to be distributed to create benefits. In total, 1,000 trees were given to interested employees, while another 1,000 trees were donated to Anuratchaprasit School, Nonthaburi Province, on Mother's Day.

AMARIN Green We Love Trees activity

14. New Year's Day activities: The Company's group organized New Year's Day activities in 4 companies. The occasion provided a good opportunity for creating a cheerful atmosphere for every employee to feel entertained and develop a deeper bond. These activities helped deliver happy experiences while creating memories and strengthening the society within the organization and giving employees the chance to meet with and create positive ties with others.

#### New Year's Day activities

### 3.6 Key Events

Amarin Baby & Kids Fair 24<sup>th</sup> Amarin Baby & Kids Fair 23 - 26 March 2023

#### Hall 98, Bangkok International Trade & Exhibition Centre

The 24<sup>th</sup> Amarin Baby & Kids Fair presented special promotions on moms & kids products to the delight of mothers. Fun activities were also held on each day of the event. Among them were Baby Rallies in the forms of crawling contest and toddler's race. Led by Monkeys, fun parades were also organized. Parents could attend seminars at the fair free-of-charge too. Available were "How to Choose the Right School for Your Kids" seminar by Khun Pen from Facebook Page: Longtunmom, exclusive workshop on "Tree-Toy Making" by Plan Toys and must-not-miss "Groom Your Kids to Become Virtuous and Quality Adults" training by Kru Mom (Asst. Prof. Panadda Thanasetkorn), which sought to inculcate children with love for the nature. An entertainment and knowledge for families in conjunction with Baan Lae Suan Fair Selection 2023.

25<sup>th</sup> Amarin Baby & Kids Fair 29 June - 2 July 2023

# Halls 101-102, Bangkok International Trade & Exhibition Centre

The 25<sup>th</sup> Amarin Baby & Kids Fair was grander than its previous editions, because it occupied spaces across two big halls. Big promotions were available for mothers' shopping fun, with moms & kids products available at special prices. Best deals included discounts as well as complimentary gifts. Fun activities were also organized every day during the event. ABK Baby Rally covered both crawling and toddler categories. The army of children's stories for children's imagination and development also joined the fair, with parades led by Monkeys. The event included free classrooms for parents too. Kru Kavita "Nice" Putdang, who founded Baan Kang Jai (Early Learning and Child - Family Development Center), conducted "5 Storytelling Techniques to Have Fun with Kids". Ms. Nattavadee Kerdnaimongkon and Ms. Punnisa Chanthasena from IKEA, meanwhile, taught "How to Organize Kids' Rooms". Asst Prof. Dr. Chidchanoke Thearapati, a pediatric neurologist from the Phyathai 2 Hospital, offered "First Aid and CPR for Kids" training. For the first time ever, "Praew COOL KIDS CAMP" was held for children to enjoy camp activities while "Praew COOL PLAYGROUND" handed out knowledge and prizes. The 25<sup>th</sup> Amarin Baby & Kids Fair was an ultimate one-stop event for moms and kids, as it served fun and family activities.

# 26<sup>th</sup> Amarin Baby & Kids Fair 30 November - 3 December 2023

Venue : Hall 103-104, Bangkok International Trade & Exhibition Centre

The 26<sup>th</sup> Amarin Baby & Kids Fair was held at the year-end period with big promotions. On top of a complete range of moms & kids products, the event was also full of fun activities. ABK Baby Rally was held with both crawling and toddler categories. ABK Baby Stage, meanwhile, offered free seminars for parents. Seminar topics addressed by Thai Nakharin Hospital's doctors included "How to Raise Your Kids' IQ from Pregnancy Stage", "Deal with 4 Kids' Most Common Winter Diseases" and "CPR for Kids Choking on Food" while doctors from the Bamrungrad Hospital delivered a lecture on "Sick Kids Can't Wait...When to Rush Your Kids to Doctors". Ruamjairak Hospital's doctors also joined the stage with lectures on "How to Exercise Safely during Pregnancies" and "9 Tips to Boost Child Development Every Month". The owner of Facebook Page: NurseKids served as a speaker too, addressing the topic of "Breastfeeding Techniques for Happy Moms and Babies". During the fair, ABK Kids Market featured stalls by young entrepreneurs with kids selling their products to interested customers. The 26th Amarin Baby & Kids Fair was truly a one-stop event for families because it presented a great range of products. entertainment, and knowledge.

Baan Lae Suan Fair Baan Lae Suan Select 2023 18 - 26 March 2023

Halls 99 - 104, Bangkok International Trade & Exhibition Centre

"Baan Lae Suan Select" has been held for six years already, with a great selection of quality products. This year, the fair embraced the theme of "Rebalance by Redesigning Your Life".

Ongoing environmental problems and pandemic affected every life. For rebalancing purposes, it is necessary to pay more attention to the planet. "Baan Lae Suan Select" thus decided to encourage everyone to help take care of the earth for hopes and possibility of being happy in every aspect of life every single day. The fair showed how various socially and environmentally responsible ideas could be integrated into lifestyles via homes, public spaces, and offices to serve sustainability-conscious inspirations and practical attitudes towards building sustainability in the long run.

# Amarin EXPO 2023 24 - 28 May 2023

# Hall 5-8, Queen Sirikit National Convention Centre, LG floor

Amarin EXPO 2023 was a new fair from Amarin Group's collaboration with partners from various industries. Held as the event of the year, Amarin EXPO 2023 aimed to deliver happiness to everyone via entertainment and knowledge. The expo created spaces where people could meet up and enjoy new experiences. Featuring over 1,100 booths, it had five zones: Baan Lae Suan, Amarin Baby & Kids, Good Life, Baan Lae Suan Explorers and Nai-in. The expo also hosted special events. Praew Meet & Read Special presented Force - Jiratchapong & Book - Kasidet and Max - Kornthas & Nat - Natasit, who shared their perspectives towards reading and their favorite books in an exclusive environment. Mini Concert by Sudsapda Entertainment, meanwhile, featured Ben - Chalatit, Pun, Def Jam Thailand, PERSES, eRAA, Tigger, Alala, and Rooftop. Meet&Greet featuring Bas, Kimmon and Copter also colored up the ambience, while newscasters from Amarin TV served fun and constructive activities.

Baan Lae Suan Midyear 2023 4-13 August 2023

Halls 98 - 104, Bangkok International Trade & Exhibition Centre

Baan Lae Suan Midyear 2023 was held based on "SPARK Creativity, SPUR Inspirations" theme.

While an inspiration emerged in a split second, it could shape one's whole life. It could create happy spaces and delightful means of livelihood. If so, when and how will we spark inspiration?

People were invited to find an answer at the fair's Baan Lae Suan Home Village zone. The inspiring stories of eight figures from music, arts, craft, food, farming, and pet industries were there to spur inspiration for visitors to build something from their favorite hobbies to create their own happy space.

# Baan Lae Suan Living Festival 2023 27 October - 5 November 2023 Challengers 1 - 3, IMPACT Muang Thong Thani

Baan Lae Suan Living Festival 2023 embraced "TECHNO LOCAL" theme. This event was held in response to a new housing trend. As more city people have decided to relocate to a rural province, they look for a new home style that offers greater convenience. In response to their needs, local touch has been integrated into modern technology. Home designs reflect local wisdom and ways of life, while constructions are based on modern technology. New material choices have been considered. In some cases, local materials are recreated for new purposes. Co-creation has been a part of the trend to increase the appeal of material choices. Architectural designs and decorations have admiringly retained local charm.

Amarin Corporations Public Company Limited and subsidiaries (The Company) presented their financial position, operating results, and key financial ratios in consolidated financial statements, comprehensive income statements, and consolidated statements of cash flow for years ending on 31 December 2021, 2022, and 2023. All of them were audited by certified public accountant, KPMG Phoomchai Audit Ltd.

# 4.1 Analysis of Amarin Group's Operating Results and Financial Position

### **Analysis of Operating Results**

#### Revenue from Sales and Services

Amarin Corporations Public Company Limited and subsidiaries had the total revenue of Baht 2,960.61 million in 2021, Baht 4,274.45 million in 2022, and Baht 4,288.83 million in 2023. The revenue increase from a year earlier Baht 1,313.84 million or 44.38% and Baht 14.38 million or 0.34%, respectively. The Company's revenue distribution was appropriate thanks to Amarin Group's s Omni Media Omni Channel strategy. Details were as follows:

- 1. Revenue from Printing and Books Publishing Business totaled Baht 2,385.39 million in 2023. The amount went up by Baht 256.10 million or 12.0% from 2022, which recorded the revenue of Baht 2,129.29 million. The growth was spurred by e-Book and chapter-book sales growth, which expanded by 45.4%.
- 2. Revenue from Media and Events Business, which included advertising revenue from its print/online media as well as from its fairs/events, totaled Baht 710.06 million in 2023. The amount went up by Baht 39.44 million or 5.9% from 2022, which recorded the revenue of Baht 670.62 million. The business also launched new events such as "Amarin Expo 2023".
- 3. Revenue from Digital TV Business totaled Baht 1,023.42 million in 2023. The amount went down by Baht 263.91 million or 20.5% from 2022, which recorded the revenue of Baht 1,287.33 million, due to shrinking advertising spending on digital TV and online media that were supported by overseas platforms.

#### Cost of Sales and Services

In 2023, the Company's cost of sales and services reached Baht 3,008.51 million, which accounted for 73.04% of total revenue. The amount increased by Baht 161.14 million or 5.7% from 2022. The Company's cost rose in line with economic condition. The cost of fairs increased by 16.7% while the cost of book distribution soared by 15.8% in line with their revenue growth. The Company controlled its Digital TV Business' production and operational cost well, enabling the cost to drop by 5.5%. Therefore, the Company's cost of sales and services did not increase much.

### Selling, General and Administrative Expenses

The Company's selling expenses reached Baht 464.31 million in 2023. The amount increased by Baht 14.08 million or 3.1% in line with the Company's revenue growth. Its administrative expenses, meanwhile, totaled Baht 497.50 million in 2023. The amount decreased by Baht 10.08 million or 2.0% thanks to cost-management efficiency. The selling, general and administrative expense ratio to revenue stood at 22.4% in 2023 just like 2022.

#### Net profit

In 2023, the Company had the net profit of Baht 290.49 million. The amount dropped by Baht 183.88 million or 38.8% from 2022, which generated Baht 474.37 million in profit, mainly because of the drop in advertising revenue generated by digital TV and online media, most of which relying on overseas platforms. Also, the Company's corporate income tax rose by Baht 28.97 million in 2023 because it used up all accumulated tax loss carryforwards in 2022. On the overall, earnings per share in 2023 rose to 0.29 baht in 2023.

#### **Analysis of Financial Position**

As of 31 December 2023, the Company's total assets had the value of Baht 5,963.88 million. It went down by Baht 112.75 million or 1.86% from the end of

2022. The significant drop happened to the bond investments (including bonds to be redeemed in one year). The value of bond investments decreased by Baht 356.78 million or 22.63% in 2023. The value of digital TV license held by the Company also fell by Baht 140.04 million or 15.83% from the previous year due to amortization based on the license's reducing valid period. The Company's assets increase from an eight-rai plot of land near head office at Baht 147.16 million, as well as buildings improvements, TV production and broadcast equipment at Baht 229.79 million and book copyrights also increased by Baht 90.72 million or 53.69%.

As of 31 December 2023, the Company's total liabilities totaled Baht 1,248.08 million, went down by Baht 129.15 million or 9.38%, mainly because the amount of current payables and accrued expenses decreased by Baht 95.71 million or 18.35%. Current liabilities also dropped by Baht 14.61 million or 24.54%.

As of 31 December 2023, the Company's equity stood at Baht 4,715.80 million. It went up from 31 December 2022 by Baht 16.40 million or 0.35% thanks to the Company's net profit of Baht 290.49 million from its operations. During 2023, the Company paid Baht 289.50 million in dividend. As a result, the Company's debt-to-equity ratio as of the end of 2023 was 0.26.

## 2023 Cash Flow Analysis

In 2023, the Company's liquidity increased as its net cash flow rose by Baht 8.69 million. In the beginning of the year, its net cash flow totaled Baht 242.18 million. At the end of the year, the amount of cash and equivalents rose to Baht 250.87 million. Details of the cash flow from different category of activities were as follows:

Net cash flow from operating activities totaled Baht 747.59 million. Mainly come from, the amount of Baht 329.42 million came from the income before tax with adjustments made to entries affecting profit. Entries

behind the bigger cash flow were depreciation and amortization totaling Baht 365.38 million, amortization of book copyrights and other intangible assets totaling Baht 224.21 million, and non-current provisions for employee benefits totaling Baht 37.89 million. Cash flows went down due to changes in operating assets and liabilities in the amount of Baht 147.83 million and the payment of non-current provisions for employee benefits in the amount of Baht 24.35 million. The Company received a tax refund of Baht 15.34 million.

Cash flow to investment activities was to the tune of Baht 353.62 million. The amount of Baht 431.68 million were spent on land, buildings, and equipment purchases, Baht 166.46 million on book-copyrights purchases, and Baht 157.39 million on the purchases of other intangible assets. The Company received Baht 354.26 million from its bond investments and Baht 37.44 million from interest income.

Cash flow to financing activities was to the tune of Baht 385.28 million. Of the amount, Baht 289.50 million were spent on dividend payment to the Company's shareholders while Baht 90.75 million went to payments required by lease contracts.

In 2023, the Company conducted its business operations fairly, transparently, and ethically with firm commitment to its vision, missions, and key strategies. Also, it attached importance to sustainable business operations by maintaining balance across environmental, social, and economic dimensions. For the environment, the Company installed solar cells at its car park and around its office buildings to generate solar power. The installations cost Baht 23.54 million but it enabled the Company to use electricity from renewable energy. Following the installations, the Company could produce 388,388 kilowatts of electricity, thus saving approximately Baht 1.84 million in electricity charges and reducing greenhouse gas emissions by 194.16 tons of carbon dioxide equivalents.

The Company was committed to generating long-term value to all stakeholders through sustainable business development. The Company hired 1,332 women and 923 men or a total of 2,255 people, spending Baht 943.79 million on its employees or 23.8% of total expenses. Baht 3.5 million was also given to training, skill development, and employee engagement and employee satisfaction activities. In addition, the Company has prepared a safe and proper work environment for good occupational health. To deliver value to communities and society, the Company's offset-printing for food packaging complied with

Good Hygiene Practices and the Hazard Analysis and Critical Control Point System and received relevant certifications. The Company, moreover, upheld the principles of good corporate governance, honored shareholders' rights, and treated all shareholders in an equitable manner. It therefore received "excellent" (five-start) rating and earned full marks for its quality annual meeting of shareholders. Such practices reflected the Company's commitment to building a better future as well as readiness to be a sustainability-driven organization that would roar ahead under the principles of good corporate governance.

# 4.2 Forward-looking Statement of Factors Significantly Affecting Operations and Financial Position

The Company has tangibly honored its commitment with efficiency, effectiveness and sustainable development. It has delivered value and superior quality via its printing, digital TV and online businesses. It has already hired a consulting firm for its preparations to meet FSSC 22000 V 5.1 standard on food safety management and to quantify and report greenhouse gas emissions and removals based on ISO 14064-1: 2018 standard. Data on greenhouse gas emissions and removals must be gathered in the base year for comparisons with the following years with results to be included in sustainability

reports. The Company will also expand greenhouse gas emission monitoring to its subsidiaries so as to comply with the international standard on sustainability disclosure, which covers sustainability-related threats and opportunities. The Company aims to create shared value with stakeholders through its products and services across its value chain right from the manufacturing to end-consumers in line with its "We work for the happiness and prosperity of society" mission. Also, it is determined to continue generating long-term value for all relevant parties based on the principles of business sustainability.

Governance

# 6.1 Overview of Policies / Guidelines on Corporate Governance

The Board of Directors recognizes and believes in the importance of corporate governance, a pillar that upholds the Company's effective and efficient operations on the bases of balance, sustainability, transparency, fairness, accountability, social and environmental responsibility, in the best interest of shareholders, investors, stakeholders, and all relevant parties. Therefore, the Board of Directors has formulated the Corporate Governance Policy for committee, executives, and staff to strictly adhere to in pursuit of the Company's stable and sustainable growth.

The Board of Directors has formulated Corporate Governance Policy, Business Ethics Manual and other relevant policies in accordance with the Stock Exchange of Thailand's (SET) Corporate Governance Code for Listed Companies 2012, the Securities and Exchange Commission's (SEC) Corporate Governance Code (CG Code) for Listed Companies 2017 and the Thai Institute of Directors' (IOD) Corporate Governance Report of Thai Listed Companies (CGR). The Corporate Governance Committee considered and presented the policies for the Board of Directors to approve before implementation. The Corporate Governance Committee, moreover, reviewed the policies every year. If any change is made, it is published on the Company's website, www.amarin.co.th, so as to create mutual understanding and promote practices that are in line with Business Ethics of directors, executives, and staff.

#### 6.1.1 Policies and Guidelines on Board of Directors

The Board of Directors consists of persons who have knowledge, expertise, and experience useful to

AMARIN Group and the determination to work and devote their time to carry out their duty as directors. The Board of Directors is appointed by shareholders to supervise the Company's operational guideline, appoint the Management for business operations, set up committees to handle specific issues and carry out specific missions, appoint the Company's Auditor, and appoint the Company's Secretary to conduct meetings and ensure compliance with laws. The Company's policies and guidelines related to the Board of Directors are listed below:

# (1) Components, Qualifications, and Appointment of Directors

The Board of Directors shall work with dedication, responsibility, caution, and honesty. It shall also demonstrate leadership and ensure that the Management works effectively and efficiently to fulfill the Company's goals and create / add investment value for shareholders and other stakeholders.

#### (2) Independence of the Board of Directors

The Board of Directors shall contemplate, form opinions, and vote on an issue under its jurisdiction. If any director's decision making may fall under the pressure of his/her work, family or interests, final decision may be affected in the way that favors himself/herself, his/her close ones, or his/her interests. To protect the interest of shareholders, directors whose independence is compromised should not engage in decision making. AMARIN Group has set clear lines of roles between its Chairman, Chairman of the Executive Committee and its Group Chief Executive Officer. The Chairman of the Board of Directors is an independent director in accordance with the Stock

Exchange of Thailand's Principles of Good Corporate Governance for Listed Companies 2012. He does not have any relationship with the Management.

#### (3) Board of Directors' Roles, Duties, and Power

The Board of Directors, which are like the representatives of shareholders, must have responsibility towards the latter. The Board of Directors thus shall set direction for the Company's growth and decide on its important matters with prudence and honesty. With a crucial role to play in corporate governance, the Board of Directors shall professionally tends to the interests of all parties and maintain its independence from the Management so as to supervise the Management's performance, operating results, risk management, and remuneration. The power and the duties of the Board of Directors are in line with the Board of Directors Charter, which is displayed on the Company's website - www.amarin.co.th.

# (4) Board of Directors' Meetings and Information Delivery

The Board of Directors' meetings are parts of its key mission to supervise the Company's operations. The meetings are done based on the following guideline:

- 1) Board of Directors' meetings are officially scheduled in advance for the whole year, with directors being informed of this schedule. At least one meeting of the Board of Directors is held in each quarter for the Board to acknowledge operating results and review financial statements. In events of urgent matters, additional Board of Director's meetings may be held where appropriate. At least one independent director shall attend a meeting on the formulation of Board of Directors' meeting agendas;
- Invitations are sent to each director at least seven days ahead of each of Board of Directors' meetings. Included are clear meeting agendas and necessary documents for directors to review

- and have adequate information to make decisions at the meeting, which normally lasts for one to three hour(s);
- 3) Every director shall have opportunities to discuss and make opinions independently and openly at each meeting. The Chairman of the Board shall compile opinions and conclusions from each Board of Directors' meeting. In an event that a director has significant interests involved in any specific meeting agenda, he/she shall be asked to leave the meeting and abstain from casting a vote on the issue;
- 4) Minutes of each of Board of Directors' meetings shall be prepared in writing by the Chairman and secretary of the Board, and submitted to the Board of Directors for review and approval at its next meeting. These meeting minutes, along with relevant documents, are also stored both as hard copies and soft copies to provide convenience to both directors and relevant parties who look for references:
- 5) Non-executive directors shall convene meetings without the presence of executive directors or the Management for independent discussions on management problems. In addition, the Board of Directors has the policy to require the Audit Committee to have at least one meeting with the Auditor together without the presence of the Management each year as assurances that directors are able to represent shareholders independently and maintain proper checks and balances. According to the Board of Directors Charter, at least two thirds of directors with the right to vote on each agenda are required to issue a Board's resolution.

#### (5) Selection of Directors

The Company selected its directors via its Nomination and Remuneration Committee based on Board Diversity policy. Under this policy, directors should be diverse in terms of gender, age, educational background, work experience, expertise, and specialized skills. The Board Skills Matrix has been drawn up and reviewed on a regular basis to ensure that the Board of Directors has a proper mix. Aside, the Board of Directors must demonstrate solid integrity, vision, and leadership, and contribute to the balancing of ideas and discussions so as to pave way for constructive concepts that are useful to AMARIN Group and increase the Board's efficiency. Also, the Board of Directors must select qualified persons for executive posts in proper, transparent and fair manner.

#### (6) Remuneration for Board of Directors

The Board of Directors has assigned the Nomination and Remuneration Committee to consider and set the remuneration of directors, subcommittee, and high-level executives. To attract and retain persons qualified to serve as the Company's directors, their remuneration is comparable to the industry level. Directors who have taken on additional duties or missions deserve to be paid more in a proper amount. The remuneration for directors who serve as executive directors and in the Management should be linked to both the Company's operating results and individual performance to ensure good corporate governance in line with the SET's guideline, including internationally accepted good practice principles. The remuneration for directors is in accordance with a resolution passed at a shareholders' meeting and shown in Form 56-1 One Report.

# Remuneration for Group Chief Executive Officer

The performance evaluation of the Group Chief Executive Officer is based on the SET's guideline. The Board of Directors has evaluated the performance of the Group Chief Executive Officer at the end of each year. As evaluation results are considered confidential and private, it cannot be made public. However, evaluation criteria for both short-term and long-term performance are listed below:

**Short Term**: Remuneration is paid in the forms of salary and bonus based on performance:

Part 1 Performance against indicators of the Company's operations

Part 2 Leadership (teambuilding, communications, and success-oriented change management)

Long Term: The Company has paid monthly financial contributions to the chief executive officer's provident-fund account.

Contributions are calculated based on a certain percentage of his/her salary.

The Group Chief Executive Officer's performance is evaluated based on clear key performance indicators (KPIs), which were identified from the beginning of the year. KPIs cover both financial and non-financial performance. Evaluation results by compared actual and KPIs are used to determine the remuneration of the Group Chief Executive Officer in the future.

#### (7) Performance Evaluations of Directors

The Board of Directors has already approved the performance evaluation forms for the Board of Directors both as a group, as a subcommittee and as an individual. Every director shall conduct a self-evaluation annually so as to review his/her performance and obstacles. Performance evaluations of the Board of Directors, all committees, all subcommittees and each individual director are summarized for the Board of Directors to consider and plan performance improvement.

#### (8) Company's Secretary

The Board of Directors has assigned the Company's Secretary to support its activities namely holding Board of Directors' meetings / shareholders' meetings, preparing and sending out invitations to meetings, preparing meeting reports, storing documents related to meetings, and following up with the implementation of the Board of Directors' resolutions. The Company's

Secretary also has other duties as prescribed by Article 89/15 of the Securities and Exchange Act B.E. 2535 and applicable regulations.

#### (9) Succession Plan

The Board of Directors has drawn up a plan to properly and transparently select persons for all its high-level executive posts. Also, the Board of Directors is in charge of their appointments so as to ensure that the Company gets executives who are professional and able to maintain independence from the major shareholder or other shareholders. The nominations of the Group Chief Executive Officer and other high-level executives of AMARIN Group are done in line with the process prescribed by the Nomination and Remuneration Committee. Nominated are suitable candidates in terms of age, qualifications, and work experience. The nomination process places an emphasis on new-generation talents and grooming them for career advancement. These talents are subject to advanced evaluations. Developed based on individual development plans, they are given challenging missions. Rotations are also done to ensure their resourcefulness development and optimal leadership skills. AMARIN Group has prepared development plans for staff at all levels to ensure they will be ready, qualified, and take up higher posts when they become vacant.

## (10) Directors Development

The Board of Directors has accorded importance to the development of directors and executives. It therefore has a policy to support their enrolment to training or participation in educational activities on a continued basis. Provided to directors are the Board of Directors' Manual as well as AMARIN Group's corporate governance policy and guideline. In addition, the Board of Directors has registered all its members as members of the Thai Institute of Directors (IOD) so as to keep them updated about latest information including the opening of useful training courses. The Board of

Directors has assigned the Company's Secretary to inform directors, including new directors, of courses they need to attend too.

# (11) Policy on Group Chief Executive Officer's, and High-Level Executives' Work as Directors/ Executives of Other Companies

The Group Chief Executive Officer of the Company is required to notify the Board of Directors of reasons and details related to the company (companies) where he/she intends to hold a position of a director, a senior executive, and that is (are) not a subsidiary or an associate of the Company, in events that the said work is not related to the affairs of AMARIN Group to seek an approval prior to taking the said position. The Group Chief Executive Officer can serve as a director at no more than five other listed companies. Aside, for the best interest of the Company in regard to its Group Chief Executive Officer's ability to devote his/her time to carrying out his/her duty as its top executive with efficiency, its Group Chief Executive Officer is barred from serving as the chief executive officer, managing director or equivalent of another legal entity that is neither the Company's subsidiary nor associate.

Regarding high-level executives of the Company and its subsidiaries, they must notify the Company's Group Chief Executive Officer of reasons and details related to the company (companies) where they intend to hold a position of a director, a senior executive, or any other and that is (are) not a subsidiary or an associate of the Company, in events that the said work is not related to the affairs of AMARIN Group, to seek an approval prior to taking the said position. The Company's Group Chief Executive Officer in turn is required to report to the Board of Directors any position a high-level executive holds in other businesses.

The Company's Secretary shall disclose information on its Group Chief Executive Officer's and high-level executives' executive/director positions in other companies Form 56-1 One Report. However, in events that the Company's Group Chief Executive Officer has held positions in other companies even before this policy was approved by the Board of Directors, he/she only has to report such position holding to the Board of Directors for acknowledgement. In events that high-level executives have held positions in other companies even before this policy was approved by the Board of Directors, they only have to report such position holding to the Company's Group Chief Executive Officer.

#### (12) Policy / Guideline on Information Technology

The Board of Directors has accorded importance to IT system, safety and security to prevent the distribution of false information, which may cause damages to the Company. Staff of AMARIN Group must acknowledge and follow this policy, which is published on the Company's website, www.amarin.co.th.

# (13) Supervision of Corporate-Government Policy / Guideline Implementation

The Board of Directors has placed a strong emphasis on and promoted corporate-governance policy and guideline among executives and staff. Such policy and guideline are reflected in the Corporate Governance Policy, Business Ethics, and Anti-Corruption Policy. The promotion of these principles for implementation builds the confidence of all stakeholder groups. Covered in such policy and guideline are human resource development, occupational safety, health and environment, supply-chain management, and responsibility towards stakeholders namely shareholders, employees, customers and vendors. The Board of Directors has followed up with the implementation of corporate-government policy/guideline on an annual basis.

# 6.1.2 Policy / Guideline on Shareholders and Stakeholders

#### Policy / Guideline on Shareholders

#### Attention to shareholders' rights

As the owners of the Company, shareholders shall have the right to formulate its business directions or decide on issues that will materially affect it. The Board of Directors requires that attention be paid to the rights of all shareholders equally and equitably. In place are Corporate Governance Policy, Guideline on Participation Promotion, and Written Communications with Shareholders. All executives and employees shall adhere to such policy and guidelines as included in the Company's Business Ethics Manual.

### Schedule of Shareholders' Meetings

The Board of Directors encourages the Company to hold shareholders' meetings once a year on a date that is no later than four months since the end of the previous fiscal year (The Company's fiscal year ends on December 31 every year). If an urgent issue emerges and must be scheduled as an urgent meeting agenda because it affects shareholders' interests or it requires an approval from shareholders under applicable laws/regulations, an extraordinary shareholders' meeting shall be called on a case-by-case basis. In such events, one independent director shall join the formulation of meeting agendas.

#### Invitation ahead of Meeting Date

1) Shareholders shall have the right to receive an invitation to a shareholders' meeting in advance with the invitation sent out 21 days ahead of the meeting date to ensure that shareholders have enough time to study relevant information. Moreover, the Company shall advertise shareholders' meeting schedule in daily newspapers at least three days in advance for three consecutive days. 2) Shareholders shall have the right to adequate information related to meeting agendas, invitations to shareholders' meetings, and explanations and opinions of the Company's Board of Directors for their decision making.

#### Shareholders' Meetings

- 1) The Company has set the date, time and venue of each shareholders' meeting including its e-version by taking into account shareholders' convenience. System has been laid down for meeting registration. Identity checks are also conducted for participants over online platforms. Staff to facilitate registrations and checks shall be adequate, with proper technologies sufficiently integrated for shareholders' convenient exercising of their right to vote on each agenda. The Company shall not restrict shareholders' right to vote in any way. Every shareholder shall have the right to attend shareholders' meetings and vote on their agendas throughout each meeting. Shareholders who join the meetings, after they have already started, shall be able to vote on remaining agendas.
- 2) Shareholders shall have the right to express opinions on and raise questions about each meeting agenda. Relevant directors, the Chairman of subcommittees, and high-level executives are required to be present at the meetings to provide answers or listen to those opinions.
- 3) Shareholders shall have the right to dividends. The Company has the policy to pay out a dividend at the rate equivalent to no less than 60 percent of its net profit after income taxes and all reserve funds in each year. Dividend payments, however, are also subject to investment plans, cash flows, needs and various other reasonable causes as deemed appropriate by the Board of Directors.
- 4) Shareholders shall have the right to appoint/ remove directors, propose agendas, consider

- remuneration for directors and subcommittee, and approve the appointment of the Auditor.
- The appointment of the auditor or witness for vote counting must take place at shareholders' meetings.

#### Guideline on Conflict of Interest at Meetings

The Board of Directors recognizes the importance of meetings. Therefore, it requires that directors, executives and employees declare their conflict of interest at a relevant meeting if they have any, and refrain from considering / voting on that particular issue.

At shareholders' meetings, directors who have conflict of interest or connections to any planned issue shall also make a declaration and abstain from voting on that agenda.

#### Disclosure of Shareholders' Meeting Results

- Following each shareholders' meeting, the Company shall release resolutions from the meeting along with voting results via its website and the SET's news system by 9 am. of the following workday.
- 2) The Company shall release the report on a shareholders' meeting within 14 days since the meeting was held. The report shall be published on the Company's website for shareholders to acknowledge and review without the need to wait till the next shareholders' meeting.

## **Equal Treatments of Shareholders**

The Board of Directors has prepared measures to prevent the use of inside information for personal interests or the interests of others as follows:

# <u>Proposing Additional Agendas and Nominating</u> <u>Candidates to Directors' Posts</u>

The Company offers shareholders the right to propose agendas of shareholders' meetings and to nominate qualified candidates to the posts of directors in advance. Criteria and methods are published on the Company's website as well as the SET's news system.

# <u>Preparing Shareholders' Convenient Participation</u> in Shareholders' Meetings

The Board of Directors takes into account the convenience of shareholders when preparing shareholders' meetings. Therefore, it has allocated an appropriate amount of time for to debates on each agenda and chosen a convenient venue for shareholders' meetings. Barcode system is also used for quick, convenient registration and voting.

#### Proxy

Shareholders may assign another person or an independent director of the Company to attend shareholders' meetings on their behalf for the purpose of protecting their rights when they are unable to attend themselves. To facilitate the use of proxy, the Company has done the followings:

- Sending to shareholders proxy forms on which shareholders can tick "approve", "disapprove" and "abstain" on each meeting agenda as voting instructions. Included is advice on how to conveniently appoint a proxy. With the advice, shareholders will be able to prepare documents correctly and enable their proxy to attend meetings without any problem;
- 2) Assigning at least one independent director as a prospective proxy for shareholders; and
- Shareholders may grant a proxy electronically in accordance with the Announcement on Electronic Granting of Proxy B.E. 2565, which is issued by the Department of Business Development, the Ministry of Commerce: (https://www.dbd.go.th/ download/dbd\_plc2535\_eautMeetig25651007. pdf).

In 2023, the Company organized its shareholders' meeting on Thursday 27 April 2023. Held at the Convention Hall of the Executives' Building on

Chaiyapruek Road, Taling Chan Subdistrict, Taling Chan District, Bangkok 10170, the event started from 2 p.m. A total of 41 shareholders, proxies and shareholders who attended the meeting through the electronics media turned up at the meeting, altogether holding 74 percent of the Company's shares. All of the Company's 12 directors attended the meeting. The attendance rate of the directors therefore was 100 percent. Present at the meeting were the Chairperson of the Board of Directors, the Chairman of the Audit Committee, the Chairman of the Nomination and Remuneration Committee, the Chairman of the Sustainability and Risk Management Committee, the Chairman of the Executive Committee, the Group Chief Executive Officer, top executive in charge of financial and accounting affairs, the Company's Auditor, and the Company's Secretary. Because the meeting was held during COVID-19 outbreak, the Chairperson of the meeting prepared the meeting as a hybrid event. In other words, the shareholders' meeting was held onsite as well as online. Participants could also join the meeting electronically via Zoom. Details of the shareholders' meeting preparations were as follows:

### 1) Prior to the Shareholders' Meeting Date

The Company gave the rights to minor shareholders to propose the agenda of the shareholders' meeting and nominate the persons knowledgeable and qualified to be the directors in advance from 9 December 2022 to 9 February 2023. Shareholders were also given the right to submit questions regarding the meeting agenda to the Company's Secretary prior to the meeting date. The criteria and methods for proposing the agenda of the shareholders' meeting and for nominating candidates for the posts of directors were published on the Company's website. Shareholders were also informed through the news system of the SET. So far, no shareholder proposed an agenda or nominated the persons knowledgeable and

- qualified to be the directors to the Company during the period.
- The Company prepared the invitation to the Annual General Meeting of Shareholders in both Thai and English languages and also published the invitation and all information (Including Annual Report) on the Company's website from 21 March 2023, more than 21 days prior to the meeting date. The invitation was also sent to the shareholders 21 days prior to the meeting date so that the shareholders received the documents prior to the meeting date and had sufficient time to study the information before the meeting.
- In the invitation, the Company clarified facts, reasons, and opinions of the Board of Directors completely and sufficiently for the consideration of the shareholders. The Agenda of the General Shareholders Meeting consisted of:
- 1) Agenda of the appointment of directors: The information of the nominees was provided namely their name and surname; age; nationality; type of director; position in the Company; date, month, and year of the first appointment; number of years as the Company's directors; education, training/seminar on directors' roles; shareholding percentage in the Company; illegal act records family relationship to the executives; work experience during the past five years; meeting attendance in the past year; and prohibited attributes.
- 2) Agenda of consideration on the director's remuneration: Provided was information on policies, criteria, and procedures for determining the directors' remuneration, amount of financial remuneration, and forms of remuneration classified by position and responsibilities of the directors.
- Agenda of the appointment of the Auditor: Provided was information on the Auditor's name, the name of audit office, experience, competence, the number

- of years as the Company's Auditor, separately from other service fees.
- 4) Agenda on dividend payout: Provided was information on dividend payout policy, the amount of cash dividend to be approved, and a comparison to the amount paid in the previous year. In events of dividend omissions, reasons shall be provided.
- No document with important information was suddenly distributed at the shareholders' meeting nor was any agenda added or information changed materially without prior notice to the shareholders.
- To provide convenience to shareholders who could not attend the meeting in person, the Company sent Proxy Forms A, B and C to them. Proxy Forms A, B, and C, moreover, could also be downloaded from the Company's website. Moreover, there were also the name list and profiles of the independent directors for the shareholders to choose to be their proxies as well.
- To give convenience to institutional investors in attending the meeting, the Company contacted institutional investors to coordinate in preparing proxy forms prior to the meeting date for convenience meeting registration.

## 2) On the Shareholders' Meeting Date

• The Company prescribed meeting procedures in compliance with laws and based on its focus on the convenience, rights and equitable treatment of shareholders. Shareholders were allowed to register for attendance with the barcode system at least two hours prior to the meeting and could continue to register until the meeting was completed. The Company provided adequate personnel for the registration. Revenue stamps were also provided to shareholders who appointed any person or an independent director as their proxy to attend the meeting on their behalf. Ballots were distributed to all shareholders for voting.

- For transparent vote counting at the meeting, the Company invited Mr. Neramit Trongpromsuk and Miss Suphawan Chopros, legal advisors from DN36 Company Limited, to join the process. Also, the Company asked for three volunteers from the meeting to review vote counting for meeting resolutions. However, no shareholders volunteered. Miss Suphawan Chopros, a legal advisor from DN36 Company Limited, thus served as the vote-count inspector.
- The Chairperson presided over the meeting and assigned Miss Angkanang Maimongkol to conduct the meeting. The latter thus introduced the Board of Directors, the Chairman of all subcommittees, the Executive Committee, and the Company's Auditor to the meeting and explained to the shareholders voting procedure and vote counting for each agenda that are subject to laws and the Company's regulations. In case of late attendance during the meeting, the Company shall assign the late attendant the right to vote on the remaining agendas and this shall constitute a guorum.
- The Chairperson of the meeting assigned Miss Angkanang Maimongkol to conduct the meeting by addressing meeting agendas in respective order as listed in the invitation to the meeting. There was neither addition of agendas nor amendment of important information without prior notice. All shareholders were given an opportunity and a full equal right to raise questions, express opinions, and give suggestions on all agendas.
- Voting and vote counting: The Company acted in accordance with its regulations that give one vote per share. In the Annual General Meeting of Shareholders 2022, there were 2 voting categories as follows:
  - Category for agendas that required an approval by majority vote of shareholders who attended

- and voted at the meeting. This category applied to Agendas no. 1, 3, 4, 5, and 6. Votes were calculated by counting only the votes from those who voted in favor and against the agenda. Excluded were votes of abstentions.
- 2. Category for the agenda that required more than two thirds of all votes cast by shareholders who were present and eligible to vote at the meeting. This category applied to Agenda no. 7. The Company counted votes from all shareholders who cast a ballot at the meeting, be they voted in favor of or against, or even abstained their vote. Except, agenda no. 2 did not require any voting, because it just presented the Company's operating results for shareholders to acknowledge.
- Prior to a vote on each agenda, the Chairperson
  of the meeting offered participants opportunities
  to reasonably ask questions and express opinions
  related to the agenda. Shareholders or their proxies,
  however, were required to declare their first name
  and last name and status as shareholders or proxies
  too because such information would be recorded
  in meeting minutes.

### 3) After the Shareholders' Meeting

- The Company disclosed the resolutions of the Annual General Meeting of Shareholders together with the voting results, including the number of approval votes, disapproval votes, and abstention votes in both Thai and in English languages via the Company's website as well as the SET's news system.
- The Company compiled the report on the shareholders' meeting that contained all key information and the summary of votes on each agenda. Shown in the summary were the number of approval votes, disapproval votes, and abstentions, along with important discussion points and explanations. The report was submitted to the SET,

the SEC and relevant authorities on 11 May 2023 or within 14 days since the meeting date. The report was also released in both Thai and English language on the Company's website so that shareholders can get or review information without the need to wait till their next meeting.

#### · Policy / Guideline on Stakeholders

The Board of Directors has accorded importance to all groups of stakeholders including customers, shareholders, employees, vendors and the public. Therefore, it has formulated policies/guidelines on each group of stakeholders by taking into account their rights under laws. Also, the Board of Directors has not violated the rights of stakeholders in any way. Moreover, it has prepared AMARIN Group's Business Ethics Manual that covers all groups of stakeholders so as to provide directors, executives and staff with proper guidelines. Not only has that it monitored compliance with the manual, but it has also reviewed and improved the manual's content on a regular basis. Details are as follows:

#### **Shareholders**

The Board of Directors is aware of the rights and equality of all shareholders. It is also committed to ensuring efficient business operations to the best of its abilities so that shareholders can enjoy proper returns on a sustainable basis.

#### Guideline on shareholders

- The Company shall respect the rights and equality
  of shareholders in regard to access to information
  that may affect their decisions, be it about the
  disclosure of operating results, financial statements
  or any information required by the SET and the SEC.
- The Company shall present the Company's situation and trends to shareholders in an equal, consistent, complete and accurate manner.

- 3) The Company is aware of shareholders' rights and equality at shareholders' meetings. Also, it shall comply with applicable announcements, rules and regulations of the SET and the SEC.
- 4) The Company shall carry out its duties and operate its businesses honestly. Also, it shall make decisions with prudence and a focus on the equitable treatments of all shareholders.
- 5) Directors, executives, staff and related persons shall not use inside information for their interests in a way that may pose a conflict of interest to the Company.

#### **Employees**

The Board of Directors has accorded importance to the fair and equal treatments of all employees, with respect for their human rights and offering remuneration, welfare and benefits that are fair, appropriate and in line with labor laws. Moreover, the Company has placed an emphasis on employees' skill development and on creating good and safe work environment. In place are also whistleblowing channels via which tip-off or complaints about legal/ethical violations or corrupt practices can be filed. There are measures to protect whistleblowers too.

#### Guideline on employees

- The Company shall recruit employees with skills and experience that match job description without any discrimination on the basis of gender, race, faith and alma mater.
- 2) The Company has a labor regulation that bans the hiring of persons under 18 years of age.
- 3) The Company offers fair pay based on employees' experience, knowledge, abilities, job responsibilities and performance with clear key performance indicators (KPIs) for pay calculation.

- 4) The Company provides appropriate welfare such as annual checkups, health insurance, cash benefits for special occasions, and provident fund that guarantees employees' retirement security. Moreover, the Company has established a savings cooperative to promote employees' savings.
- 5) The Company has drawn up human resource development plans with aim to increase employees' knowledge and abilities on a continued basis. Training is provided by both internal units and external trainers, paving way for employees to apply additional knowledge to their work for maximum efficiency.
- 6) The Company has ensured its safety, health and environmental practices comply with safety standards. Good work environment is provided to reduce accident risks and promote employees' good health.
- 7) The Company has prepared channels to get feedback and receive tip-off/complaints about non-compliance with work rules/business ethics and corruption. Measures are in place to protect whistleblowers. Also, the Company has encouraged staff at all levels to strictly adhere to laws and its regulations.
- 8) The Company shall not disclose employees' information to unrelated persons, except in events that such disclosure is done in line with laws or for public interests.
- The Company shall give employees religious rights and freedom. Also, it shall hold religious activities for employees.
- 10) The Company shall provide equal opportunities to job applicants, without any discrimination against people with physical disabilities or the underprivileged.

#### **Customers**

The Board of Directors is committed to creating long-term customers' confidence and maximum customer satisfaction because customers are crucial to the Company's pursuit of its goals.

#### **Guideline on Customers**

- The Company is determined to deliver quality products/services to customers at reasonable prices and maintain good customer relations on a sustainable basis.
- 2) The Company shall ensure its service system can satisfy customers and treat all customers equally.
- The Company shall increase service-delivery channels to facilitate business contacts and its communications with customers.
- 4) The Company has prepared channels to accept complaints and Whistleblowing Policy that protects whistleblowers. Through these channels, customers may complain about the Company's products, services or business operations. After receiving the complaints, the Company shall explore solutions to best respond to customers' feedback.
- 5) The Company shall maintain the confidentiality of customers' information. It shall not abuse customers' information for oneself or relevant parties' interests. Neither shall it disclose customers' information without their prior consent nor has approval from the Company authorized persons. Exceptions shall be granted if the disclosure is necessary under laws. Also, the Company has the policy/guideline on personal data protection in compliance with the Personal Data Protection Act B.E. 2562.

#### **Vendors**

The Board of Directors has stipulated ethics and guideline on vendors with aim to treat them in a transparent, equal and fair manner. Also, the Company has strictly adhered to agreements it has made with others with the biggest emphasis on the Company's best interests and fair remuneration for all parties to agreements.

#### **Guideline on Vendors**

- Formulation of clear policies and regulations AMARIN Group is determined to conduct sustainable businesses with aim to foster its and its vendors' sustainable growth based on the principle of good corporate governance. The Company has accorded importance to conducting business operations that comply with Governance, Risk and Compliance (GRC) principles, business ethics, and social and environmental responsibility.
- 2) The Board of Directors reviews the formulation of procurement regulations and procedures to ensure fairness and environmental friendliness. Vendor selection is systematic and transparent. Chosen are vendors with impressive profiles and business operations, credibility, strong financial position, experience, reputation, and recognition within their respective industry. Chosen vendors must have no corruption/work-abandonment records. Neither can they be on blacklists. Products and services from chosen vendors must be satisfactory and consistent in terms of quality, prices, services, deliveries, and other relevant factors.
- 3) Prices are reviewed to ensure they are appropriate and fair when taking into account quality of products/ services received from vendors. The Company prepares contracts that are appropriate and agreed to by both sides.
- 4) The Company strictly honors agreements and trade criteria agreed upon. In an event that the Company finds it impossible to do so, it shall immediately notify its vendors to explore solutions together.
- 5) The Company pays vendors correctly and on time to maintain its credibility.

- 6) The Company promotes vendors' partnerships with AMARIN Group with mutual communications to develop products, services, and innovations that are useful to both vendors and AMARIN Group.
- 7) The Company shall not accept or give any gift, asset, sponsorship or any form of benefits from vendors, either directly or indirectly, and not buy products/services from vendors who are known to have violated human rights or intellectual property rights.
- 8) The Company shall not disclose vendors' information to others except when vendors grant their consent or when such disclosure is required for an explanation or legal proceeding.

#### **Business Competitors**

The Board of Directors upholds the principle of conducting businesses in an honest, transparent, and accountable manner, without taking advantage of business competitors. Guided by the principle, the Company shall not seek business competitors' trade secrets. Neither shall it demand, accept or give dishonest trade benefits. The Company strictly adheres to applicable laws and regulations.

#### **Guideline on Business Competitors**

- The Company shall treat business competitors in line with the legal framework on freedom of competition, laws and business ethics.
- 2) The Company shall neither damage business competitors' reputation nor seek their trade secrets through dishonest or inappropriate means for its own benefits.
- 3) The Company shall not violate the intellectual property rights of others or business competitors.
- 4) The Company shall provide accurate and factual information about the quality and nature of service and products at press conferences and through public relations & advertising.

5) The Company shall not engage in any contract or agreement that may unreasonably diminish or eliminate business competition.

#### **Financial Institutes or Creditors**

The Board of Directors has accorded importance to all types of financial institutes and creditors. Therefore, the Company strictly complies with conditions or contracts agreed upon to maintain confidence in AMARIN Group's financial position and debt serviceability.

#### Guideline on Financial Institutes or Creditors

- The Company shall responsibly and transparently comply with contracts, agreements or deals done.
- 2) The Company shall disclose reports on its financial position to financial institutes and/or creditors with honesty and accuracy on time to maintain AMARIN Group's credibility in the eyes of financial institutes and/or creditors.
- 3) In an event that the Company becomes unable to honor agreements and trade conditions agreed upon, it shall notify financial institutes and/or creditors in advance to explore solutions together and prevent damages.

#### Guideline on Community, Society and Environment

The Board of Directors has accorded importance to community, society, the environment as well as people's quality of life, all of which are significantly related to the Company's operations. Guided by its commitment to conduct business operations that are useful to community, society and the environment, it has encouraged all employees to be good citizens and serve community, society and the environment. Moreover, the Company has striven to take part in activities that conserve the environment and local culture in its operating areas.

#### Guideline on Community, Society and Environment

- The Company shall support and constructively contribute to society in regard to quality-of-life improvement and environmental protection for sustainable prosperity.
- 2) The Company shall prevent AMARIN Group's operations from adversely affecting quality of life, community, society, and the environment. Also, it shall listen to community problems / impacts that arise out of AMARIN Group's operations for timely response.
- 3) The Company shall place a strong emphasis on maximum resource efficiency and energy efficiency. Also, the Company shall manage waste efficiently and mainly use environmentally-friendly raw materials.
- 4) The Company shall seriously promote the sense of social responsibility among staff at all levels.

#### • Data Disclosure and Transparency

The Board of Directors recognizes the importance of complete and accurate disclosure of data and information, which is a key factor in building investor confidence. All groups of stakeholders shall receive accurate and adequate information in a timely and equal manner on a regular basis. Several data-disclosure channels have been created to provide easy access to information. The Company shall conduct campaigns among directors, executives, and employees so as to make them aware of the importance of data disclosure and transparency. Moreover, the Company shall create complaint-receiving mechanisms that are appropriate and fair to both complainants and the accused. Details are as follows:

### Board of Directors' Financial and Non-Financial Reports

- 13) Contact information, complaint-receiving channels or investor-relations staff.

The Company has published its Code of Investor Relations on www.amarin.co.th for all stakeholders to check out.

#### 6.1.3 Policy / Guideline on Anti-Corruption

The Board of Directors is committed to transparently operating businesses in line with laws, ethics, and the principle of good corporate governance, and also

to combatting corruption. It is aware that dishonest practices and corruption are both legal and ethical offences. Therefore, it has formulated Anti-Corruption Policy as an operational guideline. The Anti-Corruption Policy is published in the Company's website: https://amarin.co.th/investor/corporate-governance. It is also reviewed at least once a year to ensure suitability.

In 2023, no corruption complaint was filed and the Company constantly monitored the issue.

#### 6.2 Code of Conduct

The Company has formulated its Business Ethics Manual or Code of Conduct in writing. In accordance with international standards, it provides the scope of standard behaviors of AMARIN Group's personnel. All directors, executives, and staff are expected to conduct business operations or work while upholding morality, honesty, equality and equitability so as to give AMARIN Group's firm foundation and good image, paving way for it to grow sustainably. It is the responsibility of supervisors and executives to ensure that staff follow Code of Conduct.

Key content of the Code of Conduct is as follows:

- 1) Compliance with applicable laws, regulations and rules
- 2) Responsibility for the Company and its assets
- 3) Compliance with anti-corruption laws and efforts
- 4) Personal data protection
- 5) Political rights & rights to political activities
- 6) Public release of information & media interviews
- 7) Interest, conflict of Interest, and connected transactions
- 8) Confidentiality, data storage, and the use of inside information

#### 6.3.2 Application of CG Code 2017

The Company reviewed its policies and guidelines in every year that were related corporate governance based on CG Code of the SEC and criteria of the Institute of Directors' CGR project. To balance the power of the Board of Directors and the Management, In this regard, the guidelines follow CG Code that the company has not yet adopted, but there are measures in place appropriate replacement that is consistent with the business context and conditions

The organizational environment of the group of companies is as follows:

- 1) Some of the Company's independent directors have served in their posts for more than nine years since their first appointment as independent directors because they have had extensive experience in and solid understanding of Amarin Group's business development and changes, which support the efficient monitoring and supervision of its business operations. In addition, every independent director has maintained his/her independence in accordance with the definition/requirements set by the Capital Market Supervisory Board and the Company. All independent directors express their opinions independently at the Board of Directors' meetings. They have neither conflict of interest with nor significant interest in the Company. When independent directors need to vacate their post at an annual general meeting of shareholders because their tenure lasts over nine years, the Company shall present reasons as to why they should be reappointed. Shareholders shall be informed of the issue prior to casting votes on the appointment of directors.
- 2) Pursuant to the Corporate Governance Policy and the Board of Directors Charter, the Board

of Directors shall convene six meetings a year. Additional meetings may be called when necessary. The Company also has the policy to ensure independent directors and non-executive directors have a joint meeting once a year, without the presence of the Management. In Fiscal Year 2023, the Board of Directors had six meetings. Independent directors and non-executive directors also met once in executive directors' absence. Three of the Board's members are executive directors, thus enabling the Board to seamlessly monitor the Management's work and Amarin Group's business operations in a timely manner. The Board of Directors also attended all monthly meetings of executive directors in 2023.

### 7.2.3 Roles, Duties and Responsibilities of the Board of Directors

The Board of Directors has the authority and duties as specified in Securities and Exchange Act B.E. 2535 and various requirements related, including in accordance with principles of good corporate governance and ethics of the Amarin Group as follows:

- 1) To formulate the Company's vision, missions, goals and business strategies, and to review to be consistent with the changing situation;
- 2) To monitor and ensure reporting of operational progress based on goals, indicators, and strategies within the budget approved by the Board of Directors as well as to formulate policies to enhance the Company's competitiveness at an international level;
- 3) To formulate Corporate Governance Policy and Business Code of Conduct that govern treatment of stakeholders, anti-corruption policy, prevention and management of conflict of interest, data confidentiality, and whistleblowing policy, and also to review them every year;
- 4) To prescribe an appropriate and adequate internal control system and monitor its efficiency to ensure compliance with well-recognized standards such as the Committee of Sponsoring Organization's (COSO) standard, as well as the disclosure of internal-control adequacy and audit reports in the Annual Report;
- 5) To prescribe appropriate risk management policy and framework and monitor risk management efficiency with the disclosure of risk management system adequacy included in the Annual Report;
- 6) To formulate information technology management policy framework and information technology security measures in compliance with well-recognized industrial standards, and also revise them in response to information technology risks and regulatory requirements;

- 7) To promote the development and application of innovation and technologies in support of the Company's operations and resource efficiency for the mutual benefits of AMARIN Group, vendors, related parties, and society;
- To oversee the Company's business operations to ensure its financial security and continuity of business operations;
- 9) To ensure the preparation and timely disclosure of complete and accurate financial information that reflects operating results as well as financial position in accordance with financial reporting standards, which are based on accounting laws, as well as of other important information on the Company in accordance with related regulations and guidelines;
- 10) To prescribe supervisory framework and mechanisms for the Company's subsidiaries and associates, thus taking charge of determining the suitability of persons who represent the Company in the boards of subsidiaries and associates for the purpose of properly overseeing their operations;
- 11) To set transparent and clear criteria/process for the nomination of the Group Chief Executive Officer and high-level executives, as well as to set their remuneration based on their performance with performance evaluations done every year, and also to review succession planning for their posts on a yearly basis.

#### Appointment and Removal of Directors

All twelve members of the Board of Directors are elected at shareholders' meetings. Of them, four are independent directors. The Nomination and Remuneration Committee is in charge of finding and nominating qualified candidates whose qualifications comply with laws and regulations to directors' posts. The Company gives shareholders an opportunity to nominate candidates too. For the nomination, the Nomination and remuneration Committee takes into account the balance of diverse expertise, experiences and other qualities without any discrimination on the bases of gender, race, or religion.

- 1) At every annual general meeting of shareholders, one-third (1/3) of the directors, or, if their number is not a multiple of three, then the number nearest to one-third (1/3) shall retire from office.
- 2) In the event, the office of a director is vacated for any reason other than by the end of tenure, the Board of Directors may appoint a person who is qualified and does not have any prohibited characteristics under the Public Limited Companies Act to replace such director at the next Board's meeting, unless the remaining tenure of the director is less than two months. When the appointment is made in such event, the replacement shall retain the office of director only for the remaining tenure of his/her predecessor. For the appointment to take effect, the Board of Directors must pass a resolution with support from at least three-fourths of the number of the remaining directors.
- 3) A director will resign from their position, he/she will submit your resignation letter to the Company. The resignation is effective from the date the resignation letter reaches the company.

#### Clear Line on Board of Directors' Roles and Duties

The Company has marked a clear division of roles and duties between the Board of Directors and its top executive or Group Chief Executive Officer. The Board of Directors has the duty to oversee and ensure the Company's management proceeds towards goals and direction that give maximum benefits to shareholders, while taking into account the interests of all stakeholders. The Board of Directors shall not seek vested personal interests or the interests of any other person in a way that causes a conflict of interest with the Company and its subsidiaries. The Board of Directors shall uphold ethical principles and perform their duties with the sense of responsibility, great care and integrity. In addition, the Board shall oversee and ensure the Company's business operations proceed in line with its objectives, Articles of Associations, the Board's resolutions, the resolutions of shareholders' meetings, laws, and regulations of the SET and the SEC. The Group Chief Executive Officer, meanwhile, serves as the leader of the executives in managing and overseeing the business operations related to general administration. Holding the highest executive position in the Management, the Group Chief Executive Officer has the duty to operate and/or manage daily activities of the Company in accordance with the guidelines set by the Board of Directors and the Executive Committee, and overseeing transactions done as parts of the Company's normal operations.

#### Aggregation and Segregation of Positions

The Board of Directors plays an important part in overseeing the business operations in the best interest of the Company and shareholders. Therefore, to maintain the balance of power in the business operations, the Company has segregated the positions of the Chairman, Chairman of the Executive Committee, and the Group Chief Executive Officer and has defined their power and duties as follows:

#### Power, Duties and Responsibilities of the Chairman

- To call and Chairman the Board of Directors' meetings, and also to cast the decisive vote when votes for any agenda are tied;
- 2. To set agendas for the Board of Directors' meetings in consultation with the Company's Secretary to ensure inclusion of all important issues:
- 3. To conduct the Board of Directors' meetings by following the agendas, related laws, and the principles of good corporate governance, as well as to allocate adequate time for and encourage directors' participation in discussions with good judgment and independent expressions of opinions;
- To monitor the performance of the directors for efficiency and achievement of the organization goals; and
- 5. To strengthen good relationships between the Board of Directors and the Management

### Power, Duties and Responsibility of Chairman of the Executive Committee

- To formulate the Company's vision, missions, strategies, budget plans, and the annual key performance indicators for the Board of Directors to consider and approve, and also to monitor the progress of work against budget plan and report it to the Board on a regularly basis;
- 2. To manage and oversee the Company's businesses in accordance with approved policies and work plans;
- 3. To explore new business opportunities in line with the Company's vision and strategic directions; and
- 4. To perform any action as assigned through the resolutions of the Board of Directors' or shareholders' meetings.

### Power, Duties and Responsibility of Group Chief Executive Officer

 To formulate the policies, business strategies, and annual operation and budget plans of the Company and subsidiaries for the Board of Directors to approve;

- 2. To ensure that operations go in line with the policies, business strategies and annual operation and budget plans of the Company and subsidiaries as approved by the Board;
- To report the operating results of the Company and subsidiaries in comparison with the approved operation and budget plans to the Board of Directors on a yearly, quarterly and monthly bases for its consideration and suggestions;
- 4. To authorize the Company's expenses with a limit of Baht 3 million per expense item under the annual budget approved by the Board of Directors;
- To authorize an amendment, change, rearrangement of the organizational structure for division level and below; and
- To perform any other actions as assigned through the resolutions of the Board of Directors' and shareholders' meetings in compliance with the Company's objectives, Articles of Association, and other related laws.

#### 7.3 Information on Subcommittees

#### 7.3.1 The Company's Subcommittees are:

#### The Audit Committee

The Board of Directors has approved the establishment of the Audit Committee. Appointed to the committee are at least three directors whose qualifications comply with the Capital Market Supervisory Board's requirements.

At present, the Audit Committee comprises three members and all of them are independent directors. They are:

Member of the Audit Committee	Position
Assoc. Prof. Dr. Somchai Phagaphasvivat	Chairman of the Audit Committee
Professor Dr. Nantawat Boramanand	Member of the Audit Committee
Mr. Suwit Chindasanguan <sup>2)</sup>	Member of the Audit Committee

#### 7.4 Information on Executives

# 7.4.1 As of 31 December 2023, the Company's list of executives based on the definition of the SEC had five position holders namely the Group Chief Executive Officer and four lower-ranked top executives including those in charge of accounting and finance. The list has five members as follows:

(The management structure of Amarin Corporations Public Company Limited (Organization Chart) is reported in "Section 7.1.corporate governance structure")

Name - Surname	Position
Mr. Siri Bunpitukgate	Group Chief Executive Officer
Mr. Amorn Ungsakulpreecha	Vice President for Accounting and Finance
Mr. Jeremiah Pitakwong	Chief Executive Officer, Media and Event Business
Ms. Ussanee Viratkaphan	Chief Executive Officer, Media and Event Business
Mr. Surasit Saranworanard	Managing Director, Printing and Packaging Business

### 7.4.2 Remuneration Policies on Executive Directors and Executives

The Board of Directors assigns the Nomination and Remuneration Committee to set the remuneration of the Company's directors, subcommittees, and high-level executives in the way that can attract and retain quality directors with industry-level rates and clear, transparent and fair remuneration criteria. Directors who have taken on additional job responsibilities shall get an appropriate amount of additional pay. Executive directors and executives, meanwhile, shall get remuneration that is commensurate with the Company's operating results as well as their performance. Such policies aim to uphold good corporate governance based on the SET's guideline and international practices. The remuneration of directors is approved by the general meetings of shareholders.

#### Policy on Group Chief Executive Officer's Remuneration

The Board of Directors evaluates the performance of Group Chief Executive Officer at the end of each year via the Nomination and Remuneration Committee, which presents evaluation results for the Board to approve. As the evaluation results of the Group Chief Executive

Officer are considered private and confidential, they cannot be disclosed publicly. However, evaluation criteria for both short-term and long-term performance are listed below:

**Short-term** Remuneration is paid in the forms of salary and bonus based on performance:

Part 1 Performance against indicators of the Company's operations

Part 2 Leadership (teambuilding, communications, and success-oriented change management), with evaluation results used to calculate the Group Chief Executive Officer's salary adjustment, which shall be subject to the Board of Directors' approval.

Long-term The Company has paid monthly financial contributions to the chief executive officer's provident fund account. Contributions are calculated based on a certain percentage of his/her salary.

#### 7.4.3 Remuneration for directors and executives

The Company has set the remuneration based on the policy disclosed under "7.4.2 Remuneration Policies on Executive Directors and Executives". Financial remuneration for the year ended on 31 December 2023 is subject to the rule on financial remuneration of directors that must be approved by a general meeting of shareholders. The Annual General Meeting of Shareholders 2023 on 27 April 2023 resolved to approve the directors' remuneration based on the proposal presented by the Nomination follows:

and Remuneration Committee to the Board of Directors. The approved proposal sets the annual budget of no more than 7,000,000 Baht for directors' salary, meeting allowances, and bonus (if any). For bonus payment, the Nomination and Remuneration Committee is responsible for determining the appropriate amount mainly based on the Company's operating results.

In the fiscal year 2023, remunerations for directors and subcommittees are totaling 5,643,807 Baht, with conditions specified remunerations for directors as

#### 1) Remuneration of the Company's Directors

Remuneration Type	Salary (Baht/Month)	Allowances (Baht/Meeting)
Chairman	30,000	25,000

Total	399,857,480	415,567,110	436,124,191

In 2023, 764 out of 977 employees were members of the Company's provident fund. In other words, 78.20 percent of the employees were the fund members.

#### 7.6 Other Important Information

#### The Company's Secretary

To comply with the listed companies' corporate governance principle related to the Board of Directors' responsibilities and Article 89/15 of the Securities and Exchange Act B.E. 2535, the Board of Directors has appointed the Company's Secretary to carry out tasks

related to the preparation and storage of documents such as directors' registry, invitations to the Board of Directors' meetings, Board's meeting reports, annual reports, invitations to shareholders' meetings, meeting reports, as well as directors'/executives' declarations

of interests, and also to supporting the Board of Directors' work to ensure the Board's effective and efficient operations for the Company's best interest.

The Board of Directors at its meeting No. 4/2023 on 7 November 2023 resolved to appoint Mr. Siri Bunpitukgate as the Company's Secretary in place of Mrs. Rarin Utakapan Punjarungroj with immediate effect. The profile of the Company's Secretary is in Appendix 1.

#### **Accounting Control Supervisor**

The Company's Vice President for Accounting and Finance, Mr. Amorn Ungsakulpreecha is directly responsible for its accounting control, his profile is in Appendix 1. Mrs. Rattana Thanormcharoen, Senior Director of Account and Finance, is the Company's accountant. She is qualified for the task pursuant to the criteria set by the Department of Business Development's announcement on accountant qualifications and conditions.

#### Head of Internal Audit

The Company's head of internal audit is Ms. Chuenkamon Tangthong, Senior Manager of the Internal Audit Department. She was appointed to the post by the Audit Committee at its meeting No. 5/2022 on 2 November 2022. Her appointment has taken effect from 16 November 2022. She is qualified for the post because she has had more than 10 years of experience in corporate internal audits, has completed internal-audit training courses, and has had a good understanding of the Company's activities and operations. The Audit Committee is responsible for considering, approving, appointing, removing and transferring the Company's internal audit head. The profile of the internal audit head is in Appendix 3.

#### Compliance

Appointed as the Company's Head of Compliance was Ms. Prairie Punsoni, Senior Director for Legal & Compliance. Her tenure started on 1 February 2024.

#### Investor relations

The Company has assigned Mrs. Siriporn Sittichainarong, manager of the Managerial Accounting and Investor Relations Department, to take charge of investor-relations affairs. Investors and members of the general public may contact Investor Relations Department via Tel: 0 2422 9999 ext. 4634, email: ir@ amarin.co.th or the Company's website: www.amarin.co.th/investor.

#### Auditor's Remuneration

The Audit Committee is responsible for nominating the Auditor by taking into account his/her independence, audit knowledge and expertise, ability to audit financial statements within a deadline, and understanding in the businesses of AMARIN Group. The nomination is presented to Board of Directors and then to shareholders' meeting for consideration and approval.

#### Audit fee

AMARIN Group hired KPMG Phoomchai Audit Ltd. as its auditor. In year 2023, total audit fees were 3,640,000 Baht. The audit fees amount to 1,550,000 Baht for the Company, and 2,090,000 Baht for subsidiary companies.

#### Non-Audit Fee

In year 2023, Subsidiary Company paid non audit fees of 60,000 Baht to KPMG Phoomchai Audit Ltd. for auditing and validating the revenue of Naiin branch.

### **Report on Key Corporate Governance Work**

### 8.1 Summary of the Board of Directors' Work in the Past Year

In 2023, the Board of Directors reviewed the Company's business policies, direction and strategies to ensure they are up-to-date and resonate with its long-term business direction. Also, the Board of Directors reviewed annual business plans and budget, adequacy of internal-control system, and the appropriateness of risk management for the goal of ensuring that the Management proceeded in line with the prescribed business policies, strategies, and plans. Moreover, the Board of Directors required that operational plans and strategies be communicated to employees. It also required that AMARIN Group's operating results be reported to it on a quarterly basis and to the Executive Committee on a monthly basis. In addition, the Board of Directors reviewed Code of Conduct, Anti-Corruption Policy, Sustainability Management Policy, and other relevant policies to ensure that they complied with the principles of good corporate governance.

### 8.1.1 Nomination, Development, and Evaluation of Directors

#### Nomination criteria for independent directors

Independent directors are key mechanisms in corporate governance. They are responsible for supporting policies that benefit shareholders and raising objection when noticing that the Company may make decisions in an untransparent manner and in the way that affects shareholders and other stakeholders. Independent directors must be independent from executives and major shareholders. Moreover, they must not get involved in or have financial / management interest in the Company's operations. For example, they must neither give nor receive financial aid to and from the Company. They must not hold any share in the Company's subsidiaries either. Also, they must not be staff or employees of major shareholders, not even holding

the advisory posts that are paid on a monthly basis.

The Board of Directors has set stricter criteria of its independent-director members' qualifications when compared with the minimum requirements of independent directors set by the SET in its announcement on the issue, which is dated 28 October 1993, and the SEC's letter No. SEC Chor (Wor) 59/2547 on definition of independent director, which is dated 1 December 2003, and the letter No. SEC Kor (Wor) 11/2552 on revision on independent directors' requirements, which is dated 16 April 2009 and specifies the qualifications of independent director under Item "7.3.1 The Audit Committee".

### Roles, Duties and Job Responsibilities of Independent Directors

- Making recommendations that are important and useful to the Company, shareholders and minor shareholders and presenting them to the Board of Directors and/or Chairman of the Executive Committee and Group Chief Executive Officer, whichever the case is;
- Giving opinions on the roles and duties of the Board of Directors to guide it about what it should do, and providing opinions in their capacity as independent directors in the interest of the Company and shareholders including minor shareholders;
- Conducting a review to ensure the Company's compliance with laws on independent directors, and revising the definition of independent directors properly and in full compliance with laws; and
- 4. Carrying out any assignment given by the Board of Directors without compromising their independence.

In 2023, no independent director had business ties with or provided professional services to the Company, its subsidiaries, associates, major shareholders or persons with controlling power over the Company.

#### **Nomination of Directors and Top Executive**

#### Nomination of directors

Pursuant to the Company's Articles of Association, the Board of Directors shall comprise 12 members. Persons nominated to the Board of Directors must come from the following transparent nomination process:

Procedure	Description
Criteria	The Nomination and Remuneration Committee shall specify the qualifications of directors, taking into account knowledge, expertise, diverse experiences, and independence.
Nomination	Nomination is done based on one of the followings:  1. A recommendation by a director;  2. A nomination proposed by minor shareholders; and  3. IOD's Director Pool
Selection	The Nomination and Remuneration Committee interviews and assesses the qualifications of candidates, with Board Skill Matrix as a selection tool.
Appointment	The Nomination and Remuneration Committee shall consider fully qualified candidates and endorse their nomination for the Board of Directors to review and present at relevant shareholders' meetings.
Reappointment	The Nomination and Remuneration Committee shall consider relevant factors such as directors' performance, meeting attendance, contributions at meetings, and participation in the Board of Directors' activities.

In the event the office of a director is vacated for any reason other than by the end of tenure, the Board of Directors may appoint a person who is qualified and does not have any prohibited characteristics under the Public Limited Companies Act to replace such director at the next Board's meeting, unless the remaining tenure of the director is less than two months. When the appointment is made in such event, the replacement shall retain the office of director only for the remaining tenure of his/her predecessor. Forthe appointment to take effect, the Board of Directors must pass a resolution with support from at least three fourths (3/4) of the number of the remaining directors.

At every annual general meeting, one-third (1/3) of the directors, or, if their number is not a multiple of three, then the number nearest to one-third (1/3) shall retire from office. The directors to retire from office in the first and second years after the registration of the Company shall be determined by drawing lots. In every subsequent year, the directors who have held the post for the longest shall retire. The retired directors

In 2023, the Nomination and Remuneration Committee considered the reappointment of four directors whose tenure just ended at the annual general meeting of shareholders in 2022. They were:

- Mrs. Metta Utakapan
   Position Chairperson
- Mr. Pramoad Phornprapha Position Independent director
- Mrs. Rarin Utakapan Punjarungroj Position Director
- Mr. Cheewapat Nathalang Position Director

#### Appointment of Directors at Shareholders' Meetings

Directors must be appointed at a shareholders' meeting through majority vote based on the following criteria and method:

- Each shareholder can exercise one vote per share he/she holds:
- 2. When voting, shareholders vote for or against candidates one by one; and
- 3. Appointment of directors require a majority vote. If two or more candidates have a draw, the Chairman of the meeting shall cast a decisive vote.

#### Nomination of Top Executive

The nomination of the Company's top executive is under the jurisdictions of the Nomination and Remuneration Committee pursuant to its charter.

#### Succession Plan

The Board of Directors has drawn up succession plans for its key high-level executive positions so as to ensure holders are transparently and properly chosen for the Company's growth and the reduction of risks /impacts from any disrupted leadership continuity. The Board of Directors is in charge of considering the appointments of executives to ensure that the Company gets professionals who can manage operations independently, free from control of major shareholders or any other shareholder. The nominations of AMARIN Group's Chief Executive Officer and other top executives proceed in line with the process prescribed by the Nomination and Remuneration Committee. Looking for qualified candidates in terms of age, abilities and experience, the committee focuses on recruiting new-generation talents with plans to groom them for career advancement and rise to executive positions. Promoted talents must pass evaluations and demonstrate their high potential. Individual development plans and challenging assignments are prepared for all staff, with rotations conducted so that they become well-rounded and develop leadership skills. Progress has been evaluated on a regular basis. AMARIN Group has developed its human resources at all levels based on this approach so as to ensure that its staff are ready to fill any position that becomes vacant within their organization and continue work with efficiency. In 2023, operational process was improved through executive-to-operation perspectives in pursuit of higher efficiency in the face of changes to distribution and service-delivery channels, especially in regard to online channels. This improvement reflects a facet of the Management's potential development

#### **Directors Orientation**

The Board of Directors has conducted orientation for every of its new directors by assigning the Company's Secretary to arrange for new directors to meet with existing directors, and high-level executives for the purpose of ensuring that new directors become aware of the Company's expectations related to their roles, duties and responsibilities, and also of the Company's policy and guideline on corporate governance. Also provided are relevant documents such as the Company's annual reports and Articles of Association so as to educate new directors about the nature of the Company's business and its operations, boosting their readiness to serve as its directors. Moreover, the Board of Directors has the policy to give new knowledge to all directors in regard to corporate governance, industry overview, and technology/innovation businesses, etc. This policy aims at enabling directors to work efficiently. In 2023, the Company did not appoint any new director. However, it sent relevant guidelines to the Board of Directors and subcommittees in order to update directors/committee members in a way that is useful to their work.

#### **Directors / Executive Development**

The Board of Directors has the policy to promote directors' continuous knowledge development with aim to enhance their performance further. In 2023, directors and executives attended seminars, training, and educational activities that increased their knowledge and abilities to carry out their work. Details are as follows:

Names of Directors / Executives	Training/Seminar/Educational Activities in 2023

#### Evaluation of Directors' Performance

The Board of Directors requires that its and committees' performance be evaluated on a yearly basis for the goal of improving work efficiency. The Corporate Governance Committee is tasked with considering and proposing evaluation guideline/forms to the Board of Directors for approval, and reporting evaluation results to the Board of Directors too. There are three evaluation forms namely:

- (1) Evaluation Form for the Board of Directors;
- (2) Evaluation Form for subcommittees; and
- (3) Evaluation Form for individual committee members. Evaluation criteria covers six topics:
- (1) Structure and directors' qualifications;
- (2) Board of Directors' meetings;
- (3) Roles, duties and responsibilities of directors;
- (4) Directors' performance;

- (5) Relationship with the Management, and
- (6) Directors' self-improvement and management training in line with the SET's evaluation forms.

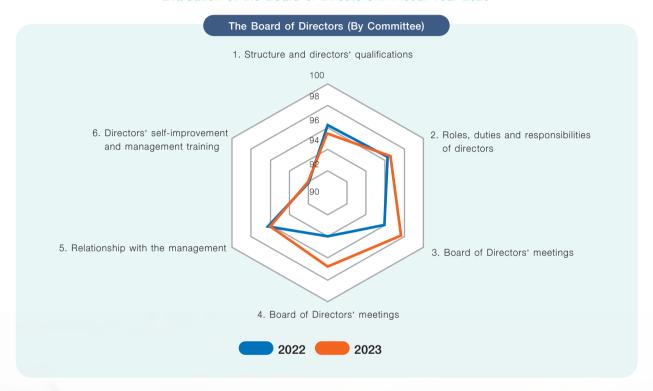

The evaluation is an important tool for assessing the appropriateness of the structure of the Board of Directors and its efficiency based on corporate governance principles. The Board of Directors shall analyze the evaluation results, make recommendations, and issue points of observations for analysis and summary in support of the formulation of a guideline to enhance its and committees' efficiency in line with changing business environment, as well as applicable criteria and regulations in an appropriate manner.

The Company has arranged for the evaluations of the Board of Directors', subcommittees' and directors' performance to take place every year.

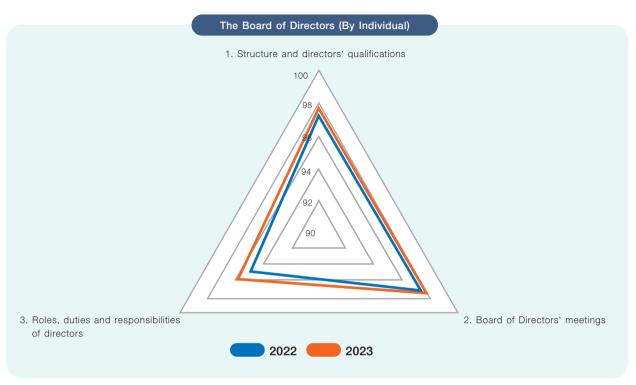

Evaluation process proceeds by the secretary of the Corporate Governance Committee as follows:

- (1) Sends evaluation forms to each director;
- (2) Compiles opinions and recommendations from
- what are written in the returned forms and submit them to the Corporate Governance Committee for review; and
- (3) Presents the information to Board of Directors.

#### Note:

- 1) Dr. Sumet Tantivejkul was appointed the Chairman of the Board of Directors on 7 November 2023.
- 2) Dr. Nithinart Sinthudeacha was appointed an independent director on 8 December 2023.
- 3) Mrs. Metta Utakapan resigned from her posts as the Chairperson of the Board of Directors and a member of the Corporate Governance Committee on 17 October 2023.
- 4) Mrs. Rarin Utakapan Punjarungroj resigned from her posts as a director, a member of the Sustainability and Risk Management Committee, a member of the Nomination and Remuneration Committee, an executive director, the Group Chief Executive Officer, and the Company Secretary on 17 October 2023.
- 5) Mr. Chokchai Punjarungroj resigned from his post as director on 17 October 2023.
- 6) Mr. Siri Bunpitukgate was appointed a director, the Group Chief Executive Officer and the Company Secretary on 7 November 2023.
- 7) Mr. Amorn Ungsakulpreecha was appointed an executive director and the Vice Prtsident for Accounting and Finance on 7 November 2023.
- 8) In 2023, the Company held a meeting of independent directors and non-executive directors on Monday 27 November 2023.

The Company has the policy to give bonus to directors based on its operating results. Regarding the bonus for directors in Fiscal Year 2023, the bonus payment was considered at the Annual General Meeting of Shareholders on 27 April 2023. At the meeting, the Nomination and Remuneration Committee and the Board of Directors proposed that meeting allowances and monthly remuneration including bonus (if any) for directors not exceed 7,000,000 baht a year. In 2023, the Company did not pay any bonus or other remuneration.

### 8.1.3 Supervision of Subsidiaries' / Associates' Operations

The Board of Directors has overseen the operations of its subsidiaries and associates for the protection of the Company's interest via the following measures:

- Promoting subsidiaries' and associates' strict compliance with the principles of good corporate governance;
- Preparing Anti-Corruption Policy for the Board of Directors, executives, supervisors, staff at all levels, and any person with business connections to the Company, its subsidiaries, and associates to strictly adhere to so as to stay away from all forms of corrupt business dealings;
- Encouraging subsidiaries and associates to organize CSR out-process;
- Considering important issues such as strategies, capital increase or reduction plans, company shutdown, and key policies;
- Monitoring the performance of subsidiaries'/ associates' management, executive committees, and boards of directors:
- 6. Ensuring that subsidiaries and associates comply with regulators' regulations on connected transactions, acquisitions and sales of assets, timely and adequate data disclosure, and that theyhandle accounting and prepare financial statements in accordance with applicable laws and generally-accepted financial reporting standards; and

 Reviewing, via internal-audit unit, to ensure that the Company adequately and effectively conducts internal control and risk management based on the principles of good corporate governance.

Agreement between the company and other shareholders for management subsidiaries and associated companies (Shareholders' Agreement)

- None -

#### 8.1.4 Supervision of Corporate-Governance Policy

### Guideline Implementation Prevention of Conflict of Interest

The Company seriously recognizes the importance of preventing conflict of interest, because such conflict may affect its business operations. Therefore, it has prepared Business Code of Conduct for directors, executives, and staff to follow.

In 2023, the Company has compiled information on connected transactions all of which being normal business transactions that support normal business operations related to trading agreements with general conditions. The information is submitted for review by the Audit Committee and the Board of Directors on a quarterly basis. The practices are in line with the SEC's and the SET's rules. In 2023, the Company did not find any transaction with interest or conflict of interest that breached its corporate governance principle or regulators' rules.

#### The Use of Inside Information for Vested Interests

The Company has governed the use of inside information for vested interest via its Business Code of Conduct. Serving as a guideline for directors, executives, and staff to follow, its content is published on the Company's website, www.amarin.co.th.

In 2023, the Company implemented a measure on its securities trading among its directors, executives (by the definition of the SEC), their spouse, and their underage children or staff who know or have inside information in possession. This measure barred them from trading the Company's securities during the one

month before the release of its financial statements and five days after the public has been informed of the information. The Company informed directors and executives of the prohibited period every quarter. If executives and directors would buy/sell the Company's shares, they must notify the Board of Directors or any person it assigns to oversee such stock trading at least one day in advance. Also, the Company assigned

its Secretary to summarize its directors' / executives' shareholding changes and report the summary to the Board of Directors for acknowledgement every quarter. In 2023, the Company's Secretary informed AMARIN Group's executives and directors in advance of the period they could neither sell no buy the Company's securities. None of executives and directors sold or bought securities during the prohibited period.

Information reporting changes in securities holdings of Directors and Executives in the year 2023 is as follows:

No. of Common Shares									
	Under thei	r own name	Under th spouse/und	Outstanding

- 2. Mrs. Metta Utakapan resigned from her post as a director on 17 October 2023.
- 3. Mrs. Rarin Utakapan Punjarungroj, the spouse of Mr. Chokchai Punjarungroj, resigned from her post as a director on 17 October 2023
- 4. Mr. Chokchai Punjarungroj, the spouse of Mrs. Rarin Utakapan Punjarungroj, resigned from his post as a director on 17 October 2023.

#### **Anti-Corruption**

The Board of Directors is committed to business transparency that is in line with laws, ethics, and the principles of good corporate governance. Also, it combats corruption out of awareness that corruption is both a legal and ethical offence. The Board of Directors formulates Anti-Corruption Policy as an operational guideline and releases its content on the Company's website, https://amarin.co.th/investor/corporate-governance, Also, it reviews this policy every year to ensure its appropriateness.

In 2023, the Board of Directors' meeting No. 5/2565 approved Anti-Corruption Policy, Whistleblowing Policy, and whistleblower protection measures. The Company communicated its Anti-Corruption Policy to staff and integrated it into orientation for new employees.

#### Whistleblowing and Whistleblower Protection

The Company has prepared channels to receive tip-off or complaints about legal violations, behaviors suggestive of corruption, or breaches of corporate governance and Business Code of Conduct. Whistleblowing Policy is also formulated as an operational guideline, with its content released on https://amarin.co.th/investor/corporate-governance. The Company reviews the policy every year to ensure its appropriateness. In 2023, the Company did not receive any complaint about legal violations or behaviors suggestive of corruption.

Whistleblowers can contact the Company via three following channels:

- Mail: The Corporate Governance Committee and/or the Company's Secretary 378 Chaiyaphruk Road, Taling Chan, Bangkok 10170
- 2. Email: id@amarin.co.th or secretary@amarin.co.th
- 3. Website: www.amarin.co.th

### 8.2 Report on the Audit Committee's Performance

The performance of the Audit Committee is shown in the "Report of the Audit Committee", which is in the front part of this Report.

### 8.3 Report on Other Subcommittees' Performance

The performance of other subcommittees is shown in the "Report of the Corporate Governance Committee, the Report of the Nomination and Remuneration Committee, the Report of the Sustainability and Risk Management Committee, and the Report of Executive Committee", which is in the front part of this Report.

#### **Internal Control**

#### and Related Transactions

#### 9.1 Internal Control

The Board of Directors has assigned the Audit Committee to review the appropriateness and effectiveness of internal control prepared by the Management as assurances that the Company and its subsidiaries have adequate and appropriate internal-control system for their operations to proceed in line with targets, goals, and laws; that their accounting system and financial reports are accurate; that measures are in place to protect their assets from mistakes or corruption or to reduce damages in such events; and that they comply with applicable laws and regulations.

The Audit Committee reviewed the adequacy of internal control in 2023 by asking for information from the Management, conducting an internal-control adequacy assessment based on the SEC's guideline, and examining audit reports of the Internal Audit Department. The Audit Committee did not find any material flaws in the internal control system. It thus had the opinion that the Company's internal-control system is adequate and suits current business operations, with enough manpower to operate the system efficiently and subsidiary monitoring system that prevents directors and executives from abusing subsidiaries' assets.

#### 9.2 Intercompany Transactions

The Board of Directors has accorded importance to the review of intercompany transactions, related transactions and transactions that may involve conflict of interest, which are submitted for approvals. In regards to its transactions, the Company has taken the following actions:

### 1. Transactions made between the Company and its subsidiary (subsidiaries)

Amarin Printing and Publishing Public Company Limited has several firms under its umbrella. Transactions made between the Company and its subsidiaries are conducted on the basis of fair and arm's length. This principle applies to all intercompany transactions including sales, service delivery, selling and purchasing of raw materials/products, extension of financial help, and personnel support. Staff and all relevant parties must comply with laws, regulations issued by state agencies, company rules, and other conditions set by local authorities when handling intercompany transactions.

#### 2. Transactions with Outsiders

The Company has conducted transactions with outsiders or other firms in a legitimate and transparent manner, fulfilling all conditions that have been agreed upon. Also, the Company has avoided transactions that may cause damages or trouble to outsiders. Before conducting a transaction that requires prior approvals from the Board of Directors or shareholders' meetings, the Management presents the planned transaction to the Board of Directors or a shareholders' meeting for reviews and approvals in line with applicable criteria or laws. The Company has also disclosed information to investors in a transparent manner. Aside, board members or executives who have interests in planned transactions shall not take part in the process to review and approve the said transactions.

#### 3. Related Transactions

The Company has the policy to comply with the Capital Market Supervisory Board announcement on related transactions and the SEC's announcement on listed companies' data disclosure and operations in regards to related transactions. Also, the Company has the policy to strictly adhere to applicable laws, regulations, announcements and orders with its Audit Committee tasked with reviewing related transactions.

In all, the Company has handled its related and intercompany transactions as follows:

- For normal transactions, the Company considers them based on normal business practice and used the same criteria as transactions done with outsiders/general customers.
- For support transactions, the Company considers them based on normal business practice and seeks remuneration based on price references or clear rates.
- 3. For transactions involving assets or services, the Company considers them by assessing the total value of rewards it will receive or will give using the book value or market value of assets or services involved. Examples of such transactions are those related to the selling and buying of shares for business investments.
- 4. For financial-help transactions, which surround the giving or receipt of financial help, the Company conducts a careful and fair review for its best interest. Also, it proceeds in line with reasonable business practice principle.

#### Connected Transaction Policy and Tendency

As the Company's transactions are done on the arm's length basis and support normal business operations. it is likely that such connected transactions will be done in the future too. The Company's policy on connected transactions allows connected transactions that are normal transactions or reasonable and necessary transactions supporting the Company's normal operations under terms made on the arms' length basis and at market prices. Even when transactions are conducted with related parties, the Company shall treat them just or almost like outsiders with a focus on the best interests of the Company and its shareholders. Under the policy, approval process is fair and complies fully with the Company's Corporate Governance Policy and connected-transaction criteria and process.

The Company requires all its board members, executives and staff including those of its subsidiaries to strictly comply with laws and regulations.

In 2023, the Company did not commit any breach in regard to related and intercompany transactions. There was also no connected transaction that required approval from shareholders as per SET requirements. Aside, the Company did not extend any financial help to any company that was not its subsidiary as shown in the 2023 financial statements according to Note 3. In 2023, the Company's transactions with subsidiaries and persons with potential conflict of interest were as follows:

#### 1. Normal transactions with subsidiaries as of 31 December 2023

### Amarin Corporations Public Company Limited and its Subsidiaries (formerly Amarin Printing and Publishing Public Company Limited and its Subsidiaries)

Financial statements for the year ended 31 December 2023 and Independent Auditor's Report

#### **Independent Auditor's Report**

## To the Shareholders of Amarin Corporations Public Company Limited (formerly Amarin Printing and Publishing Public Company Limited)

#### Opinion

I have audited the consolidated and separate financial statements of Amarin Corporations Public Company Limited and its subsidiaries (the "Group") and of Amarin Corporations Public Company Limited (the "Company"), respectively, which comprise the consolidated and separate statements of financial position as at 31 December 2023, the consolidated and separate statements of comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

In my opinion, the accompanying consolidated and separate financial statements present fairly, in all material respects, the financial position of the Group and the Company, respectively, as at 31 December 2023 and their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards (TFRSs).

#### Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing (TSAs). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements* section of my report. I am independent of the Group and the Company in accordance with the *Code of Ethics for Professional Accountants including Independence Standards* issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that is relevant to my audit of the consolidated and separate financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of my audit of the consolidated and separate financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

The recognition of revenue from rendering of services

Refer to Note 15

#### The key audit matter

The Group derives revenue from providing difference types of services through various channels. The service agreements with customers, contain a variety of terms and conditions regarding the type and scope of services, the pricing arrangement, as well as sales promotion incentives and discounts. These factors affect the amount and timing of revenue recognition. This area requires judgement with regard to the combination or separation of performance obligations under each contract as well as the appropriate amount and timing of revenue recognition for each performance obligation. The Group's revenue, and operating results derived from it, are key in the decisions users of the financial statements. Therefore, this area is a key audit matter.

#### How the matter was addressed in the audit

The audit procedures included the following:

- Understand and evaluate the design and effectiveness of internal control over revenue recognition;
- Applying a sampling method to select service agreements to assess whether revenue recognition was consistent with the terms and conditions of the relevant agreements, including the appropriateness of the combination or separation of performance obligations under each contract as well as the appropriate amount and timing of revenue recognition for each performance obligation;
- Perform testing on a sampling basis to evaluate revenue recognised during the year and in the periods immediately before and after the year with related documents;
- Perform analysis on revenue by comparison with historical data; and
- Evaluating the adequacy of the financial statements' disclosures in accordance with Thai Financial Reporting Standards.

#### Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated and separate financial statements and my auditor's report thereon. The annual report is expected to be made available to me after the date of this auditor's report.

My opinion on the consolidated and separate financial statements does not cover the other information and I will not express any form of assurance conclusion thereon.

In connection with my audit of the consolidated and separate financial statements, my responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the correction be made.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with TFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

My objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with TSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with TSAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
  activities within the Group to express an opinion on the consolidated financial statements. I am responsible
  for the direction, supervision and performance of the group audit. I remain solely responsible for my audit
  opinion.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

(Sasithorn Pongadisak) Certified Public Accountant Registration No. 8802

KPMG Phoomchai Audit Ltd. Bangkok 22 February 2024

These English language financial statements have been prepared from the Thai language statutory financial statements, and were approved and authorised for issue by the Board of Directors on 22 February 2024.

#### 1 General information

Amarin Corporations Public Company Limited, the "Company", is incorporated in Thailand and was listed on the Stock Exchange of Thailand in June 1993. The Company's registered office at 378, Chaiyapruk Road, Kwang Talingchan, Khet Talingchan, Bangkok.

On 24 May 2023, the Company registered the amendment of the Company's name with the Ministry of Commerce from "Amarin Printing and Publishing Public Company Limited" to be "Amarin Corporations Public Company Limited".

In October 2023, Siribhakditham Company Limited acquired 13.86% of the Company's shares from Utakapan's family which was the second major shareholder. As a result, the major shareholders of the Company has changed to Vadhanabhakdi Company Limited (60.35% shareholding) and Siribhakditham Company Limited (13.86% shareholding). Both companies are incorporated in Thailand.

The principal activities of the Company are the publishing, advertising and distribution of publications. The principal activities of the Group are publishing, advertising, producing and distribution of publications and producing television programmes, broadcasting and advertising through digital television.

Amarin Television Co., Ltd., a subsidiary, was granted a digital television license for operating a national commercial digital terrestrial television broadcasting service in high-definition variety category for a period of 15 years, commencing from 25 April 2014 to 24 April 2029.

#### 2 Basis of preparation of the financial statements

The financial statements are prepared in accordance with Thai Financial Reporting Standards ("TFRS"), guidelines promulgated by the Federation of Accounting Professions and applicable rules and regulations of the Thai Securities and Exchange Commission. The financial statements are presented in Thai Baht, which is the Company's functional currency. The accounting policies, described in the notes, have been applied consistently to all periods presented in these financial statements.

The consolidated financial statements relate to the Company and its subsidiaries (together referred to as the "Group") and the Group's interests in associates. The preparation of financial statements in conformity with TFRS requires management to make judgements, estimates and assumptions that affect the application of the Group's accounting policies. Actual results may differ from these estimates. Estimates and underlying assumptions that are described in each note are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

#### 3 Related parties

A related party is a person or entity that has direct or indirect control or joint control, or has significant influence over the financial and managerial decision-making of the Group; a person or entity that is under common control or under the same significant influence as the Group; or a person or entity over which the Group has direct or indirect control or joint control or has significant influence over the financial and managerial decision-making.

#### 5 Trade accounts receivables

#### Accounting policy

A trade receivable is recognised when the Group has an unconditional right to receive consideration. A trade receivable is measured at transaction price less allowance for expected credit loss. Bad debts are written off when incurred.

The Group estimates lifetime expected credit losses (ECLs), using a provision matrix to find the ECLs rates. This method groups the debtors based on shared credit risk characteristics and past due status, taking into account historical credit loss data, adjusted for factors that are specific to the debtors and an assessment of both current economic conditions and forward-looking general economic conditions at the reporting date.

Information of credit risk is disclosed in note 20 (b.1).

#### 6 Inventories

#### Accounting policy

Inventories are measured at the lower of cost and net realisable value. Cost includes direct costs incurred in acquiring the inventories. In the case of manufactured inventories and work-in-progress, cost is calculated using standard cost adjusted to approximate average cost and includes an appropriate share of production overheads based on normal operating capacity. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs to complete and to make the sale.

Cost is calculated using the followings:

Finished goods	- Specific cost
Television programs	- Represent the production costs for both in progress and
	completed. Costs of the programmes consist of expenses which
	directly related to the production, are recognised as costs when
	the programmes are broadcasted
Work in progress	- Represent the actual production costs based on stage of
	completion by specific cost
Raw materials and supplies	- First in first out

A right to recover returned products is recognised when the products are expected to be returned by customers and measured by reference to the former carrying amount of the sold inventories less any expected costs to recover those products.

#### 8 Investments in associates

#### Accounting policy

Associates are those entities in which the Group has significant influence, but not control or joint control, over the financial and operating policies.

The Group recognised investments in associates using the equity method in the consolidated financial statements. They are initially recognised at cost, which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's dividend income and share of the profit or loss and other comprehensive income of equity-accounted investees, until the date on which significant influence ceases.

Investments in associates in the separate financial statements are measured at cost less allowance for impairment losses. Dividend income is recognised in profit or loss on the date on which the Company's right to receive payment is established. If the Company disposes of part of its investment, the deemed cost of the part sold is determined using the weighted average method. Gains and losses on disposal of the investments are recognised in profit or loss.

#### 9 Investments in subsidiaries

#### Accounting policy

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases. Intra-group balances and transactions, and any unrealised income or expenses arising from intra-group transactions, are eliminated on consolidation. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

At the acquisition date, the Group measures any non-controlling interest at its proportionate interest in the identifiable net assets of the acquiree.

When the Group loses control over a subsidiary, it derecognises the assets and liabilities, any related non-controlling interests and other components of equity of the subsidiary. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

Investments in subsidiaries in the separate financial statements are measured at cost less allowance for impairment losses. Dividend income is recognised in profit or loss on the date on which the Group's right to receive payment is established. If the Company disposes of part of its investment, the deemed cost of the part sold is determined using the weighted average method. Gains and losses on disposal of the investments are recognised in profit or loss.

#### 10 Property, plant and equipment

#### Accounting policy

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes capitalised borrowing costs and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

Differences between the proceeds from disposal and the carrying amount of property, plant and equipment are recognised in profit or loss.

#### Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

#### Depreciation

Depreciation is calculated on a straight-line basis over the estimated useful lives of each component of an asset and recognised in profit or loss. No depreciation is provided on freehold land and assets under construction.

The estimated useful lives are as follows:

Buildings and building improvements	8 - 40	years
Machinery and equipment	5 - 10	years
Production and broadcast equipment	2 - 10	years
Tools and equipment	5	years
Furniture, fixtures and office equipment	3 - 5	years
Vehicles	5 - 7	years
Systems	5 - 10	years

#### 11 Digital television license

#### Accounting policy

The carrying amount of digital television licence consists of expenditures that are directly attributable to the acquisition of a license for operating a national commercial digital terrestrial television broadcasting service in high-definition variety category, and is measured at cash price equivalent by discounting the future instalments to present value using a market discount rate. The asset is stated at cost less accumulated amortisation and impairment losses. The difference between the cash price equivalent and the total payments to be made is recognised as an interest expense over the licence fee payment periods. The asset is amortised from the date at which it is ready to provide services.

Amortisation is calculated on a straight-line basis over the estimated useful lives and recognised in profit or loss. The estimated useful life of digital television license is 15 years.

#### 12 Goodwill

#### Accounting policy

Goodwill is measured at the acquisition date as the fair value of the consideration transferred including the recognised amount of any non-controlling interest in the acquiree, less net fair value of the identifiable assets acquired and liabilities assumed.

Goodwill is measured at cost less accumulated impairment losses. In respect of equity-accounted investee, the carrying amount of goodwill is included in the carrying amount of the investment.

#### Impairment losses

The carrying amounts of the Group's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the assets' recoverable amounts are estimated. For goodwill, the recoverable amount is estimated each year at the same time. An impairment loss is recognised in profit or loss if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount, unless it reverses a previous revaluation credited to equity, in which case it is charged to equity. For an asset that does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the cash-generating unit to which the asset belongs. Impairment losses of assets recognised in prior periods is reversed if there has been a change in the estimates used to determine the recoverable amount (except an impairment loss in respect of goodwill is not reversed) but only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

The recoverable amount is assessed from the estimated future cash flows discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

	(in thousa	nd Baht)
Goodwill from business combination - Amarin Book Center	189,779	189,779

The recoverable amount of this CGU was based on fair value less costs of disposal, estimated using discounted cash flows. The fair value measurement was categorised as a Level 3 fair value.

The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industries and have been based on historical data from both external and internal sources.

	Consoli	dated
	financial st	atements
	2023	2022
	(%	)
Discount rate	15.22	12.67
Terminal value growth rate	0.00	0.00

The discount rate was a pre-tax measure estimated based on the rate of 5 years government bonds issued by the government in the relevant market and in the same currency as the cash flows, adjusted for a risk premium to reflect both the increased risk of investing in equities generally and the systematic risk of the specific CGU.

The cash flow projections included specific estimates for five years and a terminal growth rate thereafter. The terminal growth rate was determined based on management's estimate of the long-term compound annual EBITDA growth rate, consistent with the assumptions that a market participant would make.

Budgeted EBITDA was estimated taking into account past experience, adjusted as follows.

- Revenue growth was projected taking into account the average growth levels experienced over the
  past five years and the estimated sales volume and price growth for the next five years. It was assumed
  that the sales price would increase in line with forecast inflation over the next five years.
- Significant one-off environmental costs have been factored into the budgeted EBITDA. Other environmental costs are assumed to grow with inflation in other years.

The estimated recoverable amount of each CGU exceeded its carrying amount therefore no impairment losses to be recognised as of 31 December 2023 and 2022.

#### 13 Non-current provisions for employee benefits

#### Accounting policy

Defined contribution plans

Obligations for contributions to the Group's provident funds are expensed as the related service is provided.

#### Defined benefit plans

The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligations is discounted to the present value, which performed by a qualified actuary using the projected unit credit method

Remeasurements of the net defined benefit liability, actuarial gain or loss are recognised immediately in other comprehensive income. The Group determines the interest expense on the net defined benefit liability for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period, taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurements are recognised in profit or loss in the period in which they arise.

Termination benefits are expensed at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the end of the reporting period, then they are discounted.

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### Defined benefit plan

The Group and the Company operate a defined benefit plan based on the requirement of Thai Labour Protection Act B.E 2541 (1998) to provide retirement benefits to employees based on pensionable remuneration and length of service. The defined benefit plans expose the Group to actuarial risks, such as longevity risk, interest rate risk and market (investment) risk.

#### 14 Legal reserve

Section 116 of the Public Limited Companies Act B.E. 2535 (1992) Section 116 requires that a public company shall allocate not less than 5% of its annual net profit, less any accumulated losses brought forward, to a reserve account ("Legal reserve"), until this account reaches an amount not less than 10% of the registered authorised capital. The legal reserve is not available for dividend distribution.

During the year ended 31 December 2023, the Group and the Company appropriated the legal reserve of Baht 10.00 million (2022: Baht 10.00 million).

#### 15 Segment information and disaggregation of revenue

#### Accounting policy

#### (1) Revenue recognition

Revenue is recognised when a customer obtains control of the goods or services in an amount that reflects the consideration to which the Group expects to be entitled, excluding those amounts collected on behalf of third parties, value added tax and is after deduction of any trade discounts and volume rebates.

Revenue from sales of goods is recognised on the date on which the goods are delivered to the customers. For the sales that permit the customers to return the goods, the Group estimates the returns based on the historical return data, does not recognise revenue and cost of sale for the estimated products to be returned.

Revenue for rendering of services is recognised over time as the services are provided. The related costs are recognised in profit or loss when they are incurred.

Revenue from television programmes is recognised over time or point in time as the services are provided. The related costs are recognised in profit or loss when they are incurred. Revenue from television programmes is as follows:

- revenue from television programmes represents the service income from advertising and airtime rental are recognised when services are rendered and programs broadcast; and
- the income from production of television programs which is recognised when the production is completed and delivered.

For bundled packages, the Group recognises revenue from sales of products and rendering of services separately if a product or service is separately identifiable from other items and a customer can benefit from it or the multiple services are rendered in different reporting periods. The consideration received is allocated based on their relative stand-alone selling prices.

For customer loyalty programmes that the Group offers to customers, the consideration received is allocated based on the relative stand-alone selling price of the products and the loyalty points. The amount allocated to the loyalty points is recognised as contract liabilities and revenue is recognised when loyalty points are redeemed or the likelihood of the customer redeeming the loyalty points becomes remote. The stand-alone selling prices of the points is estimated based on the discount provided to customers and the likelihood that the customers will redeem the points. The estimate is reviewed at the end of the reporting period.

For the contracts that the Group is arranging for the provision of the goods or services on behalf of its customers and does not control the goods or services before the primary sellers or service providers will provide the goods or services to the customers. The Group acts in the capacity of an agent and recognises the net amount of consideration as commission revenue when its obligation to arrange for the provision of the specified good is fulfilled.

Barter income arises from the exchange of different goods or service, which is recognised at fair value of those goods or service in exchange. Except for the exchange of advertising service which is recognised at fair value of those advertising service in exchange.

#### (2) Contract balances

Contract assets are recognised when the Group has recognised revenue before it has an unconditional right to receive consideration. The contract assets are measured at the amount of consideration that the Group is entitled to, less allowance for expected credit loss. The contract assets are classified as trade receivables when the Group has an unconditional right to receive consideration.

Contract liabilities including advances received from customers are the obligation to transfer goods or services to the customer. The contract liabilities including advances received from customers are recognised when the Group receives or has an unconditional right to receive non-refundable consideration from the customer before the Group recognises the related revenue. For the advances that contain a significant financing component, they include the interest expense accreted on the contract liability under the effective interest method. The Group uses the practical expedient which is to not adjust the consideration for any effects of a significant financing component for the contract for which the period is 12 months or less.

#### (a) Segment information

Segment results that are reported to the Group's Chief Executive Officer include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Management determined that the Group has three reportable segments which are the Group's strategic divisions for different products and services, and are managed separately because they require different technology and marketing strategies. The following summary describes the operations in each of the Group's reportable segments.

- Segment 1 Production of printing and distributions of books
- Segment 2 Organization exhibitions and advertising through printing and online media
- Segment 3 Production and providing services through television media

Each segment's performance is measured based on segment profit before tax, as included in the internal management reports that are reviewed by the Group's CODM. Segment profit before tax is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

During 2023, the Group has contributed provident funds for its employees amounting to Baht 18.16 million and Baht 9.30 million, respectively (2022: Baht 17.63 million and Baht 8.68 million, respectively), which included in employee benefit expenses.

#### 17 Income tax

#### Accounting policy

Income tax expense for the year comprises current and deferred tax, which is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax is recognised in respect of the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the temporary differences: the initial recognition of goodwill; the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor

taxable profit or loss; and differences relating to investments in subsidiaries and joint ventures to the extent that it is probable that they will not reverse in the foreseeable future.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities, using tax rates enacted or substantively enacted at the reporting date. Current deferred tax assets and liabilities are offset in the separate financial statements.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

#### 20 Financial instruments

#### Accounting policy

#### (1) Classification and measurement

Financial assets and financial liabilities (except trade accounts receivables (see note 5)) are initially recognised when the Group becomes a party to the contractual provisions of the instrument, and measured at fair value plus or minus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition.

On initial recognition, a financial asset is classified as measured at: amortised cost; fair value through other comprehensive income (FVOCI); or FVTPL. Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified prospectively from the reclassification date.

On initial recognition, financial liabilities are classified as measured at amortised cost using the effective interest method or FVTPL. Interest expense, foreign exchange gains and losses and any gain or loss on derecognition are recognised in profit or loss.

Financial assets measured at amortised costs are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by expected credit losses. Interest income, foreign exchange gains and losses, expected credit loss and any gain or loss on derecognition are recognised in profit or loss.

#### (2) Derecognition and offset

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

The difference between the carrying amount extinguished and the consideration paid is recognised in profit or loss.

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and the Group intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

#### (3) Impairment of financial assets other than trade accounts receivables

The Group recognises allowances for expected credit losses (ECLs) on financial assets measured at amortised cost.

The Group recognises ECLs equal to 12-month ECLs unless there has been a significant increase in credit risk of the financial instrument since initial recognition or credit-impaired financial assets, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

ECLs are a probability-weighted estimate of credit losses based on forward-looking and historical experience. Credit losses are measured as the present value of all cash shortfalls discounted by the effective interest rate of the financial asset.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 90 - 120 days past due, significant deterioration in credit rating, significant deterioration in the operating results of the debtor and existing or forecast changes that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

The Group considers a financial asset to be in default when:

- the debtor is unlikely to pay its credit obligations to the Group in full, without recourse by the Group takes action such as realising security (if any is held); or
- the financial asset is more than 90 120 days past due.

#### (4) Write offs

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering. Subsequent recoveries of an asset that was previously written off, are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

#### (5) Interest

Interest income and expense is recognised in profit or loss using the effective interest method. In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired). However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

#### (6) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are based on unobservable input.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price - i.e. the fair value of the consideration given or received.

#### (a) Carrying amounts and fair values

As at 31 December 2023 and 2022, the carrying amount of financial assets and liabilities are reasonable approximation of fair value.

#### (b) Financial risk management policies

#### Risk management framework

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring the Group's risk management policies. The committee reports regularly to the board of directors on its activities.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Group audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

#### (b.1) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investments in debt securities.

#### (b.1.1) Trade accounts receivables and contract assets

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate.

The risk management committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's commercial terms and conditions are offered. The Group's review includes external ratings, if they are available, financial statements, credit agency information, industry information and in some cases bank references. Sale limits are established for each customer and reviewed quarterly. Any sales exceeding those limits require approval from the risk management committee.

The Group limits its exposure to credit risk from trade accounts receivables by establishing a maximum payment period of 3 - 4 months. Outstanding trade receivables are regularly monitored by the Group. An impairment analysis is performed by the Group at each reporting date. The provision rates of expected credit loss are based on days past due for groupings of various customer segments with similar credit risks to reflect differences between economic conditions in the past, current conditions and the Group's view of economic conditions over the expected lives of the receivables.

Information relevant to trade accounts receivables and contract assets are disclosed in note 5 and 15, respectively.

#### (b.1.2) Investment in debt securities

The Group considers that all debt investments measured at amortised cost have low credit risk. Then the credit loss allowance assessed during the year was therefore limited to 12

months expected losses or 'low credit risk'. Marketable bonds are considered to be an investment grade credit rating published by external credit rating agencies. The credit risk of other instruments are considered to be low when the risk of default is low and the issuer has a strong capacity to meet its contractual cash flow obligations.

#### (b.1.3) Cash and cash equivalent

The Group's exposure to credit risk arising from cash and cash equivalents is limited because the counterparties are banks and financial institutions which the Group considers to have low credit risk.

#### (b.2) Liquidity risk

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

The following table shows the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted and include contractual interest payments and exclude the impact of netting agreements.

		Consolidated fina	ncial statements	S

Lease liabilities	2,430	(1,347)	(1,153)	(2,500)

#### (b.3) Market risk

The Group is exposed to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is as follows:

#### (b.3.1) Foreign currency risk

The Group is exposed to foreign currency risk relating to purchases of copyright which are denominated in foreign currencies. The Group primarily utilizes forward exchange contracts with maturities of less than one year to hedge such financial assets and liabilities denominated in foreign currencies. The forward exchange contracts entered into at the reporting date also relate to anticipated purchases, denominated in foreign currencies, for the subsequent period.

	Componented	, Separate
Exposure to foreign currency	financial statements	
At 31 December	2023	2022
	<b>United States Dollars</b>	
	(in thousa	nd Baht)
Accrued expenses	360	388

Consolidated / Separate

#### (b.3.2) Interest rate risk

Interest rate risk is the risk that future movements in market interest rates will affect the results of the Group's operations and its cash flows. The Group has no loans so the Group has low interest rate risk. The sensitivity impact to the increase or decrease in interest expenses from borrowings, as a result of changes in interest rates is immaterial on financial statements of the Group.

#### 21 Capital management

The Board of Directors' policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board regularly monitors the return on capital, by evaluating result from operating activities divided by total shareholders' equity, excluding non-controlling interests and also monitors the level of dividends to ordinary shareholders.

#### Significant agreements

Lease agreement for using the digital terrestrial television network with the Army Radio and Television

The subsidiary has commitment under the lease agreement for using the digital terrestrial television network with the Army Radio and Television for a period of 14 years and 5 months (from 17 January 2014 to 31 May 2028). The subsidiary has obligations to pay the service fee amounting to Baht 9.54 million per month (2022: Baht 10.50 million per month). The Office of the National Broadcasting and Telecommunications Commission ("NBTC") provides a subsidy for this digital terrestrial television network rental expenditures according to actual amount actual amount as specified in the agreement which is not exceeded at the rate of NBTC approval. During the year ended 31 December 2023, the subsidiary received the support of the total amount of rental expenditures in accordance with a national commercial digital terrestrial television broadcasting network service and expenses for transmission of TV signals that are provided in general with satellite from NBTC and recognised in account "Other income" amounting to Baht 114.48 million (2022: Baht 125.37 million) in the consolidated statement of comprehensive income.

#### Signals combining service agreement

The subsidiary has entered into the agreements with 2 local companies to employ the service in combining both video and audio television signals, along with other related services, including TV signals compression and transmission of TV signals to a and Ku-band satellite for a period from 11 September 2023 to 10 September 2024. The subsidiary has to pay the service fee as specified in the agreement. When the tenure expired and neither party express the intention to terminate the agreement, the agreement is considered to be extended.

#### 23 Event after the reporting period

At the Board of Directors' meeting of the Company held on 22 February 2024, the Board of Directors resolved to propose to the Annual General Meeting of the shareholders of 2023 to approve the appropriation of dividend of Baht 0.18 per share, amounting to Baht 179.69 million.
